controlled and far more effectual remedy than any effectual remedy than any effectual remedy than any other. Those who have the tried it, know that it cured them; those who have not know that it cures their neighbors and friends, and all know that it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise frem their use in any quantity.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

markable cures of the following complaints, but such cures are known in every neighborhood, and we need not cure are known in every neighborhood, and we need not cure are known in every neighborhood, and we need not cure are known in every neighborhood, and we need not cure in the Tor Dropes and Dropescal Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken, as it produces the desired affect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangemer texists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Its use, fairly tried, will soon restore the tone of the discetive organs, invigorate the blood, give general rotundity to the figure and add energy to the mind and nervous system. Its value has been remarkably evidenced by its wonderful restorative powers, when ordinary tonics had been vainly oxhausted. PORT OF PHILADELPHIA—DECEMBER 16.

This wave receded and came in no less than six times; slewed her keel, causing her to leak considerably, which was subsequently temporarily repaired.

One of the Monongabela's officers in describing the earthquake, states that the wave struck the vessel amidably, the first one carrying her up into the town and into a storehouse. The second one landed her high and dry in one of the principal streets of the place, where she now lies, a monument of the vast devastation committed. Four men of the Monongabela's crew were drowned, and one had his skull fractured, from the effect of which he has since died.
