board the captain and crew of the British brig

West, the vessel got hove down in a severe

gale from the southwest. At 8 P. M. one of the sailors, named George Goodchild, fell from the top-gallant yard to the forecastle, breaking one of his legs, and knocking him senseless. He

seemed to revive. He spoke a few words to sor

one near him, and expired. At 9 P. M. the galand increased in fury. The vessel ran before

until the sea broke into her so severely that st

could not send any longer. At 10 o'clock she hove to under a blance-reefed maiusail, which, however, was soon blown to pieces.

The captain then rigged a strip of canvass in the

main-rigging, but the sea was running so high it was soon carried away. She got hove down and

kept going down further until the captain was confident she could not come up again, it something were not done. He

rel righted and rode out the storm. The main mast, when going by the board, ran back through the after-house, tearing it all to pieces. Every-tting on deck was swept away, and the crew re-mained on the wreck until December 9th, when

they were picked up by the park A.vina...
