Thou brooklet, silver-bright and clear, Forever past me swiftly flowing, Musing, upon thy banks I stand, Where com'st thou from and whither go "From the deep dark rock my waters break; Mid flowers and moss my course I take; And in my mirror reflected lies The friendly image of mild blue skies.

With merry thoughts I've sported hither; They lead me on, I know not whither; But He who called me from my source, He, I believe, will guide my course." -----

A YFR'S CHERRY PECTORAL, FOR DISEASES OF A THE THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOTING COUGH, BKONCHITTS, ASTHMA AND CONSUMPTION. Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confi-dence of mankfud, as this excellent remedy for pulmo-nary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various af-fections of the lungs and throat, have made it known as reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for in-cipient consumption, and the dangerous affections of the liront and lungs. As a provision sgainst sudden attacks of *Croxy*, it should be kroy to nhand in avery family, and indeed as all are sometimes subject to colds and cougha, all should be provided with this antidoto for them. Although settled *Consumption* is thought incurable, still great numbers of *cases* where the disease seemed settled, have been completely cured, and the patient re-stored to sound health by the *Cherry Pectorat*. Bo com-plete is its mastery over the disorders of the Jungs and Throat, that the nost obtinate of the diser of the Jungs and they subside and disappear. *Singers and Public Speakers* find great protection from it. *Asthma* is always relieved and often wholly cured by it.

they subside and disappear. Singers and Public Speakers find great protection from it.
 Asthmat is always relieved and often wholly cured by it. Bronchitts is generally cured by taking the Cherry Pre- toration small and frequent doses.
 So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.
 AYER AGUE CURE, FOR FEVER AND AGUE IN TERMITTENT FEVER, CHILL FEVER, REMIT. As its name implies, it does Cure and does not fail. Con- taining neither Arenic, Quine, Bismuth, Zine, nor any other minerial or poleonoussubstance whatever, it in no- wise in the ague districts are literally boyond ac- count, and we believe without a parallel in the history of Ague incidicine. Our pride is gratified by the acknowl edgments we receive of the radical cures effected in ob- etinate cases, and where other remedies had wholly failed. Unacultantic localities, will be protested by taking the ACUE CURE daily. For LIVER COMPLAINTB, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver, into healthy activity. For Billious Disorders and Liver Complaints, it is an ex- edient remedy, noducing many truly remarkable cures, where other medicines had failed. TPRICE, \$100 PER BOTTLE. J. MARIS &
