Of late it has been widely maintained, and even now, with an air of authority, that the novelist drew only on his imagination for their ideal, and had not any living prototypes in his mind's eye. The writer is in a position to state a few facts which may throw light on the subject, and he is glad to do so while Mr. Dickens is here. Allowing for a little high-coloring and "the bringing out into bolder relief" of certain personal peculiarities, the late eminent merchants, William and Daulel Grant, of Manchester, were, to all intents—in simplicity, sincerity, and most noble and unostentatious benevolence—the Brothers Cheeryble of actual life when and before "Nicholas Nicklester, were, to all intents—in simplicity, sincerity, and most noble and unostentatious benevolence—the Brothers Cheeryble of actual life when and before "Nicholas Nicklester, while one had only to call in at the Grants' place of business, in Caunon" A roge elephant is like a rogue among us 40 Cents Per Pound. In the depths of the forests of India and Ceylon, large numbers of elephants trayel in company, from place to place, in search of water, or browse together in the friendliest way; and any one who chanced to see them, if he did not know their habits, would suppose they were a single herd. But, on the first sign of danger, he would note the fact that the elephantine registrement was made up of family companies, who was ready to return to California. The whole would at once form into an independent body, and obey each its own chosen leader.

These leaders are said to be elected by "impartial suffrage." There is no distinction of account of "sax or color"—for the females are eligible to this high office if they show themselves fit for the position.
