points in regard to the glacial theory and other subjects were established, and the whole vast ble time in its erection, and over a million whom some of us had known as occupying stations of trust and honor, men of large subjects were established, and the whole vast valley of the Amazon was laid open to the knowledge of the rest of the world as it has never been before. We had marked many passagcs of this volume for quotation, but our space forbids. It is full of the meidents and re-sults of this remarkable journey and will be sought with avidity by all who appreciate a rot surprised to hear that the first edition of it is almost exhausted, before its publication has been fairly announced. It is for sale by G. W. Pitcher. almost exnausted, octore its publication has been fairly announced. It is for sale by G. W. Pitcher. "Guild Court, a London Story," is a very read-able book, by George MacDonald, author of "Alec Forbes" and other works. The scene of the story is exclusively in the middle and lower walks of London life, but the reader is introduced to geveral very original and interesting charac-ters. We particularly admire the Rev. Fuller, and sweeping in its character that it seems ters. We particularly admire the Rev. Fuller, ters. We
