Monday, February 17, 1868.

THE GIRARD COLLEGE CASE. The radical change in the administration of Girard College, contemplated by the proceedings commenced in the Supreme Court, has attracted universal attention. The proposition to remove the whole control of the and vest it in the Supreme Court, of the State is a startling one, and will naturally excite a strong opposition on the part of many of those at present most intimately connected with between those who are worthily discharging Texas. the Trust and those who. are merely using it A precisely similar reform is now proposed wending his way to Philadelphia when scarcely the Trust and those who. are merely using it for their own selfish or corrupt purposes. Many gentlemen might be named, both in the Board of Directors of Girard College and in other departments of the Trust, who are as pure and as capable as any who could be se-pure and as capable as any who could be se-dollars a pound sterling. The American five dollars a pound sterling a temporary hardship upon these gentlemen | dollar piece will then pass all over the world | delphia and started the Public Ledger. Like to be connected with legal proceedings of this either as five dollars, or as a pound sterling, most newspaper enterprises, the Ledger had to sort. This, however, seems to be a necessity, or as twenty-five francs, and will be legal struggle hard to keep afloat during the early and should the Supreme Court grant the tender as such in England, France and all period of its existence, and while all the proand should the bupiche court grant the tender as such in England, France and an prietors, who were practical printers, labored duty to reappoint those who by common with the new system. Thus all international undoubtedly the master spirit of the concern. consent are free from complicity with the business will be cleared of its intricacy, and we After determined effort and the most laborious abuses complained of. The proposed reform shall have a reform of just the same character and untiring exertions, the paper became an asappears to be the immediate result of the mis- in the world's business as that which we sured success, and its proprietors then extended conduct of the ten Directors who occupy have effected with so much satisfaction their business and turned their attention in other such an unpleasant prominence before the locally. community from their treatment of the late Such a measure comes with peculiar ad- lished in Baltimore, and Mr. Abell fixed his resicommunity from their treatment of the late President of the College, Major Smith. Those who complain of the movement now inaugur-rated must hold those ten Directors chiefly responsible for placing the management of the dollar is wholly unimportant now, as we change necessary to be made in the value of the dollar is wholly unimportant now, as we are off a specie basis, and it is of no real con-use of machiner to community for the extension and imthe College before the public in such a light sequence whether, when we return to coin. provement of the magnetic telegraph.
