For you well recollect how dreadfully I was reaided in both legs by steam and hot water, so much so that the firsh came of at least one-half inch in thickness; and by the use of your Cintment, and that alone, in a few weeks I was entirely restored, and am now as well as ever; not a muscle or leader contracted, and hardly a sear is left. There is no telling the amount of suffering it would relieve, if it was freely used in scales or barns of any kind. By referring persons to me, I can give them ample satisfaction of the truthfulness of its qualities.

Respectfully, your friend.
