It is said the Government has resolved to repeal the duties on corn, flour, &c., as a concession to New Brunswick and Nova Scotia. It is understood the Government will yield to the wishes of the life insurance companies, and accept deposits of \$50,000, to be held by the Government as security to policy-holders—the deposits to be increased according to annual receipts, until \$100,000 have been deposited, and deposits to be made in Dominion stock, except in the case of American companies, from whom American securities may be accepted.
