The Good Old Times-How a Planta-tion Managed after the Style of 1860 Looks in 1863-Mr. Nasby Finds Such an One, and Reports Thereon. Post OFFIS, CONFEDRIT'S ROADS (Wich is in the Stait-ux Keutucky), March 30, 1868.—On my return from the ornery and cussid State of Michi-gan, I fell into a state uv despondency from wich I found it difficult to recover. The horrors uv slavin in a community tetelly unused to the gan, 1 ien into a state to recover. The horrors wich I found it difficult to recover. The horrors uv stayin in a community totelly unused to the exhilerashun uv the flowin bole, totelly imper-vious to the soothin inflocence uv the flooids which we in Kentucky egglat onto, and where the Dimocrisy are in a hopelis mimority, made reason totter onto her throne, and intelleck to reel in a highly ridiculous manner. To dissi-pate the impression, I borrered Bascom's mula and Deckin Pogram's saddle bag, and fillin the first with oats, and the latter with a loaf uv bread and a gallon uv whisky, madly plunged orf into the interior uv the State, that I mite, in roeral solitoodes, give full vent to the melancolly that opprest me.

opprest me. Two days travel up the mountains brot me to the most interiorist county uv the State. Remote from railreads, uff uv the stage lines, and not within several days journey uv telegrafts, it wuz trooly a Arcajen spot. Here wuz the log cabin in its primitive simplicity—here wuz streems onto wich there wuz no mills—here wuz roads without no fences—here wuz women without no opprest me.

hoops. Ridin along, musin onto the quiet beauty uv the landscape, I heered a swingin, swishin sound a whialin thro the air; a dull, heavy thud, and then! oh joy! a chreck! I wuz in a wood, but there wuz a cleerin beyond, and from that cleerin the sound perceeded.

the sound perceeded. Puttin spurs to my steed, or, ruther, to get down from the elegancies uv descriptive writin to actocal fact, thumpin Baseom's mule over the head with the club I carried, I soon emerged the head with the club i carried, i soon emerged from the forest and beheld a sceen wich made my heart leep for joy. There wuz a house-nigger-quarters-a whippin-post-and, Good Hevins, that I should be so blest-a nigger tied to it and a vigorous old man uv sixty, with a broad-brimmed hat and a pious look, a layin it to him good!

Wuz I wake or wuz I dreamin! Is these reel Wuz I wake of wuz I areanine. Is these teen or wuz I the victim uv some pleasant hallucina-shen! Dismoustin, I rushed up to him and fell onto his neck. "Now," sed I in extacy, "let thy servant depart in peccel"

Shakin me orf and continyooin coolly till he hed received thirty lashes, the old gentleman hade two niggers standin by to untie him, take him to his quarters and rub his delitefully lasserated back with salt and water, and turnin, he oxclaimed,

"Who in blazes are yoo?" "O, speek them words agin !" sed I, strikin a attitood, "I've bin in Michigan, and them words is music to me

"Well-who in thunder are yoo?" "A Dimocrat-a ante-war Dimocrat - wich owned neggers (this wuz a lie thrown in for ef-feck), but they've been taken from me by a reck), out they ve been taken from me by a crocel tyranny. To see you, a troo Sutherner, handlin uv em in the troo Suthern style, quite onmans me. Speck! how hey you managed it?" Slowly rollin over his quid, in a quiet and con-templativ manner, he asked me to the house.

On the plazzer wich fronted it, we sat down, and he told me these:

His name wuz Rasper. He knowd uv the Emancipashen Proclamashen, but he hed kep it keerfully from his niggers, ez hed all the planters in the destrik. Determined that solely for the good uv the helplis niggers one sekshun uv Kengood uv the helplis biggers one seksnin uv ken-tucky shood be held sakrid—that her old, time-honered institøshens shood be maintained at least in one place, he hed held em all in the same condishen ez before the war. The nabors for ten miles square hed organized a league, and hed swore a sollem oath to keep their niggers like-wise—to shoot at sight all uv em wich attempted to run war or soon to communicate with other to run away or even to communicate with other. niggers, and that by drawin a cordon, as it wuz, around em, they had been kept in a state uv tollable subjeckshen. It cost em ten or fifteen times as much to keep em ez the niggers made, but wat uv that? Kentucky wood never give up her niggers of her Democring and in tone shot her niggers or her Democrisy, and in one spot seklooded the it wuz, they were determined to her
