NEW JERSEY MATTERS.

THE GOVERNORSHIP.—The question of selecting a candidate for Governor in the coming caming a candidate for Governor in the coming campaign appears to excite considerable interest. The Democrats appear to be at a loss on whom to fix their choice. They fear the Republicans will take up Cornelius M. Walsh, Esq., of Newark, who is decidedly the most prominent man, and the strongest candidate who could be nominated. Mr. Walsh has been a zealous and active member of the Republican party ever since its organization, and his eminent abilities have organization, and his eminent abilities have organization, and his eminent soluties have contributed greatly towards advancing the Union cause. During the slaveholders rebellion he was never idle in extending aid and encouragement to our brave soldiers in the field, and by his emcient exertions to sustain the good old flag in its flery ordeal, he has won the universal appreciation of the friends of the Union throughout the State. It is believed that with him as their standard-bearer, the Republicans will be able to elect a handsome majority in both the standard of the Lorielstone and thus redeem the his efficient exertions to sustain the good will be able to elect a handsome majority in both branches of the Legislature, and thus redeem the State from the rule of Copperheadism. Mr. Walsh will receive the support of the First Congressional District, almost, if not entirely, unani-

The Bridge Question.—The project of constructing a bridge across the Delaware, between Camden and Philadelphia, clicits at the present time a deeper interest than at any previous time. A number of prominent gentlemen of wealth and influence have taken the matter in had, and influence have taken the bear taken to influence have taken the matter in had, and initiatory measures have been taken to carry out the proposition. The following are the incorporators named in the bill: Thomas McKeen, John Clement, Charles L. Willits, Ass P. Horner, Henry B. Wilson, Chalkley Albertson, Ephraim Tomlinson, Samuel Richards and Hon. Andrew K. Hay. It is designed soon to call a public meeting to take into consideration the matter of subscription to the enterprise. The fill was introduced into the Legislature at the

the South Jersey towns SCHOOL MATTERS.—The citizens of Haddonfield, in Haddon District, No. 1, have taken pro-liminary steps for building a new school house The present one appears to be inadequate for the accommodation of the rapidly increasing wants of that district.

MB. H. T. HELMBOLD: Dear Sir:-In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicate agent would be indicated.

You are aware, as well as myself, that it has been extensively employed in the various diseases of the black der and kidneys, and the reputation it has acquire my judgment, is warranted by the facts. I have seen and used, as before stated, every form of
