THE EIGHTEENTH WARD BOILER EXPLOSION-Another Victim -The explosion of the boiler at the rolling mill of Marshall, Phillips & Co., at Beach and Marlborough streets, yesterday afternoon, has caused great excitement in that neigh-borhood. This morning the scene was visited by bothood. This morning the scene was visited by hundreds of persons—men, women and children. The ruins of the building in which the boilers were located present a dismal appearance. The remnants of iron, timber, &c., are scattered around in all directions, and it is miraculous that, with see much destruction of property, and nicces with so much destruction of property, and pieces of iron flying through the air with such force, the list of killed and wounded was not much

larger.

George Harris, who was badly scalded, and was taken to the Episcopal Hospital, died at that institution last night at 11 o'clock. When found, he was tightly wedged in the ruins. The deceased was thirty-five years of age, and resided in Cam-

den.

John Davis, the engineer, was more seriously injured than was first supposed. Just previous to the copiosion he had discovered some defect in the boiler, and was about to remedy it. He obtained a hammer, and when he got within a few feet of the boiler the explosion occurred. He was struck by the flying splinters, but immediately went to work to assist his fellow workmen who had been injured. He afterwards walked to his home on Montgomery avenue, below Girard avenue. It was then found that he had been seriously injured on the top of the head and in the back. This morning he is under the care of a physician. The cause of the explosion is not definitely known Of course there are the usual flying rumors in regard to old iron, flaws, too much steam, &c., but the investigation to be made by the Coroner will, no doubt, bring out the true facts of the case. den.

facts of the case.

Coroner Daniels proceeded to the scene of the

disaster last evening. This morning he was engaged in summoning a jury, which is to be composed of boiler-makers and practical engineers. THE GOAT CATCHERS. - A raid was made through the Ninetcenth and Twenty-fifth Wards yesterday by the goat-catchers, and there was yesterday by the goat-catchers, and there was great excitement among the population. Men, women and children turned out and followed the raiders from place to place, and the commotion was even greater than when the revenue officers get after the illicit whisky distillers in the same region. Thomas McGarvin, who made himself a little too conspicuous at Richmond and Emory testis and attempted to get up a rebellion, was streets, and attempted to get ap a rebellion, was arrested by the Eighteenth District police. He was taken before Alderman Senix and was held

in \$400 ball for trial. FATAL ACCIDENT .- Chas. Herms was driving a wagon along the Frankford plank road yesterday afternoon, about three o'clock, when, near day afternoon, about three o'clock, when, near Harrowgate Lane, his horse was frightened by one of the dummy engines on the Frankford and Southwark passenger railroad, which passed along. The animal became unmanageable, and Mr. Herms was thrown from the wagon. He was seriously injured, and was conveyed to his home. No. 517 Callowhill street, where he died at eleven o'clock last night.

o'clock last night. RAILROAD ACCIDENT.-A boy named Wm. Barrett, aged 9 years, attempted to get on a train of cars on the Reading Railroad, below Girard or cars on the reading Rainfoad, below Grand avenue, yesterday afternoon, about half-past four o'clock. He fell and his hand was run over and so badly smashed that it had to be amputated at the St. Joseph's Hospital, to which institution he had been taken. Barrett's parents reside on Carlton street between Seventeenth and Eighteenth.

THE "OLD GUARD."-The third annual reunion and ball of this association will take place on Thursday evening next, April 30th, at Musical Fund Hall. A feature of the evening will be the distribution of a sewing machine and a set of china to the ladies. The arrangements are in the hands of competent gentlemen, and no efforts will be spared to make this one of the finest balls of the season

STEALING A FIRE HORN.-John Braunon was arrested yesterday in a second-hand shop at Twenty-fifth and Callowhill streets, while attempting to sell a fire horn which had been stolen from the carriage of the Tivoli Hose Company, at Twenty-third and Brown streets. He was taken before Alderman Pancoast and was held in \$500 bail to answer at court.

BOLD THEFT. Charles Dillon, while passing the shoe store of Thomas Leaden, No. 623 South street, yesterday afternoon, helped himself to two pairs of galters which were hanging in front of the door. He was pursued and arrested. The alleged thief was committed for a further hearing by Ald. Bonsall.

A RELIGIOUS THIEF .- A thief, who probably desired to improve his morals, broke the window of the store of G. W. Pitcher, No. 808 Chestnut street, last night, and helped himself to a bible, several prayer books and a case of gold pens. The value of the property stolen is \$150.

An Owner Wanted.—The Park police desire an owner for a couple of large brass caps, which were found yesterday by some boys, at Thirtyfourth street and Fountain avenue, in West

CRICKET.-The Young America Cricket Club will open the season of 1868 on Saturday next, at 10 o clock A. M., by a club game.

GREAT STRAW GOODS OPENING.-We invite special attention to the announcement elsewhere of the important opening of straw goods to take place at the popular establishment of Messrs. P. A. Harding & Co., northwest corner of Eighth and Vine streets, on Wednesday, April 29th. The most extensive and desirable display of straw goods in Hats and Bonnets in this city will then be made, and we advise our lady readers to bear

OFFER A LIMITED AMOUNT OF THEIR FIRST MORTGAGE BONDS

AT PAR,

PRINCIPAL AND INTEREST

Payable in Gold.

The Union Pacific Railroad Company are building a railroad from Omaha, on the Misseuri River. West, to connect with the Central Pacific of California, building from Sacramento, Kast, and these roads, when completed, will be THE ONLY GRAND RALEROAD BETWEEN THE ATLANTIC AND PACIFIC COASTS.

The Union Pacific Company have already

COMPLETED 550 MILES,

and trains are now running over the highest point of the Rocky Mountains that will be traversed by the line. The Company will have a much larger force employed this

year than ever before, and it is expected that between

800 and 900 Miles

will be in operation during 1868. There seems to be no reasonable doubt that the 1,721 miles between Omaha and Sacramento will be finished in 1870.

Sacramento will be finished in 1870.

The means provided for the construction of this Great National Work are ample. The United States grants its Six Per Cent, Bonds at the rate of from \$18,000 to \$48,000 per mile, for which it takes a second lien as security, and receives payment to a large, if not to the full extent of its claim in services. These Bonds are issued as each twenty-mile section is finished, and after it has been examined by United States Commissioners and provounced to be in all respects a first-class road, thoroughly supplied with depots, repair shops, stations, and all the necessary rolling tock and other equipments.

The United States also makes a donation of 12,500 acros

The United States also makes a donation of 1,350 across for land slong the line to the mile, which will be a source of large revenue to the Company.

The Company is also permitted to issue its own First Mortgage Bonds to an amount equal to the issue of the Government and no more. Hon E. D. Morgan and Hon. Cakes Ames are Trustees for the Bondholders, and designed the Royal to the Company only as the work proliver the Bonds to the Company only as the work progresser, so that they always represent an actual and pro-

This price includes all necessary car shops, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage and freight cars, and other requisite rolling stock, to amount that shall not be less than \$7.500 per mile. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, a there will be no competition, it can always be done at
