with 80 pounds; I was taking the measure of the head there; could only see the crack by the water; it appeared to be where the flange of the head joined the solid head; it was near the feed pipe; the .opinion I formed was that the crack had started when the boiler was made; I could not see why it would crack while in use; I didn't look at the safety-valve while in use; I didn't look at the safety-valve while I was there; have parched one of the boilers several times; my impression is that the explo-sion was caused by a little more pressure than usual; we never look for detects in boilers at the place this one was; I never knew one to be there For sale by all respectable dealers. John Davis, residing at 1116 Montgomery avenue, testified—I am engineer at the mill; have been in this portion of the mill between two and three years; the changes are at six in the evening soother. and six in the morning; we report to each other about the water; about nine o'clock in the morn-ing I discovered a leak; it was very little; I called

nds: I was taking the measure o

Mr. Myers; we had the pump on; when we took the pump off it didn't leak; Mr. McFadden brought the boiler maker; I felt safe all day; we only had the regular pressure on; we always pump warm water; generally we carried about 80 lbs of steam; one safety-valve had four weights; as soon as the pressure came up to 80 lbs all the safety-valves would begin to blow off; the pressure of steam has always been about 80 hs since I have been in the mill; I frequently tried the water; we run with four cocks: we blew off that day, but not at the time of the explosion; the guage would indicate 100 pounds of mercury; have never seen it at that: she blowed heavy at se pounds; I saw the crack in the morning; it was not in the wrought-iron: I couldn't see the crack; I saw the water; I had no fear of danger; I cannot account for the accident; everything worked smooth; I watched the crack all day, and it was the same when the explosion occurred as it was when I discovered it.

Edward Wurtz, residing 1131 Palmer street, testified-Am engineer at the mill; have been there twelve years: saw no leak on Monday night: considered the boilers all safe; I left every-thing safe in the hands of Mr. Davis; didn't return until after the explosion; the boilers have been in use all the time I have been there; the boilers never gave us any trouble except the fourth one would burn out sometimes, and had to be patched; have seen the steam up to 90 pounds; the boilers began to weep at between 60 and 70 pounds; I believe we have carried higher than 80 pounds of steam since I have been at the mill.

Alex. McFadden, residing 1032 Hallowell street, testified—I am one of the firm, my attention was called to a leak; I sent to the boiler-maker; when he came I asked him what he thought of it; he said that it was not dangerous if it didn't get any worse; that was my own opinion, too; I ordered a new head so as to have it ready in case the de-fect got worse: this is the same as I would do with any other machinery; we carried 80 lbs. of

Other witnesses were examined, but no new facts were elicited.

MAN SHOT — A ball was given last night night at the Musical Fund Hall. This morning about one o'clock, several young men attempted to force their way into the Hall, and those having charge of the ball endeavored to keep out the intruders. There was considerable struggling, and during the mande a bitch was fired from and during the wrangle a pistol was fired from and during the wrangle a pistol was need from the outside. A young man, named Welsh, who belonged to the inside party, and was in the door-way, was struck in the head by the ball from the pistol, and was severely, though not dangerously, wounded. He was taken to his home on Sansom street, above Thirteenth. No arrests were made.

A FRIGHTFUL SCENE .- A man who was in a tree, on Girard avenue, near Hanover street yesterday afternoon, engaged in trimming its branches, was taken with a fit and fell. When about ten feet from the sidewalk his feet caught in some of the limbs of the tree, and he was sus-pended head down for several minutes before assistance could be rendered.

LARCENY .- Robert Sanders (colored) was arrested yesterday and taken before Alderman Hibberd, on the charge of the larceny of clothing belonging to a physician residing at the Girard House. The clothes had been given to Sanders last October to be cleansed and repaired. Sanders was held for a further hearing.

ATTEMPTED BURGLARY.—An attempt was made last night to enter a house No. 603 Swanson streat. A panel was bored out of the door, and then the burglars were frightened off by the ti police.

coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July, at the Company's Office, in the city of New York, at the rate of six per cent, in gold. The Prin-cipal is payable in gold at maturity. At the present rate of Gold these bonds pay an annual

come on their cost of.

### NEARLY NINE PER CENT .. And it is Believed that they will soon

be at a Premium.

The Company have but a very limited supply of their Bonds remaining on hand; but it is expected that the first. instalment of the New Bonds, to be issued on that portion of the road to be completed this year, will be ready

in May. Any subscription accepted to a greater amount than can be filled from Bonds now in the Company's possession will be supplied from the new Bonds in the order in which they are received. The Company reserve the right to advance the price of

their bonds to a rate above par at any time, and will not fill any orders or receive any subscription on which the money has not been actually paid at the Company's office

before the time of such advance. Partics subscribing will remit the par value of the bonds, and the accrued interest in currency at the rate of six per cent, per annum, from the date on which the last coupon was paid.

Bubscriptions will be received in New York

At the Company's Office. No 20 Nassau St AND BY
