An Interesting Personal History—The New Bishop of Moscow.

The Viest, a Russian journal, gives the following particulars of the career of Monseigneur Innocent, Metropolitan of Moscow, who has been recently appointed to fill the chair vacated by the death of Philaret.

The real name of the new dignitary is Ivan Popoff, and he was born at the village of Anga, near the source of the Lena, in Siberia, where his father held the post of churchwarden. On reaching the proper age he entered the ecclesiastical seminary at Irkoutsk, and was there distinguished for his devotion to study. The surname of Popoff was displeasing to the officials of this establishment,

Soon after this he was appointed reader in the church of the Annunciation in that town, and after going through the curriculum of study at the seminary he married, and was ordained deacon of the same church. His leisure hours at this period were passed in making hand organs, in which manufacture he attained great proficiency. After a few years he was offered the post of priest at New Archangel, on the island of Sitka, in that part of North

FRENCH MEDICINES PREPARED BY GRIMAULT & CO.

Chemists to H. I. H. Prince Napoleon, Paris. These different medicines represent the most recent medical discoveries founded on the principles of Chemistry and therspeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a chromatance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations and only shose which have undergone an examination by the Academy of Medicine, and have been proved efficience, either in the Hospitals, or in the practice of the first medical men, are authorized by the Government.
