ABOUT STREET LAMPS .- There is nothing that contributes more to the good order, safety and out-door cheerfulness of the city, after nightfall, than abundant and well-kept public lamps. A good clean burner, with undimmed glass, and the metallic portions of the lantern in good order, is a cheerful object; but when these conditions are not observed, the reverse is the case. In our walks through the city we frequently notice public lamps that are broken and unsightly; the wind whistling through fractured glass, causing thegas to flare wildly or perhaps extinguishing it in toto; while invading rains rust and ruin burners, and spoil the whole interior. A broken hall lantern would not be tolerated by a tidy house-keeper any longer than sufficient time to repair damages, and there is no good reason why the general public should not have its lighting appliances kert in equally good order. Good government, good economy, good taste and even common decency demand that the street lamps should be kept in unimpeachable condition.

U. S. S. Monongahela.—Information has out-door cheerfulness of the city, after nightfall,

U. S. S. MONONGAHELA. She will come home under sail, and Mr. Davidson and his party of mechanics will return on the United States bark Purveyor. By proper discipline he kept his party free from sickness during the prevalence of the cholera, while the Monongahels lost nearly twenty men, and the soldiers at the fort were dying at the rate of two or three per day. Mr. Davidson was a Philadelphia ship wright, and has well sustained the name of our mechanics.

not yet been recovered. House Robbery. - Jacob Cressman was before Alderman Holme yesterday, upon the charge of larceny. On Seturday last, it is alleged, he entered a house in Cressonville, Twenty-third Ward, and stole a watch and some money. He was held in \$1,000 bail to answer at Court.

TILL TAPPERS.-John Laycock, white, and Scipio Price, colored, were arrested yesterday and taken before Alderman Merrow upon the charge of having robbed the money drawer of an eyster saloon, on Sixteenth street, above Locust, of \$6. They were committed for trial.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review on the subject of the Extract of Sursaparilia in certain affections, by Benjamin Travers, F. R. B., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sursaparilia; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.
