The appears by the further statements of Messrs. Morse and Cooper, that they purchased tickets from the agent in Portland, Me. At the time of from the agent in Portland, Me. At the time of the drawing the agent at Portland received a telegram signed "N. S. Read, Secretary,' stating that a certain number had drawn the \$40,000 prize, and inquiring as to whom it had been sold. The number mentioned was on one of the tickets held by Cooper. Subsequently another despatch, stating that the former one was a mistake, and that a man in New York had drawn the \$40,000, was received. Mr. Cooper came to this city and commenced proceedings in the Nisi Prius Court for the recovery of the \$40,000. As the matter appeared to be more in the nature of a lottery than a bons fide transaction, the proceedings in the Supreme transaction, the proceedings in the Supreme Court were abandoned, and the above affidavit le for the commencement of a criminal was maa prosecution.

In this was a tin box containing the bonds. The box had been forced open and the bonds and stock were abstracted. OITY NOTIOES.

FAMILY COAL.-Mr. W. W. Alter, the well-known coal merchant, has recently secured an im-mense stock of Lehigh and Schuylkill coal, of the choicest varietics. These were secured during his recent tour of the coal regions, and cannot be sur-passed anywhere. He is now prepared, at his yard on Ninth street, below Gifard avenue, and at his branch offer to the public advantages in quality and price, which cannot be procured elsewhere. Those who con-template purchasing their yearly supply of coal will nove their own interests by calling upon him now. Indeed, every one should make it a point to lay in a stock at this season of the year. The saving in price will more than compensate for the entlay, for now that the winter's demand is over, prices have touched bottom, and will remain depressed for a short time. "HEARTS, OR THE SERPENTS OF SOCHETY," which

"HEARTS, OR THE SERPENTS OF SOCIETY," which John Brongham is now playing at the Walnut, is a mystery to many, but not to us. The "Serpents of Society" are those brands of smoking- tobacco manu-factured by other firms which are filled with nicotine polsoning and stinging mankind, but which must not be confounded with the "Yacht Club," from which all nicotine is extracted, and in the packages of which Lorillard places orders for genuine elegant meer-schaum pipes. That brand captivates all "Hearts."
