LECTURE ON SUNLIGHT.-Professor Morion re peated his lecture on Sunlight, on Saturday evening, at the Academy of Music, with entire sucing, at the Academy of Music, with entire success, and to another large audience, including a large deputation from the National Board of Trade. All the experiments, including several new ones, were performed in the most admirable manner, and reflect the greatest credit upon the energy and skill of the band of volunteer assistants, with our friend, Mr. Coleman Sellers, Vice-President of the Institute, at their head, especially when we know that the matince performance was not concluded until after six o'clock, and that between that time and the rising of the curtain at eight o'clock so much and such delicate apparatus was to be put in position and adjurted.

The amount of apparatus employed was some-

cate apparatus was to be put in position and adjutted.

The amount of apparatus employed was something extraordinary. There were 90 Burisin burners; 5 lime-lights; a galvanic battery of great power; a hydro-oxygen blow-pipe, and two large cameras, induction-coil and electric-wheel, screens and mirror,8 gas-bags, 2 hydrogen generators, and a large iron reservoir, holding 72 gallens of oxygen. It required 15 assistants to work the apparatus, and 40 young gentlemen from the University to represent the spectrum. The veiled mirror was singularly beautiful as well as novel. A vast mirror faced the audience, reflecting nothing but that part of the audience opposite to it. A gauze veil was then dropped over the mirror, when at once a beautiful statue appeared upon its folds, and fell with the falling veil, leaving the mirror vacant as before. Altogether the lecture was most inveresting and instructive.

Mr. Jacob Kritser, an officer of the Court of Quarter Ses-sions, who resides in the neighborhood, unsions, who resides in the neighborhood, unmuzzled one of the calves, and some boys took
the muzzles off the others. The McDevittts became enraged and attacked Mr. Kritser and a

on the head with a stick by Andrew McDevitt.
The prisoners were fined \$5 each for seven

Homicide.—Coroner Daniels will hold an in_ quest to-morrow on the body of David H. Dunham, who died on the 5th inst. from the effects nam, who died on the 5th inst. from the effects of injuries received at Suffolk Park, on the 3d of May last. It seems that Mr. Durham and Calvert Green had made an arrangement to enter into partnership and lease Suffolk Park. The two got into a quarrel about some business matters on the day named, and, as it is alleged, Green struck Dunham on the head with an iron bar, fracturing his skull. Mr. Dunham was conveyed to his home and died as above stated. Green was arrested at the time of the occurrence, but, upon a certificate from a physician, that Mr. Dunham was not in danger of his life, he was released on bail. The deceased was about thirty-eight years of age, was from Virginia and leaves a family. a family.

SERIOUS RAILROAD ACCIDENT .- William Kane, aged twenty-one years, employed at the oil works at Gibson's Station, on the Philadelphia, at Gibson's Station, 'on the Philadelphia, Wilmington and Baltimore railroad, got on the 3.30 P. M. express train which 'left the city on Saturday afternoon. When the train was near Gibson's Station, and was running at a rapid rate, he went to the rear platform and jumped off. He struck upon a pile of rails which was by the side of the road, and was mangled in a horrible mancer. Officer Wm. Taggart, of the Philadelphia, Wilmington and Baltimore Railroad Company, was telegraphed for, and under his direction the injured man was conveyed to the Pennsylvainjured man was conveyed to the Pennsylva-nia Hospital. Kane is not expected to live.

OVERCROWDING PASSENGER CARS-FATAL AC-CIDENT .- The Coroner held an inquest on Saturday on the body of a lad named Isaac Stern, who day on the body of a lad named Isaac Stern, who died from injuries received by being run over by a car on the Girard Avenue Passenger Railway or he 31st of May. The jury, in making up their verdict, say, "That they are of opinion that the said Isaac Stern was pushed off the car by the platform being overcrowded." The manner in which persons are packed away on the cars on this line is outrageous. The horses are scarsely able to drag the heavy loads imposed upon them, and the cars are strained, and the platforms are frequently broken by overweight.

JEALOUSY AND ATTEMPTED MURDER. - A negro named Paul Green was arrested last night by Policeman Camac, of the Seventeenth District, on the charge of having stabbed a colored woman named Mary Smith. He met Mary at a house at Mahan's court and Spafford street, and became jealous at some of heractions and words. It is alleged he drew a razor and cut her several times, causing severe injuries. He was taken before Alderman Bonsall and was committed in default of \$2,000 bail to answer at Court.

INSULTING THE LAW .- William Laughlin was arrested on Saturday evening for bathing in the Schuylkill. He was taken before Ald. Hutchinson, and during the hearing he became very un-ruly and used very offensive language. Ald, Hutchinson gave him to understand that a magistrate cannot be insulted with impunity, and placed him under \$1,000 bail, in addition to imposing the usual penalty for a violation of a city ordi-

KNICKERBOCKER LIFE INSURANCE COMPANY. The New York Courier thus refers to the success of this excellent company, which, under the energetic direction of its President, Hon. Erastus Lyman, bids fair ere long to-excel all others in the magnitude of its business:

We referred in an article last week to the mount of business being done by the Kuickerbocker Life Insurance Company, and the figures scemed large; but since then we have had the opportunity of learning the footings of their business for the past year, and we now add it to our former article, to show that the business of this energetic company is constant and re-They have just finished footing up liable. their books for the year commencing May

1, 1867, and ending June 1, 1868. During this period they issued over 12,000 policies, covering an insurance of \$42,000-000, and for the month just closed they have issued nearly 1,200 policies, covering over \$5,000. 000 of insurance, the heaviest month's business ever done by them. At this rate they bid fair this year to equal, if not exceed, the largest business ever done by any insurance company in this country. When we consider that the Knickerbocker is younger than many of its rivals, these facts speak volumes for its management.

In Philadelphia, where the Company is represented by Messrs. Paul & Hagmeyer, the results, so far, in this year, have been highly flattering, an average business of nearly a quarter of a million of risks per month having been taken by that enterprising firm alone.

NEW JERSEY MATTERS.

In order to aid in the erection a very line analy. assist in forwarding the enterprise.

The Courts.—On Saturday the Courts of Camden were engaged in sentencing such as had been found guilty of various offences, and then adjourned until to-day. The case of William Hanna, against whom there are eighty-three indictments for issuing and passing forged notes of hand, bonds,&c., to which he pleaded guilty, has not yet come up for sentence. Mr. Dickson, who was charged with him as being an accomplice, was acquitted, the Court not having jurisdiction in the matter.

the matter. CAMDEN HOME.—The Lady Managers of the Camden Home for Friendless Children, an institution which has been productive of great good and whose usefulness now extends over the entire First Congressional District, are making arrangements to hold a grand strawberry festival, about the middle of the present month, for

the benefit of the institution. BAD Boys.-Great complaint is made of the disorderly conduct of boys who congregate on Sundays at the corners of streets, and who be-have in a very improper manner. The vulgar and profane language they use is exceedingly of-fensive, and the police authorities should see to breaking up this nuisance.

RUTGER'S COLLEGE .- The annual address be fore the Trustees, Faculty and Alumni of Rus-ger's College, New Jersey, at the Commencement for 1868, will be delivered on Tuesday, the 16th inst, at the college in New Brunswick, by Dr. Rush Van Dyke, of this city.

Independent Order of Red Men.—A new Tribe of the Order of Red Men has been organized in Camden, under the name of Ottawa, and is in a flourishing condition. The Lenni-Lenape Tribe prepared them for their new organization. HEALTH OF THE CITY.—The authorities of Camden, in connection with the Medical Society, are taking measures to preserve the health of the ures should be rigidly carried out.

KILLED.—A young man named Edward Batten, belonging to Mullica Hill, Gloucester county, was thrown from his horse, a day or two since, and so badly injured that he died shortly afterwards.

A New Railroad.—The work on the Railroad between Woodbury and Swedesboro, to connect with the West Jersey road, is being prosecuted vigorously, and it is thought will be finished during the present year.

Progressive Friends.

The Sixteenth Yearly Meeting of Progessive Friends convened at Longwood, Chester county,

Friends convened at Longwood, Chester county, Pa., on the 4th inst., and continued through three days. A large and deeply interested assemblage was in attendance every day, and the meeting-house proved quite too small.

Among those who took an active part were William Lloyd Garrison; Henry Blanchard, Pastor of the Independent Universalist Church, Brooklyn, N. Y.; Richard D. Webb, Dublin, Ireland; Samuel J. May, N. Y.; Oliver Johnson, Deborah L. Butler, A. H. Love, Anna E. Dickinson, Robert Purvis, J. H. Mac El'Key, an Episcopal Minister; Fielder Israel, Unitarian Minister at Wilmington; Dr. John Cameron, Lydia Price, Willard H. Hinckley, J. Miller McKim, J. Williams Thorne and Dr. Purvis, of Washington. The testimonies upon the following subjects clicited full and instructive consideration: Intemperance, Tobacco and Oplum, The Freedmen, Ballot to Woman and the Black Man, Treatment of Criminals, Capital and Labor, The Indian and Peace.

Appropriate memorials were adopted to those friends who have deceased during the past year, and who were active associates. As usual the Friends of Longwood were profuse in their hosticality. citality.

Mrs. Annie E. Guild, wife of Mr. James Guild, of Boston Highlands, died at her residence quite suddenly this morning. She had been ill for two or three weeks past, but her condition was not considered critical. The deceased was about 42 years of age, and was a lady of much refinement of character and literary taste. She was the daughter of Mr. Jeremiah Gore, formerly Cashier of the Market Bank, was a most estimable lady, and had compiled, in connection with Miss Whittemore, several books which have had a very extensive circulation. Among these were "Hymns of the Ages," and "Prayers of the Ages." The deceased was a member of Dr. Punam's church, possessed a kind and genial disposition, and her death will be regretted by all who had the pleasure of her acquaintance.—Boston Traveller, June 4.

CITY NOTICES.

An Easy Foot.—An easy foot, next to an easy conscience, is a thing much to be desired. COAL.—We cannot give better advice to those of our readers who are housekeepers, than to suggest that they call upon Mr. W. W. Alter, the great coal merchant, and examine the samples of coal purchased by him during his late tour through the Lekigh and Schuylkill regions. Mr. Alter is now prepared, at his yard on Ninth st., belowGirard av., and at his branch office, corner of Sixth and Spring Garden streets, to offer to the public advantages in quality and price which cannot be procured elsewhere. Those who contemplate purchasing their yearly supply of coal will screet heir own interests by calling upon him now. Indeed, every one should make it a point to lay in a stock at this season of the year. The saving in price will more than compensate for the outlay, for now that the winter's demand is over, prices have tonched bottom, and will remain depressed but for a short time.

Our commercial friends are invited to visit Oakvono's invited to visit under the Continental, and examine their spring styles of hats and caps.

Fine Watches.—We desire to call the attention of watch-buyers to the very fine Watches made by the American Watch Company of Waltham, and known as the 24-plate, 16 size.

To the manufacture of these watches the Company have devoted all the science and skill in the art at their command, and confidently claim that for fineness and beauty, not less than for the greater excellencies of mechanical and scientific correctness of design and execution, these Watches will compare favorably with the best made in any country. In this country the manufacture of such Watches is not even attempted except at Waltham.

Women and Ladies.—Something should be done to eradicate the foolish and anti-republican notion that the word "lady" gives a peculiar dignity to the individual. On this point the New York Post says: "Woman' is the fuller, freer, nobler title. The class distinction supposed to be indicated by the term 'lady' has, in this country, no other signification than one of courtesy, and is wholly dependent upon the tersonal conduct and character of the individual. A domestic may, in this sense be a lady, inst as her mistrees may, in the same sense, be no lady." Although, with the male sex, this is a little different. We call any man a "gentleman" (in the absence of positive knowledge to the contrary) who buys his clothing at Charles Stokes & Co.'s, under the Continental.
