The adventure had a supplement.

M. Sainte-Beuve occupies, you know, a little lonely house on the Rue Montparnasse. The group of students who went to present him with the thanks of the school, naturally found the Rue Servandoni in their route; and, it is there that M. le Docteur Machelard resides, that listener who hears so much, and delivers it so badly. It was impossible to resist the pleasures of howling a little under his windows. We should have done the same at twenty.

However, there was a squad of sergens-deville upon the scene, who collared and, it is assured, brutally struck a certain number of the lads. These young men are in prison, and we lads. The Geneva Journal, always a little heretical thus depicts the daily walk, and conversation of the new cardinal: Cardinal Bonaparte continues to edily Rome by his plottes and almsdeeds, and to act constarnation every time he reads in a paper or hears people instructe that a Bonaparte would not be amiss, in the fulness of time, upon the throne of Saint Peter. The Pope, aware of the simplicity and doubtless, also, of the incapacity of the Emperor's cousin, believes these scruples to be sincere. It has long been my opinion, that the only gurantee for the future, for a future of progress, of vigor and of honor for our nation, is in study—and above all, in the study of the natural sciences, physics, chemistry and physiology. It is in that way that so many vagne or false ideas are to be cleared up and rectified; that at some time to come, and now imminent, many a futile, or dangerous question shall be, found gradually and insensibly diminished, and, who knows, finally eliminated. St. Petersburg. Bressant, an immaculate walking gentleman of fifty-five, is the very Rosedus of the bourgeoisie of Paris when Hugo's Hernani came to light last year after its long inhumation, no one but Bressant could be thought of an instant for the Don Carlos. His daughter is irreproachable; she figured a short time as artist in a high-comedy theatre at Paris; slightly bluestocking, she has written two novels, "Gabriel Rinson" and "Une Patria," the latter being, they say, a sort of autobiography. It is predicted that the new Princess Kotchoubey will not be definitively embraced in the society of the Russian circles until after a journey to Russia and a presentation to the nance of the Mussulmans in the local adminis trations.
