Liberal Reforms in Austria.

The bill went over until the morning hour of Friday next.

Mr. Logan (Ill.) gave notice that he would next Monday move to suspend the rules to offer a resolution authorizing the appointment of a committee to select a site for the Capitol or the United States on account of the disregard of the law, and of the disloyal element constantly showing itself in Washington in such bitterness towards loyal people, and in disregard of the authority of the United States.

The House then, at twenty minutes past 13 o'clock went into Committee of the Whole, Mr. Pomeroy in the chair, and resumed the consideration of the Tax bill.

The section before the Committee was that in relation to Banks and Bankers—Section 113—on which debate was ordered to be closed in ten minutes.

The ten minutes allowed for debate were occupied by Mress. O'helli (Pa.), Logan (Ill.), and Garfield (Ohio.)

Keep on hand a constant supply of LEHIGH and
SCHUYLKILL COALS, from the best Mines, for Family,
Factory, and Steam Purposes. Mr. Logan argued on the propriety of taxing Banks on Government deposits.

Mr. Garfield argued in favor of taxing deposits rather than circulation, the average amounts of deposits being double that of circulation, and consequently the same rate of tax would produce twice as much on deposits as on circulation. The country Banksi were now receiving interests on their deposits in New York Banks, and therefore there was a plenty of money in New York, and a scarcity in the West.

Finally the question was taken on the amendment of force by Mr. Price last night, as modified to reduce the tax on circulation from 1-6 of 1 per cent, per month to 1-12 of 1 per cent, per month, or from 2 to 1 per cent, per annum, On the vote of tellers there were 61 voting lu the affirm ative and 51 in the negative; the Chairmau voted in the affirm affive and the amendment was adouted.

Mr. Schenck (Ohjo) moved to add to the section a tax of 1/2 of 1 per cent, on each month on the amount of all deposits of public moneys in their possession to the credit of the Treasurer, or of any disburring officer of the United States. Agreed to.

Mr. Randall (Pa.) moved to add to the section a provision that no money authorized to be collected under this bill shall be deposited in a National Bank in any city or place where a treasurer or assistant treasurer of the United States is located. Agreed to.

Mr. Maynard (Tenn.) moved to amend the section by increasing the tax on deposits from 1-24 to 1-12 of 1 per cent. per month, or from 1/2 to 1 per cent. per annum. Agreed to.

Mr. Blaine (Me.) moved to strike out the provise excepting sayings banks from taxatlon on their deposits. Mr. Logan argued on the propriety of taxing Banks on MASON BINES.
