

CITY BULLETIN.

A MEAN ROBBERY.—Besie McLaughlin, a middle-aged Irish woman, resident of Richmond, Va., was robbed in this city yesterday. She had been ill for some time, and was on her way to Ireland for the benefit of her health. She had saved up fourteen guineas. She came from Baltimore yesterday in one of the Erie cars. She was accompanied by an individual, who had relatives living in Ireland, in the county to which she was going, and upon arriving here he offered to get her a passage at a cheaper rate than she could do herself. She cut four guineas from one of her garments and gave them to him, with the check for her baggage. He had the gold pieces changed for greenbacks, and then took her to a shipping office, where he handed her a paper having upon it, "Captain of the Tascara's boat by the name of Mahon to Liverpool." When she went to the vessel the captain, of course, pronounced the pass bogus. In the mean time her baggage had been taken from the Baltimore boat by the same man, and she is unable to give localities, and there is little probability of her finding her false friend or recovering her property.

DEATH OF COL. WHITE.—Col. Philip S. White, a well-known politician and orator, died yesterday, at his residence in this city, of heart disease. In the early days of the Washingtonian temperance movement the deceased became very prominent as an advocate of the cause. He was an active member of the Native American party, and in 1844 he was a candidate for the office of Mayor of this city. He was elected to the office of Mayor in 1850, and he served the term of three years. Socially, he was famous for a genial deportment, a pleasant and great skill and humor as a teller of quaint stories.

MURDEROUS ASSAULT.—This morning, before Alderman Helms, Francis Carter was charged with assault and battery with intent to kill. He had a difficulty with Pat Morrissey, who resides on the Plank Road, above the Reading Railroad, in the Nineteenth ward. Carter, it is alleged, knocked Morrissey down, and kicked him in the head, inflicting him very seriously. Morrissey was conveyed to the hospital, and Carter was committed to await the result of the injuries inflicted, the Alderman refusing to take bail for his appearance.

EXCURSION TO ATLANTIC.—To-morrow (Saturday) afternoon Boardman's "First Grand Opening Excursion" to Atlantic City will leave Vine street wharf at quarter to four o'clock, returning on Monday morning, leaving Atlantic City at 7 A. M. Tickets for the round trip, two dollars. With the present fine weather this promises to be one of the most pleasant excursions of the season.

SCHUYLKILL NAUTIC REGATTA.—The concluding races will come off to-morrow, at 5 1/2 and 6 o'clock. At the former hour the Atlanta and Faugh-a-Ballagh, six-oared out-riggers, of the second class, will compete, and the races will be closed by the fourth class out-riggers Lotus, Cyrenel and the Atlanta. The Atlanta will be pulled by a portion of the champion crew of the winning boat Bachelor. Dodworth's Band will be in attendance.

WOMAN FOUND DROWNED.—This morning the body of an unknown colored woman was found drowned at Teacony. The deceased was about 35 years of age, five feet six inches in height, and was clad in a blue plaid dress, a pair of green boots and red stela shawl. The coroner took charge of the body.

RAILROAD ACCIDENT.—A boy named Wm. Calahan, aged 12 years, was run over by a car of the Pennsylvania Railroad Company, at Point Breeze, yesterday afternoon, at 6 o'clock, and had a leg cut off. He was riding on the car, and fell when it was taken to his home, No. 1814 South street.

LARCENY.—George Smith, aged fourteen years, was before Alderman Helms yesterday, upon the charge of larceny. He was engaged in selling strawberries, and Mrs. Manners, residing in Palmer street, alleges that he took from a table in her house a pair of shoes worth \$15. He was fined in \$800 bail to answer at 10 o'clock.

RUNAWAY AND ACCIDENT.—A horse attached to a carriage, belonging to Mr. Charles Wolbert, ran away at Seventeenth and Hamilton streets last evening, about half-past six o'clock. The carriage was much broken and Mrs. Wolbert was slightly hurt, and a child, seven years old, was severely injured.

ASSAULT WITH A KNIFE.—A woman named Julia Galey was arrested last night on Bedford street, on the charge of having cut a colored man with a knife. The man is said to have been severely injured. Julia was taken before Alderman Tittermary, and was sent to prison.

DROWNED WHILE BATHING.—A lad named Will White was drowned while bathing at Pier No. 18, Port Richmond coal wharves, this morning. His body was recovered, and was conveyed to the residence of his parents, on Fisher street above Cumberland.

THE QUARANTINE.—The schooner W. Allen from Sagua La Grande, reported as having escaped from Fortress Monroe, is now detained at the Lazaretto, undergoing treatment, and will be thoroughly cleansed and fumigated before being permitted to come to the city.

FOR CAPE MAY.—The fine new steamer Lady of the Lake makes her first trip to Cape May on Saturday (to-morrow), leaving Pier 15, above street, at 9:15, and will return on Monday.

NEW JERSEY MATTERS.

POLITICAL.—The Republicans of Camden city and county are more than usually active in canvassing political affairs. Primary meetings will soon be held, and delegates to attend the State Convention at Trenton, on the 9th of July next. At this convention a candidate for the office of Governor will be nominated, and also candidates for the offices of Governor and Lieutenant Governor. The importance of these nominations makes it obligatory on the voters in Camden and elsewhere to select good delegates, men of reliability, independent and free from party bias. A candidate for Governor who cannot fall to be elected. To accomplish this object the principal work must be done in the primary meetings. These meetings will be conducted with ability and earnestness; many distinguished speakers will address the people of South Jersey on the issues of the day.

DANGEROUS PRACTICE.—Of late the boys, small and large, in Camden, have inaugurated a practice very dangerous in its tendency, that of attempting to cross the track in close proximity to an approaching engine. Already several serious accidents have occurred from the practice, and within a week one boy has been killed, another had his leg broken, and a day or two ago a child was killed and his skull fractured and his arm crushed. These sad results ought to serve as a caution to such reckless boys in deterring them from exposing themselves to so much danger.

TAKEN TO TREASON.—Yesterday Sheriff Sharpe conveyed to Trenton William Hanna, who was sentenced on Saturday to ten years' imprisonment, at hard labor, and to pay a fine of forty-one hundred dollars. The sentence, if fully carried out, is a severe one, and ought to be an impressive warning to all who desire to obtain money outside a lawful channel. Mr. Hanna was a man who commanded considerable influence, and was something of a politician.

BREAKING AND STRALING.—The operations of burglars appear to be indulged pretty freely in Camden, of late, as almost every night an attempt is made on some dwelling-house. A night or two since, however, some bold robbers or robbers entered the lively-stable of Mr. Wilkins, on Front street, near Market, and stole therefrom four sets of good and finely finished harness. They departed with their booty, without hindrance, and have not since been traced or discovered.

SUNDAY SCHOOL PRO-NON.—The children connected with the Tabernacle E. Church, of Camden, yesterday went on their annual picnic excursion to Polmyra. They had a very pleasant time.

FOURTH OF JULY.—As yet the Council of Camden have taken no measures towards observing the coming Fourth of July. The day, however, will be celebrated by several dramatic societies, and also by private individuals and associations, but mostly by the youngsters with their crackers, squibs and firecrackers.

DECLINES TO BE A CANDIDATE.—A. W. Markley, Esq., who was quite boyishly excited in connection with the nomination for Governor, on the Democratic ticket, refuses to allow his name to go before the convention. Mr. Markley is a thorough business man, too much so to be a candidate under the present auspices.

FEDERAL FUND IN THE SALE OF THE IRON CLADS.—The following letter from Mr. Faxon, Assistant Secretary of the Navy, to the editor of the Courier, we have permission to publish, though it was not written expressly for that purpose:

WASHINGTON, June 23, 1868.—My Dear Sir: The Courier of Saturday did not reach me until this morning, and I am glad to see that you have not only expressed your sympathy with the iron-clad sale, but also your disapproval of the statements growing out of the sale of the iron-clads Catawba and Oneota. For your own satisfaction let me briefly explain the position of the Government in this matter. It is not a matter of "stealing" against either the Secretary, the Assistant Secretary or the chief of the bureau who consummated the sale, but a matter of the propriety of preventing other bidders than those who purchased the vessels from obtaining them—in other words, of favoritism or want of good administration of executive duties.

These vessels, with six others exactly like them in every respect, were appraised and advertised according to law. When the bids were opened it was found that there were six bidders, and of course the highest offer was promptly accepted and the bidder notified to make a deposit, as required by the advertisement. This deposit was made, and the bidder from any obligation, expressed or implied, to stand by their offer. Nothing was heard from the highest bidder, and as the deposit was not made, the vessel was sold to the next highest bidder, and so on.
