FINANCIAL 660 MILES OF THE UNION PACIFIC RAILROAD Are now finished and in active operation. One hundred and twenty miles have been built in the last three moths. More than twenty thousand men are employed, and this

average of forty miles per month will be continued throughout the season, making NINE HUNDRED COM-PLETED MILES by January 1st, and it is now probable that the ENTIRE GRAND LINE TO THE PAULFIC WILL BE OPEN FOR BUSINESS IN 1889. No other first-class railroad in the world has been built ad equipped so rapidly as the Union Pacific, which runs ACROSS THE CONTINENT. The United States Government makes of this railroad a GREAT NATIONAL WOBE, and aids its construction by very liberal grants of money and of lands. To further insure the speedy completion of the Road, the Company are authorized to issue their own

FIRST MORTGAGE BONDS baving thirty years to run, and baving interest coupons payable semi-annually at the rate of six per cent, in gold. The principal, as well as interest, is made PAYABLE IN GOLD.

The Mortgage Bonds of nearly all other railroads in this country, are payable, principal and interest, in cur-rency; and it is asserted, without fear of contradiction that no other railroad company in the world, building so Union Pacific Resiroad Company. The price of these Bonds is now 102 and accrued in-terest from July 1, in currency. The Company believe that at this price their Bonds are the Safest and Most Profitable Investment

in the market, and they confidently expect that they will shortly command a higher premium than any similar se-curity. The Company reserve the right to advance the price at any time, and will not fill any orders or receive any subscription on which the money has not been ctually paid at the Company's office before the time of uch advance.
