THE KNOXVILLE TRAGEDY. Circumstances Connected with Shooting of Col. Ashby. We learn from a citizen of Knoxville, at pre-sent on a visit to our city, that Mr. E. C. Camp, who killed Colonel Ashby, is a lawyer from the Philadelphia Gas Works, July 16, 1868. The Trustees of the Philadelphia Gas Works would respec fully call upon the citizens to be economical in the user of Gas, as the employée of these Works struck for higher wages last night. They had a meeting at 8 o'clock and quit work at 8, to the number of five hundred, and they will not let the men work who want to work. The Trustees cannod zive term the increase that they ask which is tw. ny. five per cent., without considerably in creasing the price of Gas—a measure which the Trustees. kind. Some of them, Mr. Camp amongst number, were so indignant, they pronounced the tournament a "rebel affair." Col. Ashby hearing of this, called upon Mr. Camp, at his office, and asked him whether he had made the remark at-tributed to him. Mr. Camp's answer not being satisfactory, Col. Ashby denounced him as a scoundrel. Mr. Camp did not resent this affront at the time, probably because he was not preat the time, probably because he was not pre-psred for a personal conflict, and Col. Ashby left his office After this no good state of feeling could exist between the parties. On Thursday last, as we learn from the Knoxville Press and Herald, they Fortemouth, N. STRIKE AT THE CITY GAS-WORKS. The City in Danger of Total Dark-The firemen employed at the City Gas-Works receive but two dollars a day for twelve hours labor. They have made frequent applications to the Trustees for an increase of pay, but their de-mands have been unheeded. Last night at nine o'clock they struck, in a body, for an advance of twenty-five per cent. The strike still continues, and unless some arrangement is made by which operations at the works can be resumed, the city will be left in darkness.
