FRENCH MEDICINES PREPARED BY

Chemists to B. I. H Prince Napoleon, No. 45 Rue de Richelieu, Paris.

GRIMAULT & CO.

SOLUBLE PHOSPHATE OF IRON,

By Leras, M. D., Docteur es Sciences, Grimault & Co., According to the opinion of the members of the Paris Academy of Medicine, this article is superior to all the ferrugiaous preparations known. It agrees east with the stomach, never carriers contreness; it contains the element to of the blood and the osseous frame, and succeeds the contract of the blood and the osseous frame where other proparations fail, such as Vallets pills, from educed by hydrogen, lactate of iron, and ferructuous nireral water. One tablespoonful of the solution or syrup-contains three grains of sait of iron. They are both coloriess. Children's Diseases-Iodized Syrup of Horse-Radish.

Prepared by Grimault & Co., Paris. This syrup contains iodine combined with the juice of water crees, horse-radirh and scurvy-grass, in which iodine and sulphur exist naturally, and for this reason it is an excellent substitute for cod liver oil, which is generally supposed to owe its efficacy to the presence of Iodine. The Iodized Syrup of Horse-radish invariably produces most satisfactory results administered to children suffering from lymphatism, rachitism, congestion of the glands of the neck, or the various cruptions on the face so frequent during inflancy. It is also the best remedy for the first stage of Consumption. Being at once tonic and depurative, it excites the appetite, promotes digestion, and stores to the tissues their natural firmness and vigor. Dr. Durin Du Buisson's Digestive Lozenges of the Alkaline Lactates.

DISEASES OF THE CHEST. Syrup of Hypophosphite of Lime. Grimault & Co., Chemists, Paris.

A syrup compounded with this new salt has been introduced by Dr. Churchill, for the treatment of pulmonary phthisis. Recent trials made at the Bromoton Consumption Hospital, an institution especially devoted to the treatment of diseases of the chest, have abundantly demonstrated the absolute necessity of obtaining this new therapeutic agent in the most perfectly pure and natural condition. Each table spoonful of syrup contains four grains of perfectly pure hypophosphite of lime; and as compounded by MM Grimault & Co., of Paris, the syrup is the only preparation which guarantees to the medical profession all the properties required in this valuable medicine. Grimault & Co., Chemists, Paris.

DIARRECEA, DERANGEMENTS OF THE GRIMAULT & CO.'S GUARANA. This natural vegetable production, perfectly innocuous, has been long used in Brazil with the utmost success, as a remedy for diarrhea, elck headache, dysentery, and all disorders proceeding from derangement of the stomach or bowels. This powder is indispensable for all families, and far prore efficacious than opium and the subnitrate of blemvil. GENERAL DEPOT: IN PARIS, at GRIMAULT & CO.'S, 45 rue de Richelieu.

SHIPS Protection of American Citizens Abroad.

London, July 29.—The main points of the act for the protection of American citizens abroad, passed just before the adjournment of the Congress of the United States, were telegraphed to London and published in this morning's journals. The bill is sharply and unfavorably criticised by the English press, though its passage does not appear to exeite either praise or an exercise of the United City of London Liverpool. Journals of all shades of opinion affect to consider the bill a partisan measure, required by the exigencies of the November elections, but think this action of Congress will not tend to promote the success of American negotiations with foreign powers, to secure by treaty the establishment of the principles of nationality on which the bill is based.

The London Times says: "The passage of the American citizen act will surprise no one. It was to be expected that the majority of the United States Congress would make through such a measure as this a direct bid for the Irish vote in the coming election.
