Louisiana Officials—A Rebel General Superintending the Water Works-Political Matters-The Late Biot-Absence of Disease-Financial Intel-

ondence of the Philadelphia Evening Bulletin. NEW ORLEAMS, August 7.—On Friday the Governor nominated to the Senate, and the Senate confirmed, the following named gentlemen to constitute the Supreme Court of this State for eight years: For Chief Justice, John T. Ludling, of Ouachita; for Associate Justices, James G. Taliaferro, of Catahoula; Wm. G. Wyley, of Carroll and E. K. Howell and W. W. How, of Or-leans. Judges Taliaterro and Howell are members of the present Supreme Court. All the appointees command the respect of all political parties. The action of Governor Warmouth in nominating Judge Taliaferro is commended by his political opponents as a graceful and magnatimous act, as the Judge was an independent eardidate against the Governor at the late elec-

The city baving purchased the works by which it is supplied by water, Mayor Conway has ap-pointed Gen. Braxton Bragg as Superintendent of these works, and also appointed a Board of

of these works, and also appointed a Board of Commissioners of seven.

The political world is in a teverish state. On the evening of the 1st inst. there was great excitement, caused by the attempt of many of the political foes of Willis Rollins, the Democratic colored orator, to do him harm. The crowd was rapidly swelled to hundreds, and at the time threatened to seriously disturb the peace of the city, but the police finally bore Rollins off. This affain has of course given rise to a very bitter discussion between the Republicans and Democrats, and the excitement has been intense. On Monday Rollins was again beset by a mob. but crats, and the excitement has been intense. On Monday Rollins was again beset by a mob, but excaped unbjured. To add fuct to the fire, there was a fatal disaster at a large Democratic gathering in Lafayette Squarelast evening; and as is a very natural thing in these heated political times, charges are made that it was brought about through the action of political foes. The meeting was first addressed by Mr. Scott Jordan. As he concluded his speech the stand, on which were about two hundred people, fell with a great crash, seriously injuring six persons, two of whom, it is thought, are mortally wounded. Willis Rollins, the colored orator, was to follow Jordan with a speech, and it is therefore asserted that this was an attempt upon his life. The Picayune declares that gentlemen well known in the community examined the timbers of the fallen platform and that gentlemen well known in the community examined the timbers of the fallen platform and found that the upright posts had all been sawed so that a shove would easily prostrate the entire structure, and says: "It now appears that the whole affair was a base design upon the life of Rollins, even though that should involve the death of every person upon the platform with him." It is difficult for me thus early to ascertain all the facts connected with this sad affair. But I would simply say, in view of not only this but the many other exciting political rumors which are hurried out from this political rumors which are hurried out from this city, that in these times, with the political thermometer at blood heat, all statements calculated to have an important political bearing should be carefully weighed before being fully accepted. As to the campaign thus far, it has been vigorously pushed by both parties.

The thermometer at 6 o'clock yesterday morn-

ing marked 76; at 12 M., 85; at 3 P. M., 81, and at 6 P. M., 77. A fine breeze prevalled, and the day was written down as pleasant. For days past the weather has been delightful, although the sun does now and then demonstrate in an -over-affectionate way.

The city continues very healthy. The people now hardly think of the possibility of a visitation this year from yellow fever or the cholera.

In trade there is the same dull round to note—
the same stagnation, which, to a greater or less
extent, has prevailed for weeks. Business of
nearly every description is very "slow," and the
Levee in particular seems almost desorted. The
cotton market is just now hardly worth mencotton market is just now hardly worth men-tioning at all, for yesterday the entire sales re-ported amounted to only 33 bales. The stock on hand and on shipboard last evening amounted to

The city finances are still in the most unsatis-The city finances are still in the most unsatisfactory condition. Yesterday the Legislature received a communication from the Mayor and Common Council, containing a resolution of the Council, declaring it, in their opinion, "necessary for the immediate and permanent relief of the city that the Legislature now in session be and they are hereby requested to pass such acts as shall enable the city to enforce the collection of all tayes past due to issue bonds to the extent. of all taxes past due, to issue bonds to the extent of five million dollars, payable in forty years or less, and to lay a special tax on all of the real and personal property of the city sufficient to meet the interest on said bonds, and to provide a sink-

the interest on said bonds, and to provide a sinking fund for the final redemption thereof."

In October the Alliance line will extend its connections to Havana, and a steamer will leave New Orleans by way of Pensacola, Apalachicola, St. Marks, Cedar Keys, Tampa, Key West, and thence to Havana, touching at the above-named ports on her return. An "authority" says that the establishment of this service effectually concentrates the whose trade of the Gulf in this city, if our merchants prove sufficiently enterprising if our merchants prove sufficiently enterprising to avail themselves of its benefits.

VERMONT BANK ROBBED.

Twenty Thousand Dollars Stolen from a National Bank in Bennington. (From the Troy Whig of Aug. 11.)
One of the most skillful as well as successful burglaries that has ever been committed in this vicinity occurred in the usually quiet town of East Bennington, on Saturday night last. The vault of the First National Bank was the "centre vault of the First National Bank was the "centre of attraction" to the burglars, who gained an entrance to the building by prying epen a shutter and window leading to the banking-room. Sunday afternoon, about 3 o'clock, Mr. L. R. Graves, President, entered the Bank and discovered that the dial plate had been removed from the exterior door of the safe, which was one of Lillie's manufacture. As the dial-plate is only held in its position by a goal agreem which held in its position by a small serew, which could easily be removed, and as nothing else in the room appeared to have been disturbed, Mr. the room appeared to have been disturbed, Mr. Graves, supposing that it had been removed by some of the bank officers for some reason, returned home without any forebodings of trouble. About 9 o'clock in the evening Mr. Graves' son, the bank officers for some reason. About 9 o'clock in the evening Mr. Graves' son, teller in the bank, returned from a visit. Upon being informed by his father of the removal of the dial-plate from the safe his suspicions were aroused, and having informed Cashler Cobb of the circumstance, the three proceeded together to the bank. The skilful eyes of the Cashler and Teller immediately discovered something wrong. The Cashier attempted to open the cate, but without the dial plate nothing could apparently be done. After several vain endeavors he succeeded in picking the lock of the outer safe door, but the dial plate of the inside safe lock having been also removed, he could proceed no further. Subsequently, Mr. Stirling, the agent of the safes in this city, succeeded in picking the inner lock. The contents of the inner safe were found untouched, much to the surprise as well as gratification of the officers of the institution The outer safe contained \$8,000 or \$10,000 belonging to the bank and \$12,000 of ### Storon I he outer safe contained \$8,000 or \$10,000 belonging to the bank and \$12,000 of special deposits, amounting in all to about \$20,000, not including about \$4,000 worth of Bennington town bonds, which were untouched. As only three persons, and these being officers of the bank, were acquainted with the combinations of the lock it is expraised that corns [1][[6]]. the lock, it is surmised that some skillful cracks-men succeeded in picking the lock. The Cashier of the bank left the institution about 9.30 o'clock of the bank left the institution about 9.30 o'clock on Saturday evening, so that the burglars must have operated between that time and sunrise of the next morning. Of the private depositors Mr. E. A. Cobb. the Cashfer of the bank, is the heaviest loser. Between \$5,000 and \$7,000 in cash—together with some Bennington town bonds belonging to him—were appropriated by the burglars. The remainder of the special deposits was composed for the most part of small sums, deposited by residents in the vicinity who can illy afford to lose even small amounts. The circumstances of the burglary are somewhat peculiar in several particulars. Detective Kirk, of this city, is at present investitective Kirk, of this city, is at present investi-gating the affair, and it is hoped that his efforts in ferreting out the criminals will be crowned with tiltimate success. Although the bank has suffered somewhat from this unfortunate circumstance, still its officers maintain that its stability is in no wise affected, and that its business will be transacted as usual:

CITY BULLETIN.

OBITUARY.-At a meeting of the Commercial Exchange Association, held this morning at their Hall, corner of Second and Gold streets J. Harper Jeffrles, Esq., the President, announced the decease of Philip Bushong, a member of the organization. Mr. B. has been engaged here and in Reading for nearly half a century as a distiller and manufacturer of alco-

The following preamble and resolutions were The following preamble and resolutions were unanimously agreed to:

Whereas, After a long and painful illness, death has removed from among us our old and valued associate, Philip Bushong; therefore be it Resolved, That it is with more than usual sorrow we mourn the loss of one so long identified with us in commercial pursuits, and whose integrity, sagacity and enterprise reflected honor upon his associates.

Resolved. That we tender to the family of the

Resolved. That we tender to the family of the deceased our sympathy in their bereavement.

Resolved, That the members of this Association attend the funeral.

The following gentlemen were appointed the Committee on Resolutions: John P. Bankson, Z. Locke, Alexander Young, John L. Buzby and

ST. THOMAS'S CHURCH, WHITEMARSH .- Thirty years after the founding of our State an old log church at Whitemarsh, that had been used for many years, gave way to a stone edifice for the performance of Divine worship. One hundred and seven years after this, in the year 1817, this venerable church, beyond repair, gave place to a still larger though less substantial building. The latter, after fifty years of good service, was declared unsafe, and was just recently removed. The work of erecting in its stead as successor has been commenced, and the corner-stone will be laid with appropriate ceremony on to-morrow afternoon. Encouragement in this effort is solicited by the church people in the shape of donations, that the old landmark, where, for nearly one hundred and fifth years. Divine worship was one hundred and fifty years, Divine worship was celebrated, may be renewed.

FAST JUVENILES.—Last night when the New York train arrived at the West Philadelphia depot, Policemen Beaston and McKee noticed two boys who were behaving suspiciously and were making a display of a little more money than they ought to have had if they came by it honestly. The juveniles were taken into custody. One of them said that they had stolen \$50, and had gone to New York on Monday last. They were returning last night after having expended about \$20 of the stolen money. The two lads were taken before Ald. Mauli and were committed for a farther hearing.

RAILROAD IMPROVEMENTS .- The Philadelphia, Germantown and Norristown Railroad Company is constantly making improvements which add greatly to the comfort and convenience of its passengers. About one-half of the road is now laid with steel rails, which have been found to possess many advantages over the old style of rails. The station-houses along the route have been recently enlarged and improved, and several-new-and handsomely farnished passengercars have lately been added to the rolling stock.

THE M.ENNERCHOR.—The members of the Mannerchor had a private pic-nic at Engel & Wolf's Farm, yesterday. Notwithstanding the rain, there was quite a large attendance of members and their families, and invited guests, composed of delegates from other musical societies. The cutertainment comprised music by a fine band, daucing and singing by the different societies. Everything passed off in the most successful manner, and the affair was one of much enjoyment to all the participants.

ATTEMPTED ROBBERY .- Among the visitors to Point Airy yesterday was an individual who had a roll of bank notes, and made himself quite prominent by frequently displaying his greenbacks. He was soon surrounded by some of the Fourth Ward thieves. Finally three women and a man were arrested upon the charge of attempting to get unlawful possession of some of the money. They were taken before Ald. Mink and were committed for a further hearing. mitted for a further hearing.

Boy Shor .- A boy named Thomas Prentiss, residing at No. 1622 Latona street, was before Ald. Dallas this morning upon the charge of Aid. Dalias this morning upon the charge of having shot a lad named Cornelius McFillan, aged 11 years. The two youths got into a quarrel about some trivial matter yesterday afternoon about half-past three o'clock. Prentiss had a vistol and fired at McFillan. The ball took effect in the head, causing a serious wound. Prentiss was committed to await the result of the injuries of McFillan.

RE-ARRESTED .- Pat Dougherty, who was arested in West Philadelphia, sometime since, upon the charge of assault and battery with intent to kill, was admitted to bail and forfeited his recog-nizance, was re-arrested yesterday and was sent to prison to await his trial.

THE TEMPERANCE CAUSE.—The Supreme Council, T. of H. and T., commenced its sessions in this city to-day. To-morrow evening, at Concert Hall, the members will receive a public greeting from the members of the Order in this

AN OWNER WANTED .- About twelve pounds of new lead pipe, which had evidently been stolen from some house, were found on Delaware avenue below Willow street, this morning. The pipe awaits an owner at the Harbor Police Sta-

AT HALF MAST .- The flags upon the public buildings and upon many private establishments are displayed at half-mast to-day, in respect to the memory of Hon. Thaddens Stevens, who died last night at Washington.

TILL TAPPING.—A boy named Jos. McGovern was arrested yesterday, and taken before Alderman Maull, upon the charge of having robbed the money drawer of a store at Fortieth and Market streets. He was committed for trial.

FOUND DROWNED .- The Body of an unknown boy was found in the canal, at Manayunk, this morning, and was taken to the Thirteenth District Police Station. The Coroner was notified.

LA PIERRE HOUSE.—This well known hotel, which has been closed during the past two months, is again open for the reception of guests, having gone through a number of great improvements. Messrs. J. B. Butterworth & Co., the present proprietors, are well versed in the hotel business, and we think those of our readers who have occasion to stop at a hotel will find everything at the La Pierre, in the way of elegance and comfort, to suit even the most fastidious.

GRAND BALL AT CAPE MAY .- A grand fancy dress and calico ball will be given on Saturday evening, the 15th instant, at the Sea Breeze House, Cape May, under the direction of Mr. Mark Hassier. A brilliant affair may be ex-

REAL ESTATE.—We call the attention of our readers to the card of Wm. L. Creece, to be found in our Real Estate column. Persons desirous of purchasing or renting cottages at Cape Island vould do well to consult him.

DRINK the famous Arctic Soda Water and read the Evening Bulletin, at Hillman's News Stand, at North Pennsylvania Depot.

THE COURTS.

Quarter Sessions—Judge Brewster.—Valentine Deering was charged with stealing 400 pounds of copper. The defendant is a carman, and it was alleged that he was employed to move the copper, and, in doing so, he allowed his son to take it away while the defendant occupied the attention of the parties who accompanied him to receive the money for the owners. The defence offered no testimony; but relied upon an alleged technical defect in the evidence. Verdict gullty. George Thomas, colored, was charged with robbing a countryman, in Hurst street. He was seen, with others, holding the countryman, and was afterwards identified while running away. The next day Thomas and his companions were carousing in the lower section of the city, in dulging in champagne, and had changed their rags for good clothing.

The prisoner had no testimony, but one of the QUARTER SESSIONS-Judge Brewster .- Valen-

New York, August 12.—The Board of Health had again under consideration yesterday measures for the cure and prevention of the cattle disease. A report from the sanitary squad showed that in the drove yards of the city there was no disease apparent as yet. Dr. Harris submitted a report in reference to the disease. report in reference to the disease. He expresses the opinion that it is one of the most intense forms of the malignant typhus. Telegrams from Pitteburgh state that the disease has disappeared among the cattle in transit on the Pennsylvania rallroads. The body found floating in the East River on Saturday proves to be that of Mr. Charles Elliot, formerly a judge in California, and for several years past a member of the firm of A. M. Binninger, wine merchant, of Beaver street. He resided at the Washington Hotel, and as he is supposed to have received 4000 on Figure 1.

numerous young members of the bar, lounging about the Court room undertook the defence

posed to have received \$4,000 on Friday, it is surmised that he was murdered. The Thirteenth District Grant and Colfax Club displayed a magnificent transparency at their headquarters, No. 206 Eighth avenue, last evening. They have arranged for a mass meeting to take place next Tuesday evening, at which speeches will be made by Generals Sickles and Cochrane.

A junk-dealer named Hugh G. Cunningham was found dead in his shop, No 118 Hudson Avenue, Brooklyn, on Monday. The condition of the body, which had evidently lain for several days before it was discovered, indicated foul play. CITY NOTICES.

This Company, National in its character, offers, by reason of its Large Capital, Low Rates of Premium and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium, being largely reduced, are made as favorable to the Insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are apt to cause the Policy-Holders. Several new and attractive tables are now pre-

sented, which need only to be understood to prove acceptable to the public, such as the IN-COME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policyholder not only secures a life insurance, payable at death, but will receive, if living, after a period cent. (10 per cent.) of the par of his policy. In the latter, the Company agrees to return to the as-

sured the total amount of money he has paid in, in addition to the amount of his policy.

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special ad-

vantages offered by the National Life Insurance Circulars, pamphlets and full particulars given on application to the Branch Office of the Company in this city, or to its General Agents.
