ALLEGED ROBBERY.-Last night one Edward Dougherty and another man, same not known, visited Schuell's Lager Beer Saloon, at Tenth visited Schuell's Lager Beer Saloon, at Lenta and Filbert streets. While there Schuell fell saleep, and while his bar-keeper was temporarily absent, Dougherty and his friend are alleged to have robbed Schuell of his watch—a gold one of considerable value. They then left the place. Dougherty was subsequently arrested, but his confederate escaped. The time-place was not recovered. It doubtless adds to the lustre of some mawn shop show-case or window. Dougherty pawn shop show-case or window. Dougherty denies that he had anything to do with the robbery. The court will decide whether he had or not. Ald. Jones committed him to await the action of the Grand Jury.

A COWARDLY ATTACK.—Last evening when the Berry Campaign Club of the First District was passing down Christian street, near Eighth, on passing down Christian street, near Eighth, on their way to the Republican Mass Meeting at Passayunk road and Wharton streets, several stones and bricks were thrown into the line by unknown parties. The large transparency of the Club was destroyed on one side by a brick. One of the members of the Club was badly, but not seriously cut about the head with a stone. The Club is composed of respectable and hardworking citizens of the First District, and they gave no cause for the cowardly attack.

ABOUT A HAT.-James Quinn belongs to a gang of youthful depredators who rob market wagons on Second and Fitler streets. Yesterday he was arrested for stealing a man's hat, where he got it nd from whom he stole it the Lieutenant failed and from whom he stole it the Liceutenant taken to state. This morning he had a hearing before Alderman Heins. Quinn plead not guilty, but the evidence against him was so direct that the magistrate did not hesitate a moment about his ilt, and made out his commitment and sent im below to await trial. Bail was demanded to the amount of \$500.

DEMOCRATIC RIOTERS .- Last night the supporters of Seymour and Blair made several attacks upon the Republican Invincibles in the the lower part of the city. At Eighth and Chestnut streets several young men made an attempt to get up a riot. They failed. One of the parties, giving the name of Henry Smith, was arrested. This morning he had a hearing before Alderman Beitler. He was held in \$1,000 bail to answer at

A BAD Youth.—John Toner is a youth of 19 years. He is a bad fellow. Last night he was arrested at Twenty-third and Market streets for being drunk and disorderly. He gave the po-liceman a great deal of trouble. John is charged by his mother with having threatened her life This occurred a week ago. He had a hearing before Alderman Jones this morning. He was

NEW JERSEY MATTERS.

TEMPERANCE .- At the last convention of the Independent Order of Good Templars, for District No. 2, at Winslow, the following resolutions

1. That we recognize with gratitude the hand of God in the revival of the Temperance cause 5n our country. 2. That we earnestly solicit the cooperation of all members of the Christian church in our efforts

for the suppression of intemperance.
3. That we earnestly recommend all Lodges to put forth special efforts for the education of 4. That it is our duty to inculcate principles of total abstinence as the only safeguard upon which we can hope for the redemption of the world from interpretate.

from intemperance.

5. That all consistent members of our order should preach in accordance with the above

yiews.

6. That it is the duty of Good Templars to point out and report immediately to the proper authorities all illegal sales of intoxicating liquors.

After the transaction of the usual business and the same an fixing the next place of meeting at Hammonton, and the 17th of November as the day on which to assemble, the Convention adjourned.

INTERESTING CEREMONIES.—The ceremonies of laying the corner-stone of the new Odd Fellows Hall, at Fifth and Pine streets, yesterday afternoon, were of the most interesting character. A very large concourse of people assembled on the occasion, while members of various Lodges of the Order attended in regalia appropriate to such events. The nall thus dedicated will be a fine and imposing structure, and will be completed by the close of the present year.

HANDSOME FLAG.—A handsome flag with the names of those true and tried patriots, Grant and Colfax, will be elevated to the top of the beautiful pole recently raised at Twelfth and Market streets, by a few good Republicans in that part of the city, this afternoon. A grand time will be had generally at the raising, and in the evening a general mass meeting will be held, at which several second and rowerful speaches will be several eloquent and powerful speeches will be

STEALING CHICKENS.—Chicken thieves appear to ply their avocations quite briskly in and about the suburbs of Camden, and seem to carry on a profitable business. On Tuesday night they carried off twenty-four from one chicken house. Others have suffered to a severe extent, and thus

far the thieves have escaped. A NEEDED IMPROVEMENT .- Workmen are filling up Broadway from Kaighn's Point avenue to the southern line of the city. This has always been a very bad portion of that highway, sometimes almost impassable, and the improvement will be halled with great satisfaction.

DEMOCRATIC POLE-RAISING.—This afternoon he Democrats of South Ward, Camden, will raise a fine flag-pole at Fourth and Spruce streets, from which they will throw to the breeze a banner bearing the names of Seymour and Blair.

Examination of Teachers.—The examination of teachers for the public schools of Camden county will take place on Saturday next, at the North Ward Grammar School, in Camden.

A Bishop's Malediction. Cardinal Mathieu, Bishop of Besancon, France

Cardinal Mathieu, Bisnop of Besancon, France, in distributing the prizes to the pupils of the College St. Francis Xavier, said:

"Let God arise, let His enemies be scattered, and let all those who hate Him fly before the face of the Lord. As to those daring men who would fix our regards on earth, and prevent us from looking towards Heaven, we bid them an eternal

farewell. Far from us that implous band; let it go to hell; it, which was a compact with the evil one and his demons. We are the children of light. It is not for us to walk in darkness or to be defiled by the impurities of the age."

POLITICAL.

The Rebel Spirit.

The Rebel Spirit.

The Mobile Tribune says: "The great Democratic party will rise in its might and majesty, and pulverize and purge the Congress, just as Cromwell purged the long Parliament. The signs of the times are pregnant with resistance to Radical tyranny, and the dagger of Brutus may aid in accomplishing our redemption from Radical rule, rule and usurpation."

The Mobile Register is not less plain spokens.

-The Mobile Register is not less plain spoken: —The Mobile Register is not less plain spoken:

We know there are many Democrats at the
North, including some distinguished soldiers,
who believe that the political atmosphere, poisoned by the long reign of radical despotism, will
not be so purified that liborty may flourish on it,
until a just chastisement is inflicted upon the
daring men who have conspired against the freedom of the pation. In other words, that the dom of the nation. In other words, that the counter-revolution will not be complete without

more blood-letting.

—Here is the opinion of the West and South:

"From first to last—from the so-called antislavery amendment of the constitution to the slavery amendment of the constitution to the flood of trash for all purposes, military, civil, financial and commercial—all the reconstruction laws of the whole peace period fall to pieces, if the Democrecy succeed in electing Mr. Seymour as their standard bearer. We can take part in such a conflict. We believe, from the depths of our understanding, that these acts of Congressional misdoing are all, one like the other, perfectly void." fectly void.

The Mercury, of Meridian, Miss., preaches this doctrine:
"With the skull and cross-bones of the "lost cause" before us, we will swear that this is a white man's government. We must make the negrounderstand we are the men we were when we held him in abject bondage, and make him we held him in abject bondage, and make him feel that when forbearance ceases to be a virtue, he has aroused a power that will control him or destroy him."

—And the St. Joseph (Mo.) Vindicator says:

—Hot the use Joseph (Mo.) Vindicator says:

—Free Misery' alone, are sworn to do battle, if need be, for the Right! "And if tom fletcher, the FELON, and his horde "And if tom necessary, of outlaws resist, "Hell's Ahead!"

"Hell's Ahead!"

-Col. Slayback, a Democrat of St. Joseph, said in a speech:

"By the election of the Democratic ticket only could the noblest men who ever lived—the galant sons of the South—gain what they had fought for without the sacrifice of a single principle."

-Semmes, the pirate, was equally explicit at "I have given my allegiance to the old flag, provided we can restore the old flag again to be the representative of the principles of the constitution, which we will be able to effect by the election of Seymour and Blair."

—Judge Jones, a prominent Democrat of Mo-bile, said at a ratification meeting: "On the issue of the contest before them depended their all. Before the war the Southern people believed in State rights, they fought and spilled their blood for State rights. Unfortunately for them, and perhaps for the whole country, the regult of the war was a permanent extinguishment of State rights, unless, under God's providence, the Democratic party, under the leadership of Seymour and Blair, re-establish the time-honored

And General A.R. Lawton, of Savannah, speake "For the first time, we have a platform we can "For the first time, we have a platform we can adhere to. We have a work to do which can be accomplished. We have leaders to represent those principles, who will carry us out of the 'Slough of Despond.' Peace has its victories as well as war; the great principles for which we fought, and which we leared were lost, may yet he achieved."

A Swimming Corps.

An old idea, first suggested in the time of the first Napoleon, is about to be carried out in the French army. There is to be a corps of experienced swimmers attached to each regiment. The original author of this scheme was Viscount de Courtivran, and he proposed that the swimming corps of each regiment should wear a kilt, san dals and a helmet, of which the crest should be nade in the form of a cock's comb, and in order made in the form of a cock's comb, and in order to support the gun clear of the water, but end in front, the barrel during swimming operations to be earefully corked. M. de Courtivran also suggested that at each side of the helmet there should be two small receptacles in which carbonches could be kept dry. touches could be kept dry.

UNION PACIFIC

RAILROAD

Are now finished and in operation. Although this rog is built with great rapidity, the work is thoroughly done and is pronounced by the United States Commissioner to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it. Rapidity and excellence of construction have been se-cured by a complete division of labor, and by distributing the twenty thousand men employed along the line f i ong distances at once. It is now probable that the

Whole Line to the Pacific will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of the road; also United States Thirty-year Bonds, amounting to from \$16,000 te \$43,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting roops, mails, &c. THE EARNINGS OF THE UNION PACIFIC RAIL

ROAD, from its Way or Local Business only, during the year ending June 80th, 1868, amounted to over Four Million Dollars,

which, after paying all expenses, was much more than sufficient to pay the interest upon its Bonds. These earn ings are no indication of the vast through traffic that mus v the opening of the line to the Pacific, but they cer-

upon such a property, costing nearly three times their Are Entirely Secure.

The Union Pacific Bonds run thirty years, are for \$1,000 each, and have coppons attached. They bear annual in-terest, payable on the first days of January and July at the Company's office in the city of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is the length of time they have to run. It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. se-curities as these will be held at as high a premium as those of this Government, which, in 1857, were bought in

rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Philadelphia by DE HAVEN & BROTHER,

at from 20 to 23 per cent. above par. The export demand alone may produce this result, and as the issue of a private

corporation, they are beyond the reach of political action

The Company believe that their Bonds, at the present
