They are called the Doy soldiers, are young men, and started for Ne-braska to punish their hereditary enemies, the Pawnees. Passing through the intermediate country, they committed the murders and other outrages to which publicity has already been given; acting in this way, not only against treaty obligations, but contrary to the wishes of the couffederated nation to which they belong. If measures other than these be undertaken, and an indiscriminate onsiaught on the Indians commenced, there is reason to fear, from the known spirit of the army, that there will be a disastrous.war of indefinite continuance, draw-ing into the vortex thousands of Indians now at peace with the United States, and, besides in-volving the government in the expenditure of millions of dollars.
