is established at Dixville Notch.

[Correspondence of the Phila. Evening Bulletin.]

n operation do not shine with their usual bril-

take in about twenty and twenty-five dollars per

ledge that the reality beggars description. Dixville Notch near the Canada line has not received the notice it deserves, because LETTER FROM ATLANTIC CITY. no accommodations have been offered to visitors, but in another year this will be obviated tion has set in very strongly during the past Shorey, for the purpose of erecting there a first-class hotel. Several gentlemen are interweek, and the "City-by the Sea" is now nearly ested in the project, and are forming a com-pany to begin building this autumn, so that the house may be ready for visitors next July. But how to get to Dixville Notch the read will exclaim? This was the query we often put to those we thought might answer it from neither Guide-book or Pathfinder could liancy at night. The parlors are dark and dreary. A single lamp serves for the office, while here we obtain information until we reached Portand there a single light can be seen in one of the and. Maine, where we were so fortunate as spent some time at Dixville, when exploring the mountain region to write a hand-book of

Under his direction we learned that taking the Grand Trunk Railroad at Portland, we should, after riding 134 miles, reach North miles from the Canada line. At this point we found a stage awaiting the arrival of the train, and a pleasant ride over excellent roads the hotel keepers and others in business here have not the slightest cause for complaint. The houses have always been filled to their utmost caing village of Colebrook. This is situated on the upper waters of the Connecticut in a rich, alluvial valley between the hills. In this seculded nook the spinning-wheel is still seen in motion, and many a thread is spun to amuse the strange visitors; who regard this ratio of the next with much curiosity. The extreme heat of the summer caused great 'numbers to fly from your hot bricks and mortar and to take refuge here, the fuglitives in numerous instances being compelled to put up with many personal inconveniences. The individuals who came here with their boats to take ratio of the next with much curiosity. relic of the past with much curiosity.

The hotel at Colebrook is the resting place of travelers to the Notch, where they obtain parties fishing and sailing have been resping a rich harvest. The most of them look sharp after the greenbacks, and pay little attention to the satisfaction of their customers. Those who go out to make a raid on the finny tribe are anchored It is a quiet spot where comfortable accommodations can be had. We found there two tis a quiet spot where comfortable accommodations can be had. We found there two
Philadelphia anglers, who had been for
several weeks engaged in trout fishing with
wonderful success. One day the youngest
this way these honest (?) Jerseymen manage to
this way these honest (?) Jerseymen manage to wonderful success. One day the youngest angler caught in a brook with his fly and line angler caught in a brook with his fly and line a trout weighing one pound and nine ounces. It was a splendid fellow, and appeared the next day at dinner stuffed and baked, filling a good-sized platter.

The scenery around Colebrook is fine. Directly opposite the hotel, on the other side of the Connecticut river, in Vermont, riges Monadnock Mountain, 3,600 feet in height. This name the Indians gave to several mountains in New England; one of some note is in

tains in New England; one of some note is in the southern part of New Hampshire. The word in the Indian dialect means "the spirit's name, and with two or three friends took a trip word in the Indian dialect means "the spirit's place," and as the White Mountains were considered by the aborigines the home of the Great Spirit, it is probable that they singled out some particular parts as the "Holy of Holies in which it delighteth Him to dwell."

Dixville now contains but one house, and that alog cabin, and but a single voter The land was granted by the State about 20 years. and was granted by the State about 20 years ago to a New Hampshire politician, John W. Dix, from whom the name is derived. It was afterwards owned by Daniel Webster, but whether he ever visited this region to follow his favorite recreation of fishing we for the hotel, on an elevation directly at the entrance of the Notch. Behind it the trees

follow his favorite recreation of fishing we be made with much pleasure and convenience. Mr. Shorey has selected a most eligible site C. G. Resenberg, artist and man of letters, building, rises a peak of sienna colored stone almost perpendicularly to the height of eighteen hundred feet. The top of this is colled Table Pacific and in a colored stone in the departure of the New York Seventh Registration of the colled Table Pacific and in the college of the college o called Table Rock, and is readily seen at Colebrook, ten miles off. To this pinnacle ambitious visitors attempt to climb, but when The Sculpture Galleries of the Louvre. ambifions visitors attempt to climb, but when reached it requires a strong head to stand unmoved upon the dizzy height. This platform is thirty feet long and ten across. Close by is a natural refrigerator, fifty feet deep, always containing, the hottest summer day, ice and snow, where the weary and heated climber devoted to Grecian and Roman sculptures, the containing of the building known as the apartments of Anne of Austria, which have for many years been devoted to Grecian and Roman sculptures.

The SCULPTURE GALLERIES OF THE LOUVRE.

Those who visit Paris this autumn will hows' Junior Ladies' Reader.

MARTINDALE'S SERIES OF SPELLERS. can refresh himself, and cool the wines he have been completely restored and embelests upon the giant's table. We may suppose tissed, and are now approached through a a Roman profile seen in the rock to be the fire gallery in the new Louvre, in which is guardian of both table and ice-chest. Mr. a curious collection of statues and busts of Shorey proposes to make this ascent more | Roman Emperors, principally from the Cameasy by cutting steps in the rock and rolling | pana museum, and some other interesting away loose stones. Now few women attempt antiques. Between the two galleries is a to climb the peak, but it will be made a point smaller one, in which a large number of speof great attraction, accessible to all who have any pretentions to mountain climbing. One of the great charms of this resort will be that the house is situated in the midst of the alpine scenery. Those who can point of view. The second gallery referred midst of the alpine scenery. Those who can point of view. The second gallery referred to the alpine scenery and proposed to facilitate the study of the Orthography and Pronunciation of the English Language. By Joseph C. Martindale. walk only a few rods can enjoy it without to is that in which the fine electrotype reprothe aid of horse or carriage, and even invalids can look from the windows of their to be seen. They have been removed, and rooms upon the heaped up masses of rocks | we are not aware whether they are now exact which the changing forms and hues in hibited. On the upper floor, the small room, sunlight and in shade. The notch is a mile | which formerly contained the charming coland a quarter long; the road is tolerably good lection of engraved and jeweled crystal and for carriages, though some rough places cannot be avoided. On either side rises huge vantage in the noble Galerie d'Apollon, has stockhardt's Chemistry. The Principles of masses of shattered, splintered rock, forming to the imaginative eye castles and battlements, towers and turrets in great variety. The timid chased in Italy a short time since. Scarcely traveler fears these rocks may fall upon his a month passes without some marked imhead from their close proximity, but we were assured they only came down in the spring when disintegrated by the winter's frost. It creased during the last two years, and they must be a grand spectacle to see one of these | will be still further extended next year, by the giant rocky pillars detached and rolling down | removal of the Salle des Etats to that part of the mountain side, but we should like to be at a safe distance.

At the eastern end of the Notch there is a school masters' salaries in Engineer. The Pall Mall Gazette quotes the followfine cascade falling in several successive leaps ing from a recent report on the Church schools in Lancashire: 400 feet. No more romantic spot can be imagined, and Mr. Shorey proposes making these schools are very large. The average of the salaries returned by the misters in one rush, so that this beautiful fall may be seen by all the visitors to the Notch. His good town is over £139 a year, exclusive of house, te will lead him to retain all its peculiarly profits of evening school, or other advan-tages; and in one instance a total income from wild features while removing some of the aspenties of the way.
Dr. Jackson, in his geological report all sources is made of £300. It is well that a profession should have these prizes; and New Hampshire, speaks of Dixville Notch in the following terms: "The angular and premost certainly they are only gained by the cipitous appearance of the mica slate rocks rising hundreds of feet almost perpendicularly on either side is strikingly different from the rounded and water-worn appearance of most hardest and most trying work; but in the face of this it is impossible, at least in this district, to agree with the cry that salaries are diminished and a teacher's prospects blighted of the primitive rocks throughout the northern part of the United States, and seems to come under the new code. And this leads me to remark upon a point which should, if possible, be guarded against. A return is asked nearer the scenery of the Alps than anything in New England." for each year of the whole pecuniary emolu-Leaving this great natural curiosity we proceeded ten miles farther to Errol dam, sometimes called the portage of Lake Umba richer than they are, and from the opportusometimes called the portage of Lake Umba-gog. Here is a perfect angler's retreat on the anks of the Androscoggin; standing on the it is certain that in many instances the return piazza of this neat inn of the wilderness we is made too low, and that teachers consesaw a fisherman take with his rod nine large trout before breakfast. This hotel, with no other house in sight, no neighbors for miles other house in sight, no neighbors for miles around, is exceedingly well kept by Mr. and Mrs. Bennet, the rooms even tastefully furnished; and the table loaded with mountain delicacies. This is the region for all lovers of old Walton's sport, and every year it is becoming more resorted to. Rods and flies are plentiful, with india rubber coats and flabing attire, while crinoline is seldon and Mrs. Bennet, the rooms even tastefully furnished, and the table loaded with mountain delicacies. This is the region for all lovers of Old Wallon's sport, and every year it is becoming more-resorted to. Rods and flies are plentiful, with india rubber coats and fishing aftire, while crinoline is seldom seen, and the advent of a lady is hailed with jay; to be the sole representative of the gentle sex at a table with twenty of the masculine order teaches one her importance, but this happy.

Masters, £98 14s.; mistresses (girls), £62 13s.; mistr
