State of Thermometer This Day at the TERRIBLE EFFECTS OF LIGHTNING IN NEW JERSEY. Two Young Ladies Killed-Barns Burned, &c. [Correspondence of the Philadelphia Evening Bulletin.] New EGYPT, N. J., September 1.-- A severe storm passed over this place yesterday afternoon. The rain poured in torrents and was accompanied The rain pourse in torrents and was accompanied by sharp flashes of lightning and heavy peals of thunder. At the house of Judge Jobes, of Ocean county, located about a mile and a half from this place, a distressing accident occurred. Anna B., aged 16 years, and Hannah M., aged 12 years, daughters of Mr.Jobes, were instantly killed by a place, a distressing accident occurred. Anna B., aged 16 years, and Hannah M., aged 12 years, daughters of Mr.Jobes, were instantly killed by a stroke of lighting. They were on the plazza. One was standing on the floor. The other was upon the sont with one arm council the sont bo ----the seat, with one arm around the neck of her sister, and a hand on her shoulder. The light-ning struck a large button wood tree in front of the pinzza, glanced off and killed both sisters. The bolt must have passed between them. The hair of both, on the side which they had to each other was singed and there was also a mark FATAL RAILWAY ACCIDENT. - A lad named hair of both, on the side which they had to each other was singed, and there was also a mark along the side of the face. One shoe of each was torn, where the fluid evidently passed out. It A piece of the seat, where one of the girls had her foot, was taken out as clean as if it had been done with a chisel. A post against which one was leaning was splintered. A brother of the young ladies was lying upon a sofa in the parlor at the time. The lightning struck a mirror hanging over his head, cracked it in two places, blackened the frame and then descended to the sofa, passing out of one leg, breaking it in three places and knocking the castor off. The young man was thrown upon it he floor and had his left arm and both legs FINANCIAL and COMMERCIAL scorched. A young lady, who was sitting within three feet of the deceased, was slightly stunned, and two children who were playing on the ground were thrown flat on their faces, but fortunately were not severely injured. The Methodist Church in this place was struck by lightning and slightly damaged. The barn of Joseph Halnesport was struck and set on fire. It was totally destroyed, and its conats were burned. THE DAILY EVENING BULLETIN --- PHILADELPHIA, TUESDAY, SEPTEMBER 1, 1868.

bi Dickinghald, as a maxie of control, tele graphed to Lord Monck the startling intelligence, which permeated from him through the ordinary channels until a militia order appeared notifying volunteer officers that leave of absence was with-drawu, and that they must hold themselves. Stocks were very quiet this morning, but for Government stocks and other first-class Bonds there was very little change from yesterday's quotations. Lehigh Gold Loan was fair at 86%. City Loans were firmer, and the new issue sold eady for active service at a minute's notice.

A number of whisky distilleries in this city, which have suspended operations by order of the revenue officers for the last few months, recommenced business yesterday under the new law. The Tobacco Manufacturers' Protective Assoc ation held their second meeting at the Steuben Bonse, Bowery, yesterday, and adopted a code of by-laws, and elected permanent officers. Dangerous Epidemic in York.

It is stated that a malarious fever, of a malig-nant type, has broken out at York, Pa., espe-cially in that section east of Main street bridge, The cases which have terminated fatally have been mostly confined to adults. The query arises on all sides—"What is the cause of the sickness?" Some say it is produced by using water from the Codorus for drinking and cul-nary purposes—that the washings of ore in the upper portions of the meandering stream ortions of the meandering stream uted impurity and the seeds of sickness. the fever is occasioned i consequence of the water, though the ore-washing in the Codorus at least renders the water cloud in the Colorus at least renders the water cloudy and nuclean, and for these reasons alone the practice should be prohibited. Our physicians themselves do not know to what cause to assign the sickness. Some of them claim one thing-some another. The excessive hot weather in July may have something to do with it. But then it was as hot in the country with it. But then it was as hot in the country, where there is no sickness, as in town. If the filthness of sewers, and stagnant and foul places
