

CITY BULLETIN.

THE KNIGHTS TEMPLAR.—The following circular in reference to the Triennial Convocation of Knights Templar and Grand Chapter of Royal Arch Masons, to be held in St. Louis, has just been issued:

"At an adjourned meeting of Commanderies Nos. 2 and 29, held in the Commandery Room of Masonic Temple, Chestnut street, Friday evening, 4th instant, it was resolved that the eminent Commanders of each Commandery, notify through their respective lodges, the adoption of the following report of committee appointed at the meeting held 31st ultimo, in reference to the route for attending the Triennial Convocation of Knights Templar, and Grand Chapter of Royal Arch Masons, to be held in St. Louis on the 15th of September.

"Report.—To the Knights of Commanderies Nos. 2 and 29. The committee appointed August 31 beg leave to report:—That they convened on Tuesday morning, September 1, at 11 o'clock A. M. They had before them Mr. John H. Miller, representing the "Pan-Handle" route, and Sir J. N. Abbey, representing the "Bea-lieu" route. The committee have given the preference to the "Bea-lieu" route, offered by Sir J. N. Abbey, who agrees to furnish tickets for the round trip for twenty-five dollars. Ladies' tickets at the same price with all the accommodations offered in his printed circular. Proceeding on this route will leave Philadelphia at eight o'clock P. M., on Friday, September 11; breakfast at Pittsburgh at 9.30 A. M. on Saturday; dinner at Alliance at 1 P. M., supper at Crestline at 5 P. M., on Sunday; arrive at St. Louis at 7.45 A. M., on Sunday; arrive at St. Louis at 2.45 P. M. Tickets can be obtained of Sir William C. Ewing (of Fairbanks & Ewing), No. 715 Chestnut street, under the Masonic Hall, fraternally.

"J. L. HUTCHINSON, CHARLES E. MEYER, Committee." "The following were appointed as a Committee of Arrangements, to whom the fraternity are referred for any information desired during the entire trip:—C. E. Meyer, W. C. Ewing, H. G. Clark, R. W. Birnie. The equipment adopted for the Knights Templar is the fatigue dress, i. e., navy cap, sash, sword and belt and white gaiters. Baggage to be checked through to St. Louis. All Master Masons in good and regular standing in their respective lodges can obtain tickets for themselves and ladies at the same price.

STOLEN PROPERTY RECOVERED.—Four large rolls of fine white flannel were found in the bushes at the upper end of Thirty-fifth street, in the Twenty-fourth Ward, about twelve o'clock on Sunday night. Some of the wrappings of the flannel had been torn off and strewn about the ground. By following the traces of the scattered paper yesterday, Lieutenant Talbot and Sergeant Stierman got to a siding on the railroad near Fortieth and Poplar streets. A train from New York for Baltimore had remained on that siding during Sunday night, but had gone on towards its destination yesterday. The train was identified by telegraph it was ascertained that one of the cars comprising the train had been broken open and robbed. The flannel was part of the plunder.

THE REPUBLICAN INVINCIBLES.—This organization will attend the mass-meeting at Howard and Oxford streets this evening. The following routes will be taken in proceeding to the meeting: 1. P. Chestnut to Twelfth, up Twelfth to Race, down Race to Eighth, up Eighth to Vine, down Vine to Franklin, up Franklin to Spring Garden, down Spring Garden to Sixth, up Sixth to Poplar, up Poplar to Franklin, up Franklin to Girard avenue, down Girard avenue to Seventh, up Seventh to Master, down Master to Marshall, up Marshall to Jefferson, up Jefferson to Fifth, up Fifth to Oxford, up Oxford to Howard street.

A SWINDLER.—A young man calling himself "Charles Howard, special correspondent of the Missouri Democrat," has been passing himself off in Philadelphia recently as a representative of that journal, and borrowing small sums of money on various pretences. He is a Southern man, light hair, slim build, and a decided southwestern brogue. He travels with a printed card, bearing the above title. No such person is known by the proprietors of the Missouri Democrat, and newspaper publishers, especially will do well to look out for him and his "him round."

SUSPECTED ATTEMPT AT ROBBERY.—Richard Toner and James McManis were before Alderman Pancoast this morning upon the charge of misdemeanor. It appears that they went to the house of Mrs. Campbell, at Twenty-third and Wood streets, and professed to be acquainted with her son. In this way they gained admission and then they ransacked the house. When Mrs. Campbell attempted to give an alarm they seized her by the throat and stopped her mouth. They were held for trial.

CAMPAIGN CLUB OF 1860.—A meeting to perfect the organization of this Club, and to prepare for the campaign, will be held to-morrow evening, at the City Armory, Broad street, below Race. This Club performed excellent service for Lincoln and Hamlin in 1860, and will work as efficiently for Grant and Colfax during the present campaign. Col. Wm. E. Mann is the President and Chief Marshal. The Club is already a large one, but at the meeting to-morrow the number of members will, no doubt, be greatly swelled.

DISORDERLY HOUSES.—Michael Callahan was before Alderman Neil last evening upon the charge of keeping a disorderly house. It is alleged that dancing has been carried on in the house on Sunday mornings for several weeks past. Callahan was held in \$500 bail to answer at court.

VOLKMAR THAMMADER has been held in \$1,000 bail by Alderman Eggleston to answer the charge of keeping a disorderly dance-house, at No. 17 Girard avenue.

JUVENILE THIEF.—John Flynn, aged 11 years, was caught in the act of stealing brass cocks from the plumber shop at the Pennsylvania Railroad depot, last night. Articles have been missed from the shop for some time past, and last night a watch was set. Flynn was handing the cocks out of the window to a companion, when he was captured. He was committed for a further hearing by Alderman Jones.

POLICEMAN KNOCKED DOWN.—Mike McNamee got drunk at a tavern at Cumberland and Richmond streets, and raised a disturbance. Policeman Hussey, of the Eighteenth District, undertook to stop the fun of McNamee, when he was knocked down. He then arrested his assailant. The prisoner was committed by Ald. Eggleston.

STONING A TAVERN.—Maggie Henry, while under the influence of the "ardent," yesterday afternoon, amused herself by throwing stones through the windows of a tavern at Fourth and Culvert streets. She was arrested, and then Geo. Truxter intervened with the policeman. He was also taken into custody. Both were committed by Ald. Eggleston.

SLEIGHT FIRE.—This morning, about seven o'clock a shed at the Industrial Machine Works, on Calowhill street, west of Twentieth, was burned. Damage trifling.

LOST HIS BADGE.—Mr. Herman Dieck, Reporter for the Abend Post, lost his badge yesterday. The finder will please leave it at the office of the Chief Engineer of the Fire Department.

PROFESSOR LONG, Ph.D.—We had the pleasure, yesterday afternoon, of paying a visit to the comfortable and commodious rooms of the private Book-keeping and Writing Academy at 1103 Chestnut street, where Professor Long gives personal and unremitting attention to each pupil, and fits young men for the counting-house, and teaches ladies to write angular and Italian styles. We cordially recommend all persons who depend upon their handwriting for a livelihood, to call and see the Professor and his work. The former is a genial, well-souled gentleman; the latter is simply superb.

We would call attention to the advertisement of agency in Europe. This is a most excellent opportunity for a house to establish a branch in Europe.

DRINK THE FAMOUS Arctic Soda Water and read the EVENING BULLETIN, at Hillman's News Stand, at North Pennsylvania Depot.

ARCH STREET RESIDENCE FOR SALE.—No. 2108, south side, opening on a new-built street on the rear. Apply to above, or to Gumme & Sons, 508 Walnut street.

REAL ESTATE.—We call the attention of our readers to the card of Wm. L. Crocco, to be found in our Real Estate column. Persons desirous of purchasing or renting cottages at Cape Island would do well to consult him.

OUTRAGE IN VIRGINIA. Attempted Murder of a School Teacher. The Secretary of the Freedmen's Relief Association in this city has received a letter from Mr. Alvin Varner, a school teacher of the association, in Farmville, Va., which shows the spirit of the Southern rebels, and the dangers to which loyal men are exposed.

Mr. Varner says that at two o'clock in the morning of the 28th of August, his house was entered by a band of twenty armed men, who seized him, and without giving him an opportunity to dress himself, bound him hand and foot and carried him to a neighboring thicket. Here they held a brief consultation, the result of which was that it was determined to hang the unfortunate man who was in their power. A cloth was fastened over his head, and ropes were rigged to a tree, so that Varner could be swung comfortably off.

Just as the murder was about to be consummated, the gang were interrupted by the arrival of two or three colored men, who happened to be passing in that direction. No sooner did the assassins perceive the negroes than they turned their attention to them, and for a moment released their hold of Varner. The latter burst his bonds by a desperate effort, and dashed away from the spot. He was instantly pursued, and several shots were fired at him, but none of them took effect, and the fugitive secreted himself in the bushes and lay there until daybreak, when he succeeded in reaching a point where he placed himself under the protection of United States troops.

Mr. Varner declares his intention to return and begin his school again, as soon as he can have sufficient guarantee of safety from the assaults of the Virginia Ku-Klux-Klan.

THEATRES, ETC. AT THE WALNUT FOOT PLAY is continued. The house last night was full from floor to ceiling—fuller indeed than it has been since Booth's and Forrest's engagements last season. The performance improves each evening, and there is very little fault to be found with the most capricious and fastidious. There is one scene, however, that deserves the very highest praise that can be bestowed upon it. The view of Godsend Island, with the surf-beaten rocks upon the beach, has never been surpassed upon the stage in this city. The action of the water beyond the surf, the breakers themselves, and the undertow, are all given in a manner that is entirely new. The scene is made more effective by the introduction of the peculiar "swish" of the waters. We advise every one to visit the Walnut if for no other purpose to see this bit of consummate art. It alone is well worth the price of admission.

AT THE CHESTNUT THE White Farm retains its popularity. Last night it was given in a particularly reconstructed condition, and the additions contribute largely to the attractiveness of the piece. The cascade scene, introduced last evening for the first time, is very beautiful. It consists of a stream of water, played upon by variegated lights, and containing a number of figures in a variety of attitudes. The horseback scene, also good, and was received very enthusiastically by the audience.

AT THE AMERICAN to-night a miscellaneous performance will be given, consisting of dancing by the ballet troupe, and the usual varied and amusing olio entertainment.

CITY NOTICES. IT IS WONDERFUL how cheap goods are sold at Gay's China Palace, 1023 Chestnut street. The stock is all selected by Mr. Gay in person from the largest manufactories in Europe. The cause of their being so remarkably cheap is the great reduction of prices on the other side of the water. Business being very dull, all the manufacturers have large stocks of goods, and are willing to discount largely to effect sales. Below we quote prices of a few staple goods. Fancy are at a still greater discount.

Officers of the Chinese Government having (through the Hon. Anson Burlingame) consented to this Company the privilege of connecting the great supports of the Empire by submarine electric telegraph cables, we propose commencing operations in China, and laying down a line of 100 miles at once, between the following ports:

Canton, 1,000,000. Macao, 250,000. Hong Kong, 250,000. Amoy, 250,000. Swatow, 250,000. Shanghai, 1,000,000.

The Western World knows that China is a very large country, in the main densely populated, but few yet realize that it contains more than a third of the human race.

The latest returns made to her central authorities for taxing purposes, by the local magistrates, make her population Four Hundred and Fourteen Millions, and this is more likely to be under than over the actual average.
