SILK FACTORY BURNED .- This morning, about a quarter past three o'clock, the "Rose Mill," located on Mill creek, on the line of Chestnut street, between Forty-third and Forty-fourth, was discovered to be on fire. The building was of stone, three and a half stories in height, and 50 feet wide and 130 feet in length. The western end of the first floor was occupied by William Holt, manufacturer of coverlets, and the remainder of the structure by Mrs. Thomas Harrop, manufacturer of sewing silk, silk fringe, &c.

The flames originated in the establishment of Mr. Holt and spread rapidly through the entire

Mr. Holt and spread rapidly through the entire building. The firemen of West Philadelphia were upon the ground, and some of the compa-nies from this side of the river reached the scene of conflagration, but their efforts were unavailing, and the building was completely gutted, and

ontents, including valuable machinery, were entirely destroyed.

The building, engine and boiler, and some of the heavy fixed machinery were owned by Geo.

Wood. The engine and boiler were not injured, being located in a detached building. Mr. Wood has an insurance of \$10,000 in the Royal and other companies, which, it is supposed, will nearly cover his loss.

The loss of Mr. Holt is fully covered by insu-

The loss of Mrs. Harrop and several parties who owned material which was, being worked up, is estimated at \$36,000, and is partly insured in the Royal and other companies.

At the time of the discovery of the fire Mrs. Harrop and daughters were attending a party in the neighborhood. A dog belonging to the family worked his way into the house, ran up to Mrs. Harrop, and behaved in the most singular manner. The animal was ejected from the house, but ner. The animal was ejected from the house, but again effected an entrance, and resumed his mysterious conduct, barking, whining, wand running back and forth from the door to Mrs. Harrop. As the dog was disturbing the pleasures of the party, he was finally whipped and then locked up. Shortly afterwards Mrs. Harrop and daughters started for home, and they then discovered that the mill was in flames. This accounted for the actions of the dog, and showed his singular aggarity in attempting to notify Mrs. Harrop that her

The origin of the fire is not known, but it will be investigated by Fire Marshal Blackburn.

A QUARREL AND ITS RESULT .- Bernard Umbracker was arrested yesterday and taken before Ald. Beitler upon the charge of assault and battery on a German named Girardin.

His back was also injured. He was taken to the German Hospital. Umbracker was held in \$1,000 bail for a further hearing.

FIREMEN'S PARADE.—The Wauregan Hook and Ladder Company, of Norwich, Connecticut, will arrive in this city this evening. The escort and the visiting company will pass over the following route: The line will be formed on Front street, the right resting on Vine; move up Vine to Twelfth, up Twelfth to Girard Avenue, down Girard Avenue to Third, up Third to Germantown road, up Germantown Road to Oxford, down Oxford to Frankford road, up Frankford road to the William Penn House, and there dismiss.

SLIGHT FIRE.—About five o'clock this morning a fire was discovered in the rear third-story room of building No. 1318 Chestnut street. The fiames burned through the floor, but did no further damage. The apartment was unoccupied, and the origin of the fire is a mystery. The other portion of the house is occupied by Mrs. Goble

SENT TO THE HOUSE OF REFUGE .- Two bad boys named William Burns and Frank McCormick, who have been in the habit of sleeping about entries and cellar-ways in the neighbor-hood of Third and Chestnut streets, were arrested yesterday and sent to the House of Refuge. These juveniles have been in the custody of the police several times on different charges.

ROBBERY.—This morning, about three o'clock, the dwelling of Edward A. Warne, No. 1002 Pine street, was entered by forcing open a back door. A lot of wearing apparel and a small amount of money were carried off. A large bundle of articles, packed up for removal, was left behind by the thieves.

ADJOURNED .- The inquest in the case of the little girl Mary Mohrmann, who was so brutally murdered in the Nineteenth Ward, was to have been resumed this morning. There was no evidence to bring before the jury, and the investigation was again adjourned for one week.

A NEW ORGAN.-Messrs. H. Knauff & Son, of this city, have just completed an organ which has been shipped to the First Presbyterian Church of Orange, N. J. The church in question, when about to procure their instrument, cauvassed thoroughly the prominent factories of New York and Boston, and subsequently came to this city and made a contract with the Messrs. Knauff. The instrument is an unusually handsome piece of work; its case standing twenty-one feet in height, made of solid black walnut, finely finished, in the free gothic style. Its front pipes are handsomely ornamented, while the whole external appearance is beautiful. Its musical effects are harmonious and agreeable. It is an organ of considerable size, and possesses great richness and depth in its varied tones. The solo stops are peculiarly striking; whilst the firmness of the pedal tones; and the brilliancy of the full organ are equally worthy of mention. has been shipped to the First Presbyterian Church are equally worthy of mention.

EXHIBITION OF PATRIOTIC PAINTINGS .- The public generally, and ladies especially, are invited to visit Concert Hall, on this (Tuesday) evening, at 8 o'clock, to witness, free of charge, a fine exhibition of "Pictures of the War, from the attack on Fort Sumter to the Surrender of Lee." These pictures have been exhibited in Maine, where they did excellent service, as is evidenced by the election returns, and it is expected that they will do much good here.

FROM NEW YORK.

New York, September 22 .- Four women, New York, September 22.—Four women, mostly servants out of place, were arrested yesterday, charged with being concerned in the death of an old woman named Fagan in a tenement house on West Twenty-eighth street. It seems all the women lived together on the Four-rier principle, each one supplying a certain share of the necessaries of life, while Mrs. Fagan, the hostess, paid the room rent. Whisky was in general use among them, and in one of their orgies, it is said, they had a general row, in which Mrs. Fagan was so seriously injured that she died soon after.

A revival was held in Kit Burns' rat plt in Water street yesterday. Kit, however, was in nowise converted, and his Christian advisers had hardly cleared his doorway after the exercises were over before his dogs were killing rats on time in the pit.

The Board of Alderman yesterday adopted a resolution to extend a public welcome to General McClollan on his arrival here.

On Saturday night three weeks ago, the 29th of August, the importing house of F. Godone & Deitz, euccessors to E. Kampe & Cummins, Nos. 50 and 52 Howard street and No. 16 Mercer street, New York, was broken into by burglars and robbed of property to the value of \$7,000, consisting of packages of silk velvets and satins, all of which the thieves carried off successfully. About two weeks ago the case was given to detectives Frost, Van Wagner and Corwin, of the Brooklyn police force, to work up. These officers went to work with a will to ferret out the mystery, having but a very slight clue upon which to proceed in the matter. By perseverance and the exercise of professional tact, however, they managed a few days since to obtain some trace of the stolen goods which subsequently proved to be the right scent. Yesterday at noon they procured a search warrant from Mayor Kalbfielsch, of Brooklyn, to search the trimming and furnishing store of Messrs, Barre & Brothers, 263 and 265 Fulton street, in that city. Thus armed detectives Frost and Van Wagner proceeded to the store in question, where, upon examination of the stock, they found six pieces of velvet and the store in question, where, upon examination of the store, they found six pieces of velvet and satin. These they caused to be removed to inspector Folk's office for safe keeping. They also ascertained the whoreabouts of five pieces of the stolen property, which had been sold by Barre Brothers, at different places in this city. The latter named merchants were arrested and committed to jall, on charge of receiving stolen property, to await an examinareceiving stolen property, to await an examina-tion. The accused claim to have purchased the material from a pedlar, who drove up in front of their store and represented that he had bought it at auction, but they failed to produce any bill of sale therefor, The burglars are still at large.

The Evacuation of Rome.

It is positively stated that there has been very recent telegraphic correspondence between the Emperor Napoleon and Victor Emmanuel with Emperor Napoleon and Victor Emmanuel with respect to the evacuation of Rome. The King is said to have strongly urged upon his Imperial brother the necessity of withdrawing his troops, whose further sojourn would place him in a most difficult position. In reply the Emperor is related to have expressed his great regret that such should be the case, bin to have at the same time declared that compliance with the request was impossible, for reasons connected with his policy. In answer, the King is said to have again represented to the Emperor the very difficult position made for him by this resolve. The inference drawn from the Emperor's answer is unfavorable to peace. It is supposed that his political reasons are derived from his expectation or conviction that war will soon his expectation or conviction that war will soon break out in Europe, in which case he would deem it necessary to retain an army in the Papal States, and even very considerably to strengthen it, as a menace to the anti-French feeling now so even in Italy. If war be near at hand it is obviously more convenient to leave the French troops where they are than to withdraw them and have to send a fresh expedition a few months or weeks

It is wonderful, how cheap goods are sold at Gay's China Palace, 1022 Chestaut street. The stock was all selected by Mr. Gay in person from the largest manufacturies in Europe. The cause of their being so remarkably cheap is the great reduction of prices on the other side of the water. 800 MILES

OF THE

UNION PACIFIC

RAILROAD

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it. Rapidity and excellence of construction have been socured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the Pacific will be Completed in 1869.

The Company have ample means of which the Government grants the right of way, and all nocessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of the road; also United States Thirty-year Bonds, amounting to from \$16,000 to \$43,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting roops, mails, &c. THE EARNINGS OF THE UNION PACIFIC RAUL ROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over

Four Million Dollars, which, after paying all expenses, was much more than

sufficient to pay the interest upon its Bonds. These earn-ings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they cerainly prove that

FIRST MORTGAGE BONDS upon such a property, costing nearly three times their

Are Entirely Secure. The Union Pacific Bonds run thirty years, are for \$1,000

each, and have coupons attached. They bear annual in-terest, payable on the first days of January and July at the Company's office in the city of New York, at the rate of six per cent in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is the length of time they have to run.

It is well known that a long bond always commands much higher price than a short one. It is safe to assume that during the next thirty years the rate of interest in the United States will decline as it has done in Europe. and we have a right to expect that such six per cent, se-curities as there will be held at as high a premium as those of this Government, which, in 1857, were bought in at from 20 to 23 per cent, above par. The export demand alone may produce this result and as the issue of a private orporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Philadelphia by
