

CITY BULLETIN.

CHURCH ORGAN.—A very fine church organ, built by the Hamilton Company of New Haven, has just been put up in the German church in Germantown. Several new features in the construction of organs (the patents of which are owned by the Hamilton Company) are incorporated in this instrument, and these, with the excellent quality of tone make this instrument one of remarkable power for its size.

GRAND MANAGER.—The Grand Manager of the German church in Germantown, is a German gentleman, and first came to this country to assist in putting up the organ in Munich, Bavaria. The family for which he is a worthy member have for some years been famous organ-builders in Germany, and specimens of their skill can be seen in Boston and many other large cities of Europe.

A HARBOR DAY OF DEVOTION.—At sundown yesterday the Hebrews throughout the world began to celebrate the tenth day of the seventh month—the month of Elul—known as Yom Kippur, or the day of atonement or reconciliation.

Very little veneration is vouchsafed to him who wears an ungraceful boot or shoe, whereas a stylish and good fitting boot or shoe will always command the respect of all eyes. Business being very dull, all the manufacturers have large stocks on hand, and are willing to discount largely to effect sales. Below we list a few of the styles. Fancy are at a still greater discount.

HOUSING.—The housing of the city is a subject of great importance. The city is now in the midst of a great building boom, and the demand for housing is increasing rapidly.

IMPROVEMENT IN PROCESS.—The Grover & Baker warlock, No. 130 Chestnut street, are undergoing an embellishing operation in the front which will be made as a decided improvement when completed. We mention this fact as we are well assured that many thousands of our readers in this city and elsewhere are so much interested in the world-renowned Grover & Baker machines to be gratified with the latter is greater than ever, and as their immense sale superiorly over all other sewing machines in the country, it is not surprising to find that they will take the place of and ultimately supersede all others for the family use. Their adaptation for embroidery and all the finer and more ornate kinds of sewing gives them immense advantages. As already stated, they are machines to persons who do not wish to purchase, and purchase who do not desire to have the expense of machines in easy instalments. We regard the arrangement as a substantial benefit to the public.

SCOTTED LINK DOMINOS.—The Scotch link becomes speckled if every denotation is not removed from them every twenty-four hours. To do this effectually there is nothing like Scott's. It literally renders the enamel impervious and indestructible.

It is wonderful how cheap goods are sold at Gay's China Palace, 1028 Chestnut street. The stock was all selected by Mr. Gay in person from the largest manufacturers in Europe. The cause of their being so remarkably cheap is the great reduction of prices on the part of the manufacturers. Business being very dull, all the manufacturers have large stocks on hand, and are willing to discount largely to effect sales. Below we list a few of the styles. Fancy are at a still greater discount.
