CITY NOTICES.

It is wonderful how cheap goods are sold at Gay's China Palace, 1022 Chesiaut street. The stock was all selected by Mr. Gay in person from the largest manufacturies in Europe. The cause of their being so remarkably cheap is the great reduction of prices on the other side of the water. Business being very dull, all the manufactures here. all the manufacturers have large stocks on hand, and are willing to discount largely to effect sales. Below we quote prices of a few staple goods. Fancy are at a still greater discount.

ADVERTISING AGENCIES. The business of advertising, like every other feature of modern journalism, has assumed immense proportions within the past five or ten years, and now almost every large city in the Union has its advertising agency. While some of these concerns have been unreliable, there are others that have attained a national reputation for straightforwardness and energy in their dealings. Such has been especially the case with the firm of COE, WETHERILL & CO., of this city, whose ability, energy and sterling integrity are reaping a just reward in the increasing amount and importance of their business transactions. They have always secured and retained the good will and esteem of their numerous customers. Between this firm and the public press of the United States generally there exists a matual feeling of interest and confidence. Many publishers of this State have informed us that Messrs. COE, WETHERILL & CO. have sent them more business this year than all their other advertising agents. Publishers in all the States find it for their interest to appoint Messrs. COE, advertising agents. Publishers in all the States find it for their interest to appoint Messrs. COE, WETHERILL & CO. their agents, because by so doing the amount of their other advertising business is greatly increased and facilitated, and they run no risk; for instead of dealing with firms with whose standing they are unacquainted, they deal with a single house, for whose honor and responsibility, not only ourselves, but almost the entire newspaper press of the country, are vouchers.—
