CITY BULLETIN.

DEMOCRATIC DISTURBANCES.—Last night Hon. John Hickman was serenaded at the Continental Hotel by the Republican Invincibles. Speeches were made from the balcony of the hotel by Mr. Hickman, Wayne McVeigh, Esq., Mr. Reese Davis, and others. During the speaking the Democrats made various attempts to get up a disturbance. Soon after Mr. Hickman commenced his remarks, a fellow on the street opposite to him cried "Three cheers for Seymour." He immediately ran and was followed by a crowd, but took refuge in the Girard House, where he was protected by the police. On Ninth street, below Chestnut, another individual made a demonstration in favor of McClellan. He was saved a beating through the intervention of the police. On Sansom street a young man named W. D. Finn proclaimed his Democratic doctrines rather too loudly, and would have got into trouble but for the presence of Day Sergeant Smith and Policeman Thorp, of the Fifth District, who took him to the station-house. This morning Finn was before Alderman Swift, and was held for breach of the peace. A young man, named B. C. Moore, a clerk in a mercantile house in New York, was on the balcony at the time of the serenade, and cheered repeatedly for Seymour. At first no attention was paid to him, but, finally, he was chased into the parlor, where he was pretty roughly handled. A blow aimed at him with a cane struck a young man named Budd, and cut his head. High Constable Clark took Moore away and thus quelled the disturbance. Moore said he thought the meeting was a Democratic gathering.

ATTEMPTED MURDER.—Ida Harris was arrested last evening, at Tenth and Locust streets, for assault and battery on Sallie Knorr, with intent to kill. Some time ago Lizzie Robinson died from the effects of bruises caused by the breaking of a lamp which was thrown at her in a quarrel. Ida Harris was charged with having thrown the lamp and was sent to prison, from which place she has but recently been released. The principal witness against her in the case was Sallie Knorr. Last night Ida had a razor, and threatened to kill Sallie, but was arrested before she had time to execute her threat. She was taken before Alderman Beitler and was committed, in default of $2,000 bail.

SAD ACCIDENT.—A boy named Devine, aged ten years, who has been employed by the *Morning Post* Company to sell papers on the Chestnut street bridge, was run over by a Chestnut street car at Twenty-third street, this morning, between nine and ten o'clock. He got upon the car and passed through to the front platform. There the driver playfully attempted to seize his hat. The boy jumped off and fell. The car wheels passed over his head, crushing it in a shocking manner, and causing instant death. The deceased leaves a widowed mother, whom he has supported by his earnings in the sale of papers.

DISORDERLY HOUSE.—Catherine Jones was arrested last night upon the charge of keeping a disorderly house at No. 1140 South Seventh street. Four inmates of the house were taken into custody at the same time. The whole party had a hearing this morning before Alderman Bonsall. Mrs. Jones was held for trial and the others to keep the peace.

FOUNDLING.—A female infant was found last evening by Policeman Shilling, on Poplar street, near Sixteenth. The little one was in a basket, and was nicely wrapped up in two small blankets. The foundling was sent to the Almshouse this morning.

LARCENY.—James Maguire was arrested yesterday and taken before Alderman Eggleton upon the charge of having stolen about $80 from Patrick Carrigan about a week ago. He was held in $1,000 bail to answer.

A GREAT IMPROVEMENT.—On the second page of to-day's BULLETIN will be found the advertisement and cut of a wonderful improvement made in the furniture line, by H. F. Hover, No. 230 South Second street. It is called a Sofa-bed, is useful as well as ornamental, and is an article which no well-conducted household should be without. It is simple in its structure, requiring but ten seconds to transfer it from a sofa to a comfortable bed, or *vice versa*. Its special claim is that as a sofa it has a spring back and as a bed forms a spring mattress. Underneath the mattress is a recess, suitable for placing wearing apparel of every description. It is now being introduced on all our principal railroad and steamboat lines. It can be made in any size, and at any price. The public would do well to call on Mr. H., see it and examine the workings of it, and without doubt they will be repaid for their trouble.

GRAND EXHIBITION DAY AT POINT BREEZE PARK.—Monday, 19th inst., has been fixed as a grand exhibition day for the benefit of the Improvement Fund of the Point Breeze Park Association. The proceedings will consist of exhibitions on the mile drive, and other entertainments of an interesting character. Upwards of forty horses will contend in trials of speed. Birgfeld's full band has been engaged and will furnish the music. Mr. Proskauer, the well-known caterer, will have charge of the restaurant. The best of order will be preserved, as the management are determined that this place shall bear the name of being well kept, and that those scenes of rioting and ruffianism witnessed at other race courses shall not disgrace our city. They have gone to considerable expense in arranging this affair, and deserve the liberal support of the public.

REPUBLICAN INVINCIBLES TO JENKINTOWN.—Attention is directed to Order No. 15, in another column. The Club assembles at North Pennsylvania Railroad depot at 6.30, and will leave at 7 o'clock precisely. The trip is a short one, and a good time may be anticipated.

JEFFERSON MEDICAL COLLEGE.—Professor J. Aitken Meigs will deliver his introductory lecture before the Jefferson Medical College, on Monday, Oct. 12, on taking the chair as Professor of Physiology.

BASE BALL.—A match game of base ball will be played between the Keystone and Atlantic clubs to-morrow afternoon, on the grounds at Twenty-fourth and Columbia avenue.

DRINK the famous Arctic Soda Water and read the EVENING BULLETIN, at Hillman's News Stand, at North Pennsylvania Depot.

CITY NOTICES.

IT IS WONDERFUL how cheap goods are sold at Gay's China Palace, 1022 Chestnut street. The stock was all selected by Mr. Gay in person from the largest manufacturies in Europe. The cause of their being so remarkably cheap is the great reduction of prices on the other side of the water. Business being very dull, all the manufacturers have large stocks on hand, and are willing to discount largely to effect sales. Below we quote prices of a few staple goods. Fancy are at a still greater discount.

820 MILES
OF THE
UNION PACIFIC
RAILROAD
Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.
Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the
Whole Line to the Pacific will be Completed in 1869.
The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of the road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c.
THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over
Four Million Dollars,
which, after paying all expenses, was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that
FIRST MORTGAGE BONDS
upon such a property, costing nearly three times their amount,
Are Entirely Secure.
The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's office in the city of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 103, and at the present rate of gold, they pay a liberal income on their cost.
A very important consideration in determining the value of these bonds is *the length of time they have to run.*
It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1857, were bought in at from 20 to 23 per cent. above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political action.
The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved.
Subscriptions will be received in Philadelphia by
DE HAVEN & BROTHER,
No. 40 S. Third Street.
WM. PAINTER & CO.,
No. 36 S. Third Street.
SMITH, RANDOLPH & CO.,
No 16 S. Third Street.
And in New York
At the Company's Office, No. 20 Nassau St.
AND BY
John J. Cisco & Son, Bankers, 59 Wall St.
And by the Company's advertised Agents throughout the United States.
Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents will look to them for their safe delivery.
A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised Agents.
JOHN J. CISCO, Treasurer, New York.

FINANCIAL.

THE GREAT
PACIFIC RAILROAD,
receiving the aid and supervision of the Government, and carried forward by the extraordinary resources and energy of the powerful Corporations to whom it was entrusted—is rapidly approaching completion, and it is safe to say that NEW YORK AND SAN FRANCISCO WILL BE CONNECTED BY RAIL BY THE
FOURTH OF JULY NEXT.
More than two-thirds of the Through Line and Branches between the Missouri River and the Pacific Ocean are constructed, at a cost of nearly
ONE HUNDRED MILLIONS,
And the remainder is being pushed forward with unparalleled vigor. The
CENTRAL PACIFIC RAILROAD CO.,
to whom belongs the Western and Principal Portion of the Main-Stem Line, receive from the United States Government:
I. The right of way through the Territories, with the use of timber and materials along the route.
II. An absolute grant of twenty sections per mile (12,800 acres) of the PUBLIC LANDS on the line, the minimum value of which is now fixed at $2 50 per acre.
III. A special issue of U. S. Six per cent. Bonds, at the average rate of $35,000 per mile, delivered as the work progresses; which the Company are allowed to repay within thirty years, mainly by transportation services.
IV. Authority to issue their own First Mortgage Bonds to the same amount, having the preferred lien—superior to that of the Government.
V. It receives, in addition, donations and subsidies from the State and Cities of California, amounting to more than $3,000,000 in gold:
Or an aggregate of Cash Resources for construction of MORE THAN SIXTY MILLIONS UPON 735 MILES, independent of the ten millions of acres of public lands, and further subscriptions to the Capital Stock. The early completion of the enterprise is therefore beyond all doubt.
This Company have already carried their road success fully across the Sierra Nevada Mountains, and are rapidly extending the track across the Salt Lake Plains, and have already a valuable way-traffic thereon. Besides a mileage upon all through business, this road, having the best lands for settlement, the most productive mines, the nearest markets, and being exempt from competition will always command large revenues. The net earnings upon the completed portion are more than double the total annual interest liabilities to be assumed thereupon.
The undersigned offer for sale, and recommend to investors, the
First Mortgage 30-year Gold Bonds
OF THE
Central Pacific Railroad Company,
bearing six per cent. per annum interest, both principal and interest payable in "UNITED STATES GOLD COIN." These Bonds are the first lien upon one of the most productive and valuable railroad lines in the world—a line which will be finished within twelve months, and which is already earning, after paying operating expenses, more than twice the annual charge of its Bonded debt. They are already widely known and esteemed in this country and Europe, and it is believed the remainder of the Loan will speedily be taken.
A limited amount will be disposed of at
103 per cent., and Accrued Interest, in Currency.
The Bonds are of $1,000 each, with semi annual gold coupons attached, payable in July and January.
☞ The Company reserve the right to advance the price *at any time*; but all orders actually *in transitu* at the time of any such advance will be filled at present price. At this time they pay more than 8 per cent. upon the investment, and have, from *National and State laws, guarantees superior to any other corporate securities now offered.*
