During last night the far store of Charles Braun, No. 434 Lombard street, was entered through the cellar door, and thirty mutfs and about 70 collars. valued at \$500, were stolen. Mr. and Mrs. Braun occupied an apartment in the rear of the store, occupied an apartment in the rear of the store, and it is supposed that chloroform was used to prevent them from discovering the robbery. About nine o'clock in the evening Mr. Braun discovered a boy in the cellar. The youth said he had no home, and asked permission to stay there. Mr. Braun gave him some money and told him to go. This boy is supposed to have committed the robbery.

Robbing Jawelly Storks. James Cowden went into the jewelry store of Clark & Biddle, on Chestnut street, yesterday afternoon, and examined a case of brooches. He slipped one into his pocket and left. THERE is nowhere in Philadelphia an establishment for merchant tailoring more capacious, more elegant, or more suitably fitted up than the "Custom Department of Wanamaker & Brown. There, on an emergency, you can have an entire suit made in a day, and you can always have an immense stock of finest materials to choose from; a cutter who can be beat, and an amount of "style" never surpassed.

FROM NEW YORK.

Naw York, Nov. 6.—There was quite a lively meeting last evening et the Union Republican Central Committee. Action was taken to investigate alleged frauds in the late election in this city. A proposition to reorganize the party through the mediation of the State Central Committee was voted down. Regarding arrangements for primary elections, the matter was referred to the Executive Committee.

At a meeting of the Union League Club last evening the naturalization trauds at the late elec-

At a meeting of the Union League Club last evening the naturalization frauds at the late election were discussed, and resolutions offered by Mr. Greeley for the appointment of a committee to take measures to investigate the matter and requesting John A. Griswold and his associates to contest the election of Hoffman were adopted. Mr. Griswold was present, but an inquiry of him as to his intention to contest the election was rejected by the meeting.

Judge Dowling yesterday gave notice that he would hereafter hold no official intercourse with Superintendent Kennedy except through the District Attorney, as he had insulted the judiciary of the city.

the city.

The twenty-eight or thirty prisoners who were brought up before Judge McCunn, of the Superior Court, on Wednesday, by virtue of write of habeas corpus, were discharged yesterday. These are some of the persons who were arrested on Tuesday last, charged with voting or attempting to vote illegally. On the day of their arrest they were taken before Judge A. B. James, of the Supreme Court, and by him committed to the Tombs in default of bail.

The Mormons.

The Salt Lake Reporter of Oct. 27th discusses the recent action of the Mormon Conference against the Gentiles, and speaks as follows of the "persecutions" of which Brigham Young claims

"persecutions" of which Brigham Young claims to be the victim:

"The simple fact is all this talk about 'persecution' by such men is the most barefaced and shameless untruth. When the complete history is known it will be found that the Brighamites have committed ten outrages for every one that they have suffered. Look at the long array of massacres and assassinations proved by undoubted testimony to have been the work of secret minions of the one-man power. In view of the testimony of such unchallenged Mormons as Joseph Smith, Jr., and others as to the way this one-man power was first obtained, and Joseph Smith, Jr., and others as to the way this one-man power was first obtained, and then strengthened, is it not exhibiting a degree of effrontery truly sublime to now come forward and whine about 'persecution?' We have no quarrel with Mormonism. so-called, as a religion, but as for this corrupt hierarchy who have introduced every possible abomination into the land, and declared war against all who dissent from them, we never can fight them enough. And what is to be the result of the present struggle! Booner or later punishment must come to those who have been guilty of these crimes, but as for the people in general we can have no quarrel with them. And what is all this talk of 'persecution,' this studied effort to excite popular passion, but part of a desperate attempt to hold this territory against all outsiders? It is the wildest folly for any one class of men to imagine they can hold this valley against all the rest of mankind. There is too much here that the world wants. The railroad is coming and with it will come a revival of trade, an influx of vigitors, and new ideas and a new noultier. that the world wants. The railroad is coming and with it will come a revival of trade, an influx of visitore, and new ideas and a new population will soon fill the upper part of this valley. Shall all this be done peaceably in accordance with the regular laws of trade and settlement, or will you insomely butt against manifest destiny and insure your own destruction? Have you, laboring Mormons, anything to lose by the settlement of a hundred thousand Gentiles in Utah, even if the one-man power should be weakened thereby? one-man power should be weakened thereby? That they will come and that soon, and that they will bow to the behests of no man or church is as certain as fate. You may make it to your advantage if you will. Will you have them as peaceable neighbors or dangerous enemies?"
