ing at Third and Beaver streets, on the 7th inst., was resumed this morning.

Samuel Wyatt, residing No 604 Mover street, testified. I was going up Third street and was knocked down some where shout Beaver street; when I came to my senses a man was standing beside me; he asked me where I wanted to be taken, and I said to the independence Hose Hoose; don't know who have the said to the independence Hose in liquen; I was cut it the back of the head; don't know what time it was ton't know (nonver.

Charles Brasley, residing 1913 Lawrence street, testified—I was at the Independence Hose House; a little after twelve o'clock I walked to Third and George streets; in a few moments Conver and Hollingshead came up; Converted the mental threat the man came up to him, took him by the collar, and called him a loafer and told him to go away; at w more words ensued, and Conover said ne whit him with his flet; while Conover was telling this. Wyatt came up, with blood on his face, and Conover said that he was the man when he knocked down; Wyatt asked me to let him in the hose house to see his consin; I told him it was too late; didn't know Mr. Scattersood.

This concluded the evidence,
The verdict of the jury was—

"That the said. Henry W. Scattergood came to his death from violence (blows on the head) at the hands of some person to the jury unknown, November 7, 1868, on Beaver street, between Third and Fourth."

ATTEMPTED MURDER. - Last evening Mary Holt, alias Baltimore Moll, accompanied by a woman called Flora, went into a restaurant on Ninth, above Spruce. While there Sallie Bernard Ninth, above Spruce. While there Sallie Bernard and Margaret Seymour entered the place. The parties had previously had a quarrel, and words consued. Margaret Seymour, it is said, picked up a spittoon and attempted to strike Mary Holt with it. The proprietor of the salcon then turned all the parties out. Upon getting into the street, it is alleged Mary Holt drew a dirk knife and attacked Margaret Seymour. The latter was cut in the neck, breast and side. She was seriously wounded, and was conveyed to the Hospital. Sallie Bernaid, her companion, was cut over the eye, but her isjury is not severe. cut over the eye, but her injury is not severe. Mary Holt was arrested sometime atterwards. This morning she had a hearing before Alderman Swift, and as the life of the wounded woman is considered in danger, she was committed without held to swift the result of the injuries. out bail to await the result of the injuries.

CHARGED WITH ROBBERY.-Yesterday afternoon Daniel Harvey, residing at No.7 Buist court, was caught in the act of robbing the moneywas caught in the act of robbing the money-drawer of Buchanan's tavern, on Fifteenth street below South. Mr. Buchanan found \$8 50 of stolen money in the pocket-of Harvey. There was also found upon his person a fine gold chain, which was identified by Mr. H. Kilpatrick, re-siding on Sixteenth street above South. It seems that a brother of Mr. Kirkpatrick died, and Harvey sat up as one of the "watchers." Two of the latter got asleep, and while the third was temporarily absent from the room, Harvey slipped upstairs and took the chain and a watch valued at \$110 from the pocket of Mr. H. Kilpatrick, who was lying upon a longe. In the station-house he acknowledged the theft to Lieut. Connelly, and said that the watch was hidden under some shavings in a carpenter shop back of his residence, where it was found. Harvey was committed in default of \$1,500 bail by Alderman

PROBABLE HOMICIDE. - A young man named James Slay, residing at No. 182 Elfreth's alley, was arrested yesterday by the Seventh District Police upon the charge of assault and battery with intent to kill. It seems that on Thursday night a disturbance occurred in a lager beer sa-loon on Julianna street, near Callowhill. During loon on Juliana street, near Callowhil. Daring the wrangle, a German named Fred Reed was stabled and was so badly injured that his life is despaired of. He resides at Sixth and Wood streets. Slay is alleged to have been engaged in the fight, but the stabbing, it is charged, was done by another man who has not yet been arrested. Slay was taken before Alderman Toland and was computited for a further hearing. and was committed for a further hearing.

FLORAL TRIBUTE TO MISS KELLOGG.-Last night at Concert Hall the friends of Miss Clara Louisa Kellogg fairly overwhelmed her with flowers, in baskets, bougets and bunches. It is doubtful if any artist has ever been complimented in this city with such a profusion of magnificent flowers, and Miss Kellogg can congratulate her-self fairly upon having found so many warm and generous friends and admirers among our peo-ple. Neither in New York nor Boston was she so much flattered.

TILL TAPPING. -John Hagen and John Wil liams were arrested yesterday at Thirteenth and Lombard streets for fighting in the streets. It was subsequently ascertained that Hagen had entered the liquor store of Louis Vester, N. E. corner of Twelith and Lombard streets, and robbed the money-drawer. He was observed by Mrs. 'ester leaving from market. Hagen will have a hearing at the Central station.

BEAT A WOMAN.-Edward McMullin was arrested yesterday by Policeman Blee, of the Flfth District, on the charge of assault and battery. It is alleged that he entered a cigar store on Twentieth street, below Spruce, and after beating the woman who was attending the store, amused himself by breaking the windows. McMullin was efore Alderman Patchell, and was held in \$600 bail to answer.

SHEEP STEALING .- Two youths, named Thos. Moore and Dennis Lanahan, were arrested yesterday upon the charge of having been concerned in the larceny of fifty sheep, in the Twenty-fourth Ward, several days ago. They were committed for a further hearing by Alder-

THE CHESTNUT ST. THEATRE-On Monday evening next, the Chestnut St. Theatre will begin a riovel attraction in the shape of a first-class circus performance. The building will be fitted up in a very hand. some manner for the purpose, and a company will repear of a character very much superior to any that we have ever had in this city before. Mr. Sion, the Manager of the Theatre, has engaged the most accomplished members of four different companies, at an "entormous expense, and each individual will appear nightly in some one act which is a speciality. Perhaps the greatest attraction to those who are partial to equestrian performers will be Mr. James Robinson, who is celebrated all the world over for his feats upon horseback, and who is always certain to attract crowded houses. In addition, Mr. Sinn announce the Levantine Brotheir, who, as gynnasts and atrobats, are said to excel the famous Haulon Brothers in every respect. Mr Geo. Wambold will appear nightly with a troop of performing dogs and monkeys, and there will be a multitude of other acrobats, riders and general auxiliary artists, with a splendid stud of horses and ponies. Mr. Sinn announces that it is his intention to make this entertainment unexceptionable in every respect. Notting will be said or done to sfrend the most fastidious and moral. The performances will be of rund a character that they can be visited by all. There will be—in short—a circus of the very highest class, and there is every reason to believe that the enterprise will be a great success. some manner for the purpose, and a company will rp-

A Noble Charity .-- The Philadelphia Orthopædic Hospital, for the cure of club-foot, curvature of spine, and all other contractions and deformities, temporarily situated at No. 16 South Ninth street, opposite the University of Pennsylvania, has just ended its first year of usefulners. A large number of deformed persons have been cured or under treatment, many of which deformities were of a most aggravated character. In 1840, under almost precisely the same circumstances, was the Royal Orthopadic Hospital of London started, and now treats over 2,000 cases annually, and 40,000 have been under treatment since its organization. The statistics of London show over 90,000 deformed persons in that city alone, which indeping us at the same rate, would give over 25,000 tere. The great recessity for such a hispital should, therefore, be apparent to every one. This one is entirely detendent upon voluntary subscription for support, and is worthy of sitentiem. A clinic is held dally at 12, when advice and trea ment are given gratuitously to the poor. spine, and all other contractions and deformities, tem

BOHENCK'S PULMONIO SYRUP, SEAWEED TONIC AND MANDRAKE PILLS, WILL COTO CONSUMPTION, LIVER COMPLAINT and Dyspersta, if taken according to the

AND MANDRAKE PILLS, WIll CHE CONSTRATION, LIVER COMPLAINT, and DYSPETSYA, If taken according to the directions. They are all three to be taken at the same lime. They cleaned the stomach, relax the liver, and put it to work; then the apoctice becomes good; the hood digests and makes good blood; the patient begins to grow in flesh; the diseased matter vipens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. Schenck, of Philladelphia, owes his unrivated success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter, discharges it and purifies the blood. The Mandrake Pills act upon the liver, remove all obstructions therefrom, give the organs a healthy tone, and care liver complaint, which is one of the most prominent causes of consumption. The Seaweed Tonic invigorates the powers of the stomach, strengthens the digestion and brings it to a normal and healthy condition.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicines to stop the cough, to stop childs, to rtop night-sweats, hectic fever, and by so dring they deradge the whole digestive powers, locking up the secretions, and eventually the patient sinks and die.

Dr. Schenck in his treatment does not try to stop a cough, night-sweats, chill's or fever. Remove the cause and they will all stop of their own accord. No one can be cured of Consump ion, Liver Complaint, Dyspepsia, Catarri, Canker, Ulcerated Throat, unless the liver and slomach are made bealthy

Dr. Schenck himrelf, who has enjoyed uninterrupted halth, was wasted awy to a more ske cton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless, and abandone him to his fate. He was cured by the aforesary to per onally see Dr. Schenck in propositions with the same remarkable success. Full directions accompany each, making it not absolutely necessary to per onally see Dr. Schenck in proposit

An Object of Interest .- A beautiful piece of Ornamental Permanship may be seen in one of the show windows of the Grover & Baker establishment 780 Chestant street. It is a highly ful-hed engrossed opy of the officers and managers of the "Young People's Association of the North Broad Street Presbyterian thurch." It is the work of Mr. Z. T. "It affords me great p casure to bear witness to the excellence of the Grover & Baker Family Sewing Machine. I have had one in my family for some two years, and from what I know of 'ts workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction. The machine I have is one of the most elegant I have ever seen".

LETTER FROM MIS. GENERAL GRANT.

TEN CENTS EXPENSE IN NINE YEARS. TEN CENTS EXPENSE IN NINE YEARS.
"I have long thought that, in justice to the excellence of your Sewing Machine, it was my duty to infolm you that, wine years since, I purchased one from your agent in this city, and that I have had it in constant use since that time, and, during the entire period, the expense, aside from a few needles, has been ten gents, to keep it in perfect repair. I give the above as evidence of the superiority of your machine over others, because I have used those made by other parties, but with little satisfaction." —[Letter from Mrs. M. E. Wilson, Washington, D. C., to Grover & Baree S. M. Co.

A Long-tried Heusehold Friend.

"More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I have never had a garment rip or need mending, except those rents which frolic-some boys will make in whole cloth. It is, in my opinion, by far the most valuable that I have tried, thousely appreciating the excellencies of your machine, I could give it no higher praise than the fact that when my only daughter married I gave her this long-tried household friend, depriving myself of its services to lighten her first assumption of domestic decrease.
