MARSHALL'S ELIXIR.

Headache— Dyspepsia—Costiveness

. If you suffer with headache try MARSHALL'S ELINIR, and be convinced that although other remedies have failed to cure you, this will give you instant and permanent relief.

It by over-excitement relief. It by over-excitement and fatigue your nerves have become so weakened that Headache admon-lehes you something more dangerous may hap pen, euch as Palsy, Dimness of Sight, and other alarming nervous affections, then Marshall's

Elixir, by giving tone and strength to your sys-tem, restores you to perfect health. Whenever food which should be digested re-mains in the stomach, causing pain and uneasi-

who did not know him would suppose that the | that diplomacy would find means to explain the mild-looking gentleman with the new silk hat news away; and, indeed, if it were serious at all and plain sack coat was the President elect of the | it would produce something far worse than a

and plain sack coat was the President elect of the United States. He walked down Pennsylvania avenue, smoking his cigar, chatting good na-turedly with his friencs, and nodded iamiliarly to his acquaintances as they passed him. There is good reason for stating that the Gen-eral is planning other trips hence, to keep out of the way of politicians between now and the 4th of March. In other words, he wants to "flank them" as much as possible, without giving offence or appearing discourteous. He will probably soon make a short trip to Hartford, Connecticut; and Mrs. Grant is desirous of going over to Philadelphia for a few days, to pay some visits to her acquaintances in your city, and the visits to her acquaintances in your city, and the expectation is, she will be accompanied by the General. The time has not been fixed yet, but it will be soon.

will be soon. PROFERED ADVICE IS NEVEE APPRECIATED. Congress when in session was overwhelmed with a multitude of projects to resume specie payments, and pay off the national debt, but in consequence of the diversity of views, very little will probably be done this session upon these im-portant questions. The Senators and Representa-lities are not only perplayed with a host of plans ives are not only perplexed with a host of plans, but it seems the Finance Committee of the Senate are in daily receipt of innumerable "plans" and "projects" from amateur financiers, who think the Committee are like editors, to be desed with "Letters from the People" on all investigation of the provention doses with "Letters from the reopie" on an imaginable subjects; and just now the prevailing mania is to inflict upon the Committee an avalanche of propositione, not one in ten of, which is ever read by the Senators addressed, but are consigned to the waste paper basket or the are consigned to the waste paper basket or the fire-grate. One "plan," however, was lately sent to Senator Sherman, Chairman of the Senate Finance Committee, which the author considered so valuable that he wanted the Gov-ernment to give him one million of dollars for the idea alone! This was exceedingly modest, to say the last Sonator S, called the statention of Son the least. Senator S. called the attention of Sen-ator Cattell to the proposition, and requested the latter to look at it, but Cattell declined, "unless," latter to look at it, but Cattell declined, "unless," as he jocularly remarked, "the Committee de-cided to vote a million to the individual," in which case he would look into the merits of the "offer." It is scarcely necessary to add that the party amblitous of extracting one million from Uncle Sam for "a patent to pay off the hallonal debt and resume specie payments," will not en-joy the honor of having his plan submitted to Congress, much less be compensated for it. PROTEST AGAINST THE CONFIRMATION OF PERCY SPEAR.

SPEAR. Col. Engelbert, Collector of Internal Revenue for the Seventh District of Pennsylvania, has sub-mitted to the Senate Finance Committee a protest, signed by more than twelve hundred tax-payers and business men in his district, against any change in the present revenue collector. Col. E. is a Republican of the strictest sect; was a soldier in the war of the rebellion, captured and a pointer in the war of the rebellion, captured and a prisoner in Libby, and all these facts are set forth as reasons why no change should be made, as such change is not asked for nor desired by the taxpayers or the Dorething as such change is not asked for nor desired by the taxpayers or the Republicans of the District. A similar protest will be presented in the case of Assessor Swayne, against the confirmation of Wm. Cooper Talley. Talley was a good soldier during the rebellion, having entered the service as a Captain in the First Regiment, Pennsylvania Reserves, and served till the close of his term, when he returned as Colouel of the regiment. He embraced John-sonism, however, and was appointed Collector for the same district in which he is nominated for Assessor, but was removed by Johnson, who now Assessor, but was removed by Johnson, who now desires to make amenda: but the impression is, it is too late. The confimation of both Spear and

Talley is very doubtful. The POSTAGE STAMP CONTRACT. In the House, to-day, Mr. Washburne, of Illi-nole, offered a resolution requesting Postmaster-General Randal to transmit to the House all papers relating to the contract for printing postage stamps-the advertisement for proposals -together with the contract made with the Na-tional Bank Note Company, of New York, in

It would produce something far worse than a fall of less that one-half per cent. Rentes re-covered for the close to 71.45, being a fall of but 25c.; Italian fell 11, and Turkish 1.55.

The Grecian Question. The France and the Elendard of December 7, state that Lord Lyons had an interview that morning with the Marquie de Monster on the subject of Greece and the formation of the new English Ministry.

French Journalism, Eighty-six French journalists have presented a petition to the Chamber of Representatives complaining of the arrests, domiciliary visits and relaures to which they were subjected during the recent press trial. The petition was referred to a committee, which reported on Monday, the 7th inst., that they regarded those measures as legal and that journaliets must always be incarcerated from the time of their arrest until their trial.

DISASTERS

Boiler Explosion in Boston.

The Boston Herald of yesterday says: At 8% o'clock this morning the boiler con At by occors this morning the boller con-nected with the steam engine in the spike factory of B. F. Sylvester & Co., on Franklin. street, in East Somerville, exploded. The flues and ond end were blown out and the boiler lifted from its position and thrown into the engine room, tear-ing away the brick work and damaging the ening away the brick work and damaging the ch-gins and machinery. Mr. John Murphy, who was attending the furnaces at the time, was in-stantly killed. A young lad named Henry Lamonte was badly scalded by the hot water from the boiler. A num-

ber of the employes in the factory at the time es-caped injury. The explosion made a terrific noise and was heard for some distance. The cause of the explosion is unknown. There was plenty of water in the boiler and the guage cock were all right a few minutes before the expla sion. It is supposed the boller got frozon last night, and starting up the first this morning caused the explosion. The building, which is a cheap frame structure, was not damaged. The loss will amount to about \$1,000.

Railroad accident.

The Lancaster Express of yesterday says William Carter, Jr., a brakesman on the Penn-sylvania Railroad, was killed near the Gap. Sta-

tion, in this county, at about one o'clock on Sun-day morning. He had lately been appointed to the position as brakesman, and at the time of the accident was making his first trip, having been assigned to this train for this trip, on ac-count of the regular brakesman failing to be present when his train started at West Phila-delphia. The accident was occasioned by a wheel of one of the cars coming off. Six cars were wrecked. Carter's body was mangled in a shocking manner, the neck and one arm being broken, and the head crushed, causing death al broken, and interfeat crusted, causing death ar-most instantaneously. Carter was an unmarried man, about thirty years of age, and has a father residing at Marietta, whore his romains were ta-ken for interment. The decoased served in the Union army during the late war, and participated in thirty-eight battles and fifty-two skirmishes.

LETTER FROM WASHINGTON.

Adjournment of Both Houses for the Holidays-Disinclination to Tran sact General and Executive Business-Disappointment of the Office Expectants-Gen. Grant's Return-He is Planning other Trips to Keep out of the Way of the Politicians—A Man Waants a Million for a Plan to Pay Off the National, Debt-Protest against Confirmation of Spear and Talley-The Postage Stamp Contract, åc.

(Correspondence of the Philadelphia Evening Bulletin. WASHINGTON, Dec. 21 .- The proceedings in both Houses to-day reminded one of a Saturday session at school in boyhood's days, when the students were anxious to "clear out," and throw books and study "to the dogs." The attendance in both Houses was very thin, and the busi. ness was rattled off with railroad speed. In the House, E. B. Washburne, of Illinois, was acting Speaker, in Colfax's absence, and he certainly made the most dogmatical chairman the House has seen for many a day. A few of the members who had some "little bills" they wished put through, attempted to go into the consideration of general basiness, but the Speaker was inexorable, and "shut down" on all such propositions with a brusque firmness which considerable anneament to those not insed considerable amusement to those not interested but was rather galling to those compelled to submit to his irrevocable decision, because here was no appeal, no quorum being present. Mr. Washburne started out this session wi ion with

the determination that as little general pusiness as possible should be transacted the present session; and he has been consistent throughout, for he has interposed all the objections he could, and being regarded as one of the confidential advisors of Gen. Grant, his suggestions are at all times re-

In the Senate very little business was done beyond the reception and consideration of resolu-tions on various subjects. Senator Wilson's res-olution requesting the Secretary of the Interior olution requesting the Seerctary of the Interior to inform the Senate how many Indian Agents and Superintendents were absent from their post was a telling "hit," as it is understood a consid-erable number of these officials have been fe-cently "recreating" in Washington, lobbying against the proposed transfer of the Indian Bu-rean to the War Department, in conformity with the fecommendation of Gen. Grant. This reso-bation will cause a stampede of certain narties Intion will cause a stampede of certain parties hence to the far West. A small crowd of disconsolate-looking indi-

viduals loitered around the Senate lobbies hoping to get an Executive session, "only for a few minutes," to take up their, nominations for various offices and act upon them; but the Senators were in no mood for "Executive business," and the disinterested patriots left with heavy hearts. Both Houses have now adjourned till Jazuary 5th, so we shall have a brief respite from "Johnson eruptions," in the shape of nominations, for two

weeks. RETURN OF GENERAL GRANT. General Grant returned yesterday from Chicago, and was at headquarters' this morning, looking much improved by his jaunt. He was waited on during the morning by numerous. Sepators and Representatives, who called to pay their respects.

ENGLAND.

Mr. Peabody's Donation to the Poor of London.

The following is a copy of the letter which accompanied Mr. Peabody's munificent gift: LONDON, Dec. 5, 1868.—My Lord and Gentle-meth: I beg to acquaint you, who have so kindly undertaken the management of the fund set apart under my second deed of gift of the 19th of April, 1866, for the benefit of the poor_ of Lon-don and its vicinity, that in pursuance of an indon and its vicinity, that in pursuance of an intention which I have entertained since the crea-tion of that fund I am desirons now of adding to

it a further sum of £100.000 pounds. In contemplation of this, I purchased about three years ago a tract of freehold building land of about fifteen acres in extent, at Brixton, near the City of London School, easily accessible, and within a few minutes' walk of frequent trains to and from London. This land has increased in value, and can now be let on building leases of eighty years at rents producing about eight per cent. per annum on the cost, which is £16,285 178. 3d. This land I propose to convey to you with the same powers as are conthis trust, and with discretion to you either to deal with it as a source of income by letting it, or a pertion of it, on lease; or, should you deem it expedient, to retain it in your own hands, as sites for dwellings to be erected by the trust.

Pursuant to my letter of the 29th of January, 1866, I transferred to you, subject to a contin-gency therein oxplained, 5,000 shares in the Hud-son's Bay Company, which accordingly stand in your names, together with 642 additional shares purchased by the reinvestment of the accruing income of the previous 5,000. These 5,642 shares I have since redeemed conformably to the deed of the 19th of April, 1866, by the pay-ment of ±100,000 on the 1st of February

last. I have now to acquaint you that it is my intention, so soon as the necessary deeds can be prepared, to hand the shares over to you, to be indgment and discretion. The price of these shares shall be fixed on the 17th instant by the

Stock Exchange sales on that day, when I will hand to you a check for the balance to make the gift a cash value of £100.000. This amount will increase my former donation of the second trust to £200,000. and, including

my gift under the trast fund of March, 1862, of £159,000, a total of £359,000. I trust you will see manifested in this further

donation an expression of my entire satisfaction with the manner in which you have conducted the athairs of the trust. I am, with great rethe adhirs of the trust. speet, your humble servant, GKORGE PEABODY.

The Eastern Difficulties and the Paris

The Eurorn Difficulties and the Faris Bourso. The terrible spectre, the "Eastern question," cast a shadow over the Bourse on Saturday, the 5th inst., and produced an effect which all the General Grant roturned yesterday from Chicago, and was at headquarters this morning, looking much improved by his jaunt. He was waited on during the morning by numerous Senators and Representatives, who called to pay their respects. He was as cocl, caim and roticent as over. I met him coming out of the head-quarters with a party of gentlemen, and saluted him, which he roturned with his characteristic blandness and suavity. He is emphatically "Citizen Grant," for no one

Gen. Upham reports from Augusta, December 19th, that a detachment under Capt. Taylor has driven the insurgents out of Woodruff county into Jackson, killing one man and capturing several prisoners, together with arms and horses. Refugees say that half the truth has not been told of the outrages committed by the militia.

Ku-Klux Outrages-Murder of Two-Colored Men. WINN PARISH, Louisians, December 12, 1868.—

Editor New Orleans Republican: The Ka-Klux are making headway in this parish. A few evenings ago two white men surprised and murdered two colored men who were engaged at work on Frazier's mill.

One of these colored men was an honest. hard-working man, and had made money and accumulated a good deal of property around him. Captain White, of the Registrars, had to fleo from the parish to save his life. Winn will soon compete with Rapides in outrage and murders of Inion men.

DRAMATICAND MUSICAL.

-The Galton English Comic Opera Company, began an engagement at the Theatre Comique last evoning. An adaptation of a Fronch operetta entitled Fanchette was chesen as the inaugural. It is a simple musical farce—as this company present it—sprightly, lively, amusing, with many funny situations, a pleasant dis-logue, and some very pretty melodies. Miss Susan Galton and Mr. Thomas Whiflin carried off all the percent the performance. The young lady is a yery Galton and Mr. Thomas Whifin carried off all the honors of the performance. The young lady is a very charming soubrette actress, and she has a voice very well suited for music of the *Fanchette* description. In addition to these advantages, she is gracoful, hazd-come and vivacions. The first cong was ensered, and her performance throughout was very creditable in-deed. Mr. Whifin has a tenor voice fully equal to the demands of the music of such parts as that assurated by him hast night. He is a good actor, and he con-trived to please the andience exceedingly. Mrs. Gal-ton and Miss Blanche Galton also acquited them-selves creditably, and were heartily applanded. This evening *Fanchetts* will be repeated. It is very likely that this company, during its brief stay, will acquire considerable popularity and play to fall houses. Miss Susan Galton should certainly prove an attraction. --Mrs. Sout-Siddons will appear at the Academy

Wolfdoni, Juli Attucky, and only installas —Petroleum V. Nasby, P. M., ought to have a crowdod house at the Academy of Music, to-morrow night. Not only is his lecture on "Cussed be Ca-naan" one of the very cloverest pieces of humorons satire yet produced in America, but the object of the lecture appeals very strongly for its hearty patronage. The proceeds go to purchase fuel for the needy wid-ows and orphans under the care of Post No. 2 of the Grand Army of the Kepublic. The gentlemen who have it in charge are such as will make a wise dis-tribution of this most seasonable fund, and we hope that our citizens will see that it is a large one. The price of tickets is very low, but if the Academy is crowded as it should be, there will be a very substac-tial sum produced for this excellent object. artists.
