They no longer range up to the Platte in the great numbers that formerly visited that stream; and the Indians are ever bringing forvisited America just after the war. He was vard the fact, in their powwows with commisnioners, that soon the buffalo will be gone, and likewise a voyager to Australia and to India; increase, that soon the outlaid will be gote, and the red brother must keep peace with the white and eat his "spotted buffalo" (Indian for domestic cattle). I am tempted to remark that unprejudiced, and full of the most ardent cumestic cattle). I am tempted to remark that they do eat a very considerable number of spotted buffalo that are procured in a very brotherly way; and no Indian is complete in his outfut until he has a cow-skin (hair on) bow-case and arrow—

The work has been read with much quiver. If, as the Indian fears—groundlessly, however, at present—the buffalo will pass away, I am at a loss to know what he would do, for the interest in Great Britain, and very favorably noticed in the reviews of that and at a loss to know what he warms the nomads.

Harper insert into their magazine a number of the explorer's most sensational anecdotes and most chair' oscur-al sketches.-The intelligent author of South-coast Saunterings discourses very agreeably, in a second paper, of Stonehenge, Salisbury Cathedral, Flint Implements Devonshire, and other antiquarian matters.-These, with the poem about Greenwood, are he illustrated articles, leaving which the number debouches into the great level fields of literature spread out for our gleaning. De Forest works up some more of his types, into portraits of the Chivalrous and Semi-Chivalrous Southron. There is a good biographical sketch of Abbas Pacha, of Egypt. The remaining papers are popular and lively, showing the veteran skill in editorship which has made Harper's a synonym of success without a drawback.
