It was stated in the last report that work had been resumed on the portion of the Allentown Railroad between Port Clinton and Topton. The results demonstrate the wisdom of extending aid to develop the rich mineral and agricultural resources of the Schuylkill Valley.

To some of the stockholders it may be gratifying to be informed that on the completion, during the coming year, of the lateral roads now being built, the coal fields naturally tributary to the works of this company will require no more expensive roads. Many more collerles will be erected, requiring only short and inexpensive branches. It may be supposed by some that a portion of these works have of the necessities of the public. From our Late Editions of Yesterday the fur and seal trade at the islands of St. Paul By the Atlantic Cable. London, Jan. 11.—The indications of the first day's ession of the Conference on the Eastern question leaves little if any doubt of ultimate success. The Turkish government, through its representative, consented to maintain the present status until the close of the conference. The general impression is that but one more session will be held, and that war between Turkey and Greece will be obviated.

Constantinople, Jan. 11.—The Sublime Porte has officially congratulated the people of the Danubian principalities on their loyalty during the present crisis. THE ICE in the Hudson river was broken up, and a freshet was apprehended at Albany yesterday. Warehouses and other property along the wharves at Albany have been damaged to the amount of many thousands of dollars. FLORENCE, Jan. 11.—The recent disturbances in various parts of the kingdom, fomented by the reactionists, have been suppressed, and the unpopular taxes are now being collected without difficulty.

[Special Despatch to the Phila. Bradley's name to the roll of members of the Bar, from which it was stricken on account of his violence and contempt toward Judge Fisher during the Surratt trial. Justice Field read the opinion of the Court, Justice Miller dissenting. The principal ground of the decision was that the Supreme Court of the District had no jurisdiction in a matter occurring in the Criminal Court.
