FIRE IN THE SIXTE WARD.-Shortly before 12 o'clock, last night, flames were observed issuing from the third-story window at the east end of from the third-etory window at the cast end of the five-storled brick building, situated at the corner of Franklin Place and Chestnut street (No. 321 Chestnut street), occupied on the lower floor by Painter, Read. & Eldredge, clothing dealers; on the second, third and fourth floors by Rudolph Stein, plain and ornamental printer and lithographer; and in the fifth story by Haley, de Baker, bookbinders. The place where the fire was first discovered was used by Mr. Stein as a composing room, and contained a number of printer's cases. The back part of this floor, was used for printing purposes, and contained two Gordon presses, two Quarto presses, two Rug-gles presses, three hand presses and one Camp-bell press. The alarm was promptly given, and Chief En-

gles presses, three hand presses and one Camp-bell press. The alarm was promptly given, and Chief En-gineer Downey was on the ground in a few min-utes. At that time the fire could have been easily extinguished, but the fire plug at the corner of Chestnut street and Franklin Place was found to be out of order, and thus the firement were de-laged in zetting to work properly. In the mean-time the flames had spread through the entire spartment. The cases were destroyed, the most of the type was melted, and the presses were greatly damaged. The fire was about working its way into the fourth story, when it was mas-tered by the firemen. The lower part of the building was pretty well flooded with water. The second story was used by Mr. Stein as a connting room and paper ware-room. A con-siderable quantity of paper and fullshed work was on hand. This was nearly all ruined by water.

water. The fourth story was used for the lithographing department, and was somewhat damaged. Mr. Stein estimates his loss at \$15,000. Upon this there is an insurance as follows:

LARCENY OF BILLIARD BALLS .- LOWIS Steinhauser went into the billiard saloon of J. W Triobner, No. 1228 Ridge avenue, last ovening, and stole a set of billiard balls valued at \$28. He took the balls to Bergner's saloon, and offered them for sale for \$8, when he was arrested by Referve Officer DeHaven. Steinhauser was taken before Alderman Kerr, and was committed in de-fault of \$1,000 bail. ALLEGED WIFE BEATER .-- Frank Temple, re-

siding at No. 1508 Callowhill street, was arrested this morning, about three o'clock, upon the charge of beating his wife. It is alleged that he has been in the habit of abusing his wife, and the cry of murder from the house this morning led to his strest. He was taken before Ald. Pancoast and was held in \$1,000 bail.

MOLASSES ASTRAY .--- Yesterday afternoon a man offered a barrel of molasses for sale at a store at Thirteenth and Shippen streets. When the storekeeper was about to call a policeman, the man drove off in his wagon, leaving the barrel behind him. The molasses is supposed to have been stolen, and is awaiting an owner at the Seven-teenth District Police Station.

CARPENTER SHOP BURNED. -- A small carpenter shop, in the rear of No. 217 South Eleventh street, was destroyed by fire about three o'clock this morning. The building was owned by Mrs. Simpson, and was occupied by Wm. Matthews. The latter lost tools valued at \$150.

RESCUED FROM DROWNING .- Michael Aldoffer fell into the Delaware, at Noble street wharf, last evening about seven o'clock. He was rescued from drowning by Officer Morris, of the Habor Police.

Found DROWNED .- The body of an unknown man, apparently about fifty-five years of age, was found in the Delaware, at Almond street wharf, this morning.

## OITY NOTICES.

SEWING MACHINES AS HEALTER PRESERVERS.— It is not the least argument in favor of the universal adoption of the Sewing Mackine, that hey are among the greatest promoters and savers of health. The reedle has carried its hecatombs to the grave, and to that class of victims the advent of the Sewing Ma-chine has come like a dispensation of mercy. Indeed, there is no subject upon which one's pen is actuated by deeper convictions, or moves with more carnest zeal, than in advocating the widest adoption of these health, life, and labor-saving instruments. Of the va-rious sewing Machines in use, there are many reasons for preferring the "Grover & Baker." sold at No. 780 Chestaut street. They are operated with greater case, and do their work more estisfactorily than others, and they also perform a variety of the more cornate and el-egant classes of sewing which no other sewing ma-chines attempt. For this, and other reasons, wher-ever the Grover & Baker instruments have been ex-hibited in competition with others, they have carried off the palm of victory.
