Monday, February 1, 1869.

THE PROPOSED NEW AMENDMENT. The House of Representatives at Wash-ington has adopted, by the large vote of 150 to 42. Mr. Boutwell's resolution proposing to the Legislatures of the several States an amendment to the Constitution on the subject of suffrage. It declares that "the right of any citizen of the United States to vote shall not be denied or abridged by the United States or any State by reason of race, color Or previous condition of slavery of any citi which, we trust, will not end in mere talk. zen or class of citizens of the Umted States." A move is made in favor of abolishing or The principle of this amendment is un- abating the franking privilege, another in- B. Florence, who, it says, died in Washing questionably right. It is involved, indeed, in quiring into the printing department, and ton on Saturday last. As Mr. Florence is the guarantee of a republican form of govern- another into the question of salaries. ment to each State, which the Constitution imposes upon Congress. Public opinion undoubtedly made in good faith, and all of ment. Mr. Florence has been in bad health tending toward the recognition of this ony can be practiced. The franking retrench alarmingly ill. principle, and the work of finishing ment starts under rather inauspicious cirthe rebellion by preventing the possibility cumstances, as it is brought forward by Mr. of a new one, can scarcely be considered E. W. Davis, who invites suspicion to it by complete until the constitution is amended as gratuitously insisting that "he urged it in proposed. The question may arise whether good faith." That gentleman seems to it was judicious to move in the matter during have thought it necessary to preface his ad - binet, Fichel, Plassan, Hamon, Soyer, Compte the present short session of Congress; but if vocacy of retrenchment with a declaration of Calix, Brion, Dupuis, of France; Herzog and the present short session of Congress; but in Vocacy of Fatchenden with the bad taken it for granted Hubner; Schuessele, Nehlig, Ramsey, Bridgman the Senate should act as promptly as the innocence, as if he had taken it for granted and Howard Helmick. A majority of the paint House, there will be no difficulty on this that the public would adopt the opposite point, and as it is never too soon to do right | theory if left to themselves. and repair a wrong, the people and their existing Legislatures will acquiesce in the action form. An examination of the Auditor- minated for the public every Monday evening. of Congress, and the ratification of the General's Report exhibits the remarkable amendment may be completed in a few fact of a Republican administration paying

aboard ship with officers of the line. This matter may seem of trifling importance to civilians, but it is a serious cause of discomfort, if it is not susceptible of a desirable reform. geons were superfluous and second rate reform, and it will be an excellent proof of Dissolution. beings, who were to be endured with as the reality of the Legislature's determination herings, who wate to be the line officers felt inclined to to retrench in the smaller matters of expense, day by limitation. Hitle grace as the line officers felt inclined to to retrench in the smaller matters of expense, Philapelphia, Jan. 20, 1869. bestow upon them. Accordingly, if the line if they will lay the axe at the root of this tree, COPARTNERSHIP. chose to invite the staff upon the quarter deck or into the cabin, it was to be regarded as an act of condescension, for which the inferrior creatures were to be duly grateful. But there is a height to be reached by our this kind of thing, together with many other of the old time follies of the navy, is entirely out of date. Indeed it never should have heen permitted to exist at all in a republican navy.
The war knocked a great deal of nonsense out of the heads of army officers; and red chose to invite the staff upon the quarter whose fruit costs the public and all political

out of the heads of army officers; and red tape was cut so often by the keen swords of sensible soldiers like Grant and Sherman and State and to themselves; who can neither be Sheridan, that the whole method of army bribed nor tampered with; who go to Harrisetiquette has been changed to suit the de-mands of practical men and a practical age. But the navy still clings to its absurd forms. A precise amount of gunpowder is banged

But the ostracism practiced against staff | should begin at home. But the ostracism practiced against staff officers is the most offensive of all. Engi-neers, in this age of steam, are of just about TWELVE NIGHTS OF "TWELFTH NIGHT." neers, in this age of steam, are of just about as much importance as line officers; and quite as much ability and scientific skill are in literature, in the arts, and especially in the require as much ability and scientific skill are in literature, in the arts, and especially in the require as much ability and scientific skill are in literature, in the arts, and especially in the require as the periods when as much as in any other in literature as the ast of the scientific skill are in literature, in the arts, and especially in the in literature, in the arts as periods when as the period when as the scientific skill are in literature, in the arts and especially in the in literature as containing in the scientific skill are in literature, in the arts and especially in the is scientific skill are as containing in the scientific skill are in literature, in the arts are periods when as the scientific scientific skill are is scientific s required in their department as in any other. As far as our knowledge extends, the men public, dissipated and blazé, will revolt from MAGAZIN DES MODES. who belong to the engineer corps are gene- a high tragedy, or a genteel comedy, or a rally gentlemen, and altogether worthy to associate with gentlemen. Of the surgeons, who are agitating this matter against the bit-tinction is a flash of lightning, or a burning ter protest of sundry Rear Admirals and sub- | inn, or a half-drowned woman, or a railroad ordinate officers, the same may be said. If these men are fit to<sup>4</sup> hold such some kind, illustrative of the genius of the genius of the genius of the genius of the carpenter, or the painter, or anybody but the dramatist. Through such a cycle the Ame ordinate officers, the same may be said. If accident, or a grand "mechanical effect" of good enough to keep company with anybody. dramatist. Through such a cycle the Ame If they are not, it must be because respecta- | rican public, in Philadelphia at least, appears | ble physicians will not enter a service where to be passing. Can it be that it has already they are compelled to social degradation. Perhaps there are some good and some bad least the material for an answer to this ques-men in the corps, but the line officers also are then the source of they are competied to social dogradation particular and the particular of the material for an answer to this question. Perhaps there are some good and some bad least the material for an answer to this question. Isou Fibert street. Isou F into gentlemen. It turns out just about as the brave old comedy of Twelfth Nightinto gentlemen. It turns out just about as many stupid youths as any other school. And the probabilities are very much in favor of the surgeon being the most accomplished man. He graduates from his college after a severe examination, and then be is commalled in the case of characters for the sake of add severe examination, and then he is compelled ing to the lustre of the author's attraction. to undergo another similar ordeal before he But the clever men and women gathered \_\_\_\_\_\_

gratultously, and if he should prove a failure the between a couple of the sensational dramas the government fores hothing by him, as it of the period. Public and performers were docs in the case of the "others." His profes both taken by surprise. Shakespeare proved iston, too, is quite as respectable. On shore more attractive than even Yates or Daly. sion; too, is quite as respectable, of snore he may, associate with snybody if he is a gentleman, even with the navy men of the highest rank, who estracise him on ship-board. And medicine is just as diff-cuit a science as navigation or fighting Perhaps somewhat more so. It actresses and managers has found it expedirequires more skill to mend bones than to break them; and while recognizing the neces sity of war, we think the healing art rather more useful than the art of inflicting wounds. Cats! The claim of chaplains to social equality is even stronger. Their profession is recog-nized all over the world, as the highest; and it is so, on land or sea. It is in rather bad taste for a midshipman or a lientenant, or even an admirál, to affect a superiority to them; it proves either that such officers have little are quite a different set from those that go respect for religion or else a poor opinion of nightly to see bigamy, adultery, murder,

worthy of the gentlemen who belong to that line; and they themselves should be the first who have been driven away from theatre and must, so that there shall be no, invidious dis- assembled to see, a good performance of one must, so that there shall be no. Invitious dis-finction between officers of the same rank in different departments. This will not inter-fere with discipline, as has been urged. Men who are intelligent enough to hold position Mabille and the Bouffes Parisiennes are who are intelligent enough to how position indicate and and thorefore a to the second a second position indicate and and thorefore a to the second position obliged to confess that there is something outside of those choice fountains of inspira-will of the commander. 'Admiral Farragut, the that is attractive to a portion of the like a sensible man, takes this view, and the Philadelphia public. It is encouraging to see whole country sides with him, and demands in this a sign that popular taste has got some action from the national legislature, in through, or nearly through, one of its cycles behalf of the petitioners. LEGISLATIVE BEFORM.

The Pennsylvania Legislature is giving some indications of a determination to effect retrenchments of the public expenditures,

poses upon congress. Fublic opinion induction in geographic, and an on ment. Int. Fibrence has been in bad neathing, ever since the rebellion began, been them indicate directions in which better econ- for some time past, but is not reported as

thousands of dollars to the most obscure and unimportant Democratic newspapers, and SOCIAL EQUALITY IN THE NAVY. other thousands to a class of newspapers that We sincerely hope Congress will heed the petition of the Navy Surgeons that they and other staff officers shall have equal social rank other staff officers shall have equal social rank

always brought it into disrepute. In Dota branches of this body there are many pure and upright men, who are an honor to the State and to themselves; who can neither be A precise amount of gunpowder is banged off whenever an Admiral or a Commodore moves about; certain officers go up one side of a ship, and others are compelled to ascend the other; so many toots of a whistle are given to a captain, and so many less to a lientenant; and all the precise formality of that is absurd and childish. But the ostracism practiced against staff

ean enter the navy. When he gets his coun-miseion, he is, personally, the peer of any manager that this country possesses—Mrs. Ite has paid for his own education, while the line officers have received their's while the line officers have received their's

the value of their immortal souls. The fact is that this spirit of caste is unbreak it down. If they will not, Congress opera house by nastiness in recitation or song, of demoralization and vulgarity, and is entering a new cycle, in which there will be a recognition of intellect and decency as essen-tial elements in the drama as well as in all other arts.

The New York Tribune of to-day pub lishes an obituary notice of the Hon. Thomas another into the question of salaries. Some of these retrenching movements are doubtedly mode in mode fith and all another the *Tribune* is premature in its announce-
