Owing to the late hour of continuing the session of the House last night, the Committees of Ways and Means, Post-office and other committees held Hook Swinging in India. Mr. Noyes, a missionary of the American Board, stationed at Kambarn, in Southern India, writes that the barbarous practice of book swinging hos been partial in the of hook swinging has been revived in that section of India, and he describes an occasion of this sort which he witnessed last summer. While in this state, some person standing by gives him a severe blow on the back, which produces a slight swelling. The muscle is here pierced in two places, and openings are made sufficient for the in-sertion of the iron hooks, which are immediately introduced, and then pressure is applied on every side of the wound to prevent the issue of blood, greatly increasing the man's sufferings. The fact that no blood flows is regarded by the people as a miracu-City Reporter the tollowing items. They serve to illustrate the animosity and hatred with which the Saints regard the Gentiles, and they indicate very plainly the approach of serious trouble bethe man is taken to the machine upon which he is about to be suspended and swung about. "The victim is first swung around in a circle and then raised high in the air, while the multitudes below fill the air, with their shout—where the multitudes below fill the air, with their shout—where the multitudes below fill the air, with their shout—with the single post, and provided the manage is the multitudes below fill the air, with their shout—where the multitudes are fastered post.
