THE ARREST OF THE EIGHTRENTH DISTRICT POLICEMEN-RELEASE OF THE PRISORERS-EX PLABATION OF ALDERMAN DEVET. -- Messrs. At-PLARATION OF ALDERMAN DEVITT. — Messra. Andrew B. Irons and Thomas Hussey, whose arrest and committal to prison by Alderman Frank A. Devitt was notized in the Bulletin of yesterday, were released from prison yesterday aftermorn, about five o'clock, Mr. James Mulligan producing deeds for property satisfactorily to Alderman Devitt, and entering security for the resonance.

This morning, Lient. William Murray, of the This morning, Lient. William Murray, of the Eighteenth District Police, tendered his resignation to the Mayor, and it was accepted. He was appointed a policeman in 1858, and upon the breaking out of the war, he went into the Navy. In 1865 he was appointed Sergeant of the Eleventh District, and June 1, 1868, when the Eighteenth District was formed, he was appointed Lieutemant. He has always discharged his duty satisfactorily.

Eighteenth District, also resigned this morning.
The officers feel that they have not received the protection from the Mayor and Chief of Police which is due them. Messrs Irons and Hussey were allowed to remain in prison for thirty-six hours without any apparent effort upon the part of the Mayor or Chief to have them released. Hussey was taken about ten o'clock at night, while on his beat, and a few minutes after he had been in conversation with the Chief of Police on the subject. He told the the Chief of Police on the subject. He told the Chief that he understood that a warrant had been issued for his arrest, and asked if he should leave his beat. He was informed that if a warrant was produced he had better go, and in a very few minutes he was run from one end of the city to the other, leaving all the property on his best unprotected. Any other policeman is liable to be put to the same trouble and inconvenience, and the Republican officers of the District, wishing to avoid any such occurrences in the future, reavoid any such occurrences in the future, re-

avoid any such occurrences in the future, resigned.

This morning Mayor Fox sent for Alderman Devitt in order to have his explanation of the matter. Bistrict Attorney Sheppard was present at the interview, by invitation, as he had been consulted in the matter yesterday.

Ald Devitt said that on Tuesday morning, about 11 o'clock, William Boyce and some friends appeared at his office, and asked for a warrant for the arrest of a couple of officers—Andrew B. Irons and Thomas Hussey. Boyce made an affidavit. He said that he and some friends, on Satunday night last, were in a tavern on Brabant street, drinking and talking quietly together. A man who occupies the back of the house went out and told the policemen that those inside were quarreling. The officers opened the door. At this time Boyce deposed he was standing at the end of the bar, with his hands in his pockets, and Irons went up to him and beat him about the head with a black-jack. When making his statements he showed the cuts on his head and the bruless on his, arms, to the Alderman. Boyce made oath to his statement, and a warrant was issued for the arrest of Irons and Hussey, and placed in the hands of Francis Biley, constable of the Third Ward. This was between 11 and 12 o'clock on Tuesday morning. Irons was taken to the Alderman's office between three or four o'clock on the same afternoon, and had a hearing. He was in citizen's dress. Boyce was sworn and made his statement. Three or four witnesses were present, but were not examined, as Irons said that he didn't want to hear them. witnesses were present, but were not examined, as Irons said that he didn't want to hear them as frons said that he didn't want to hear them—that these men would swear to anything. He was then held in \$1,500 ball, and in default was committed. A separate warrant for the arrest of Hussey was then issued and sont to the constable of the Twenty-fifth Ward. He was arrested on that night, and had a hearing about half past ten o'clock. Boyce and his friends appeared. Boyce's evidence was taken, but the other men were not examined. Hussey said that he had no ball, and supposed that he would have to go to prison. He was told that he might have his choice of the Second District Station House or prison, and he said that he he might have his choice of the Second District Station House or prison, and he said that he would go to prison. The charge was assault and battery with intent to kill, and the bail demanded was \$1,500.

The Mayor—And you never increased it to \$3,000, or heard of \$3,000?

Alderman Devitt responded that \$1,500 was all that was demanded at any time. The next morning, about a quarter past nine o'clock, Officer

that was demanded at any time. The next morning, about a quarter past nine o'clock, Officer Robert Crumey and three others appeared at the Alderman's office. Crumey asked to enter security. The Alderman asked him if he would swear, and he replied, 'yes.' A Bible was taken out, but Crumey wanted to affirm. He was told that he could not be taken without producing his deeds. He pulled out a deed for property which he said was assessed at \$2,500, and said that he would enter bail for Hussey. He would not sign the ball piece, however, and was then told he could not be taken. One man steed for a transcript of the docket, but the Alderman told him that he had to go to court and would give him the transcript when he returned. He afterwards met the men at Sixth and Chestnut streets, and offered to give them the transcript. Yesterday afternoon James Milligan produced three deeds, and entered bail for Hussey. Afterwards he called again and entered bail for Irons. This concluded the statement of the Alderman. District Attorney Sheppard here remarked that

This concluded the statement of the Additional District Attorney Sheppard here remarked that a magistrate was legally entitled to require the production of deeds, but if he did it oppressively, or for the purpose of vexation, he was liable for misdemeanor in office. In this case if ball had been required in \$8,000 for the facts which had been brought to his knowledge, he should have considered it excessive ball, but the proceedings could only be removed upon habeas corpus. He did not consider himself the official adviser of the Shariff or Morars and the consider himself the official adviser of the Sheriff or Mayor, and it was for the parties injured and their friends to take the proper

Mr. Malcom presided, and after announcing the opening bymn and the singing of the same by the audience, he alluded to the occasion as one of vast importance to the Christian community, and stated that the topics for prayer would be God's blessing upon our Government, in its Executive, Legislative and Judicial Departments—that our rulers may be divinely guided and sustained—that they may give us patterns of plety—that our laws may be just and salutary—that our Babbath and sanctuary may be reverenced—that all who labor to evangelize men may be blessed—that our nation's wounds may be healed—that the Almighty may be exalted in the land and among the nations.

The Railroad Accident at Harrisburg.

The Hailroad Accident at Harrisburg.

The Harrisburg Telegraph of last night says:
Our city, this morning, was full of rumors of a
terrible accident on the Northern Central railway, some fixing the number of killed and
wounded at sixty, others at forty, and some at
twenty. One report was that a car loaded with
physicians, bandages, &c., had left this city at six
o'clock for the scene of the accident. These
rumors prove to have been greatly exaggerated.
An accident did, however, occur on the abovementioned road, in the neighborhood of seven

A passenger brakesman was slightly injured in the chest by being thrown over the brake wheel.

200 MILES REMAIN

March 2d, 1869.—By virtue of authority conferred upon the Mayor by the Act of the General Assembly of the Commonwealth of Pennsylvania, entitied "A further supplement to an Act," entitled "An Act to Incorporate the City of Philadelphia," passed the second day of February, A. D. 1854, a special meeting of City Councils is hereby called to be held at 4 o'clock, P. M., on Saturday, March 6th, A. D., 1869, to take into consideration matters affecting the street contractors, and the subject of cleansing the streets of the city; and also, to reconsider the ordinance passed by Select and Common Councils, entitled "An Ordinance to grant a certain privilege to the Germantown Passenger Rallway Company," which has been transmitted to the Mayor for his approval, which said ordinance he does not approve.

"Very respectfully.

"Dannel M. Fox,

"Mayor of Philadelphia." To be Finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about \$26,500 per mile, according to the difficulties encountered; for which the Government takes a second lien as security. Whether subsidies fare given to any other companies or not, the Government will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent. gold interest bonds of the U.S. (the '81's) will be due in 12 years, and they are worth 113. If they had 30 years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European invest ment is already considerable, and on the completion of the work will doubtless carry the price to a large pre-

SECURITY OF THE BONDS.

It needs no argument to show that a First Mortgage of 826,500 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is PERFECULT SECURE. The entire amount of the mortgage will be about \$30,000,000, and the interest \$1,800,000 per annum in gold. The present currency cost of this interest is less than \$2,500,000 per annum, while the gross earnings for the year 1868, FROM WAY BUSINESS only, on AN AVERAGE OF LESS THAN 700 MILES OF BOAD IN OPERATION, WERE MORE THAN

FIVE MILLION DOLLARS.

The details of which are as follows:

This large amount is only an indication of the immense traffic that must go over the through line in a few months, when the great tide of Pacific coast travel and trade wil begin. It is estimated that this business must make the arnings of the road from PIFTEEN TO TWENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the present is par and accrued interest from Jan. 1, in currency.

A NEW PAMPHLET AND MAP WAS ISSUED OCE. ist, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds can be given in an advertirement which will be sent free on application.
