The fire extended to a one-story frame shed on Willow street, above New Market, also ewned by John W. Middleton, and occupied by Gottlieb Frank, morocco manufacturer. This shed was totally destroyed. It contained sumac valued at \$1,000, which was insured.
The adjoining building was a large six-storied brick structure 20 by 40 feet, owned by John W. Middleton, and occupied by Gottlieb Frank as a manufactory and storehouse. The tannery was in the basement; the first story was used as a store room; the second as a stock and assorting room; the third as a finishing room, and the fourth, fifth and sixth stories for stretching and drying skins. This building took fire, and above the second story was entirely burned out. The stock on the first floor was rescued by the police and firemen and the books and papers were saved. The stock, fixtures and machinery in the other part of the building were destroyed or ruined. The damage to the building is estimated at \$3,000, which is partly insured in the Franklin Insurance Company. Mr. Frank estimates his loss at \$10,000. Upon this he has an insurance of \$5,000 in the Fire Association, and \$2,500 in the Germania Insurance Co. of New York.

Several other properties in the vicinity sustained some slight damage.

The total loss by the fire will reach about sixteen thousand dollars.

JUVENILE THIEF .- John Gurr, aged 11 years, was arrested yesterday afternoon in a house on Sixth street above Girard avenue. The premises had been entered through a cellar window. The had been entered through a cellar window. The padlock was then broken off of the kitchen door with a hatchet. The burean drawers, closets, etc., were ransacked, but as the occupants of the house are absent from the city, it is not known what has been stolen. Gurr had a companion who escaped. The prisoner was taken before Alderman Kerr, and was committed in default of \$3,000 ball.

STABLE ROBBED .- The stable of Mr. Edwin Greble, at Twenty-first and Sansom street, was broken into last night and was robbed of two sets of single harness, a white robe of wolfekins, a riding bridle and other articles. This is the third time, recently, that this stable has been robbed, and about three weeks ago the office of Mr. Greble, at his marble yard on Chestnut street, was entered and papers and books were defaced and scattered about. LARCENIES .- Durand Murray, colored, went

into Pierce's second-hand store, No. 4059 Market street, yesterday, and examined some furniture. while thus engaged he concealed a pair of boots under his coat. He was observed and arrested. Ald. Mauli sent Murray to prison.

William Dietz has been committed by Ald. Kerr for a further hearing on the charge of having stolen a coat from the front of a store, No.

THE ODD FELLOWS' CELEBRATION .- At a stated meeting of Welcome Lodge, No. 229, I. O. of O. F., held last evening at the hall, at Sixth and Cresson streets, P. G. Franklin Lawrence was chosen Chief Marshal, and P. G. Wm. Jacoby and P. G. James C. Horn, Assistant Marshals for the parade of the 26th of April next. ROBBED IN A CONCRET SALOON.—Arthur Henry

and H. Smith were arrested last night by Sergeant Dietz and Policeman Waterhouse, upon the charge of having picked the pocket of a man in a concert salcon, on Third street, below Cal-lowhill. They were taken before Ald. Kerr and were committed for a further hearing. ACCIDENT.-William Burk, aged nineteen

years, was caught in the paper machine at the Fiat Rock Mills, near Manayunk, this morning. and was injured in a shocking manner. It is thought that amputation of both arms will have

POLICEMAN FOUND DRUNK .- An individual who received an appointment of policeman for the Thirteenth District, on Thursday last, was found drunk upon the streets of Manayunk vesterday tenant Kelley, and his badge was taken from him.

## NAW CASTLE ITEMS.

A MEETING of citizens was held on Saturday evening to consider the water works project. Dr. J. Merritt was called to the chair, and Julian Janvier appointed Secretary. Geo. Gray, Esq., in a few explanatory remarks, stated the necessity of the proposed improvement and a resolu-

tion,
That the meeting deems it advisable that legislation should be procured authorizing the town of New Castle to pledge its credit to the amount of \$50,000 for the purpose of aiding in the erection of water works, if the people of the town shall decide by a popular vote to do so.

Wm. C. Spruance, Esq., proposed an amendance.

ment.

That a committee of three be appointed by the chair to apply to the Legislature for an act authorizing the Trustees of New Castle Common to raise by mortgage or other pledge—of the Common Land—such sum not exceeding \$50,000 as \$50,000 as \$60,000 as \$60,000

may be necessary to erect water works for the benefit of the town.

After considerable discussion of the benefit of the Lands to the town. After considerable discussion of the benefit of the Lands to the town, a committee of three (George Gray, James G. Shaw and Edward Challenger) were appointed to give notice to the citizens that an adjourned meeting would be held in the Court House on Tuesday evening, March 9th, 1869, for the purpose of discussing and acting on the above resolution and amendment.

Delaware Shad.—Quite a large number of men in this city are shad fishermen during the shad season. About the 20th of March they go down the river to meet the shad and proceed at once to business. They go in boats and take small houses with them which they plant along the shore, and which they occupy as dwellings while not at work. Heretofore the first shad caught have been sent by daily line to Philadelphia, where they command at retail a very high price, though most of the profits have gone into the hands of commission men. The fishermen would obtain but \$30 per hundred for shad that readily retailed at \$1 a piece. The first fish brought to Wilmington shad first been sent to Philadelphia and passed through the hands of the commission men; thus shad caught by our own fishermen, and sold by them at \$30 per hundred, were returned to us and retailed here at three times the price. But this year we learn that a daily boat will connect this city with the fisheries from the earliest part of the season to the latest; so we may expect to buy early shad on better terms than heretofore. We think our shad eaters will feel satisfied with this arrangement, as well as our shad catchers; whilst the Philadelphia middlemen may not have cause for congratulation. We hope the fishermen may begin soon, and bring on the shad. cause for congratulation. We hope the fisher-men may begin soon, and bring on the shad.—

Wilmington Commercial. Rejection of the Alabama Treaty—Ef-fect in England,

The London correspondent of the New York Tribuna writes: "The news of of the Senate Committee on the Alabama treaty, fell like a thunderbolt on the dull ear of the slowminded English public. Against probabilities and against evidence they have continued to hope for a ratification, and persisted in believing hope for a ratification, and persisted in belleving Mr. Reverdy Johnson's protestations, long after he and his work had been repudiated at home. The waking from such a delusion is not pleasant, and it is no cause for surprise that it should be accompanied by an outburst of petulance, even from those who have ordinarily been the clear-eighted friends of the country which in this matter they so completely misunderstood. The journals, and the more private seurces or organs of opinion, agree in declaring that America has missed a great opportunity, which is not likely to recur; that, at any tunity, which is not likely to recur; that, at any rate, England has done her utmost to secure an agreement, and that all future propositions must come from the other side."

-Traveling in Vermont has been marked by some novel incidents this winter. A Montpeller gentleman, on his way with horse and sleigh and gentleman, on his way what horse and stellar an hired man for a place twenty miles distant, was near his destination when the horse stepped out of the path and was instantly buried in the some The hired man, jumpleg out to rescue the horse, found himself in the same fix as the horse, except his head and shoulders. His employer with assistment shoulders. tonishment shouted, "Do you touch bottom?"
After a short struggle and some excitement, his reply was, "No, I am standing on the top rail of a fence—at least five feet from the bottom." They had the good luck to escape from the unpleasant predicament and return home.

-The tea plant is in successful cultivation some ten miles from Knoxville, on the farm of Captain James Campbell, where it has been grown for about ten years. It is said that East grown for about ten years. It is said that East Tennessee tea drinkers can easily raise their own tea with very little cost of trouble. The plant is a deep evergreen shrub, and grows about five feet high. It is hardy, and needs no protection from trosts. It bears an abundant crop, with beautiful iragrant flowers, in October. The following season it matures a seed, somewhat resembling the seed of our native hazel, and grows are readily. The ylgor and hardiness of this np readily. The vigor and hardiness of this plant, and its adaptation to the climate, have been tested. The tea produced from the leaves of the plant very much resembles in flavor the tea from Young Hyson plant.

The French Senate receives all sorts of curious petitions. A number of peasants in the Landes Department ask the Senate to apply to the Pope with the request to canonize the Empress for the heroism she displayed at the cholera press for the heroism she displayed at the choiera hospitals of Amiens in the summer of 1865. A notary public of Carcassonne petitions for the restoration of feudal noblity. A spinster lady prays for a law making the malicious killing of cats and dogs a felony. PHILADELPHIA, January 18, 1869. Messrs. FARREL, HERRING & CO.,

No. 629 CHESTNUT Street. GENTLEMEN: On the night of the 13th instant as is well known to the citizens of Philadelphia our large and extensive store and valuable stock of merchandize, No. 902 Chestnut st., was burned. The fire was one of the most extensive and destructive that has visited our city for many years, the heat being so intense that even the marble

cornice was almost obliterated. We had, as you are aware, two of your valuable and well-known CHAMPION FIRE-PROOF SAFES; and nobly have they vindicated your well known reputation as manufacturers of FIRE-PROOF SAFES, if any further proof had been required.

They were subjected to the most intense heat, and it affords us much pleasure to inform you that after recovering them from the ruins, we found, upon examination, that our books, papers and other valuables were all in perfect condition. Yours, very respectfully,

JAS. E. CALDWELL & CO. P. S.—THE ONLY SAFES THAT WERE EX-POSED TO THE FIRE IN CALDWELL'S STORE WERE FARREL, HERRING & CO.'S MAKE.

PHILADELPHIA, January 18, 1869. Messrs. FARREL, HERRING & CO.,

No. 629 CHESTNUT Street. GENTLEMEN: On the night of the 13th instant our large store, S. W. corner of Ninth and Chest nut streets, was, together with our heavy stock of wall papers, entirely destroyed by fire.

We had one of your PATENT CHAMPION FIRE-PROOF SAFES, which contained our principal books and papers, and although it was exposed to the most intense heat for over 60 hours, we are happy to say it proved itself worthy of our recommendation. Our books and papers were all preserved. We cheerfully tender our testimonial to the many already published, in giving the HERRING SAFE the credit and confidence it justly merits.

Yours, very respectfully, HOWELL & BROTHERS.

PHILADELPHIA, January 19, 1869. Messrs. FARREL, HERRING & CO.,

Gentlemen: I had one of your make of safes n the basement of J. E. Caldwell & Co.'s store, at the time of the great fire on the night of the 13th inst. It was removed from the ruins to-day, and on opening it found all my books, papers, greenbacks, watches, and watch materials, &c., all preserved. I feel glad that I had one of your truly valuable safes, and shall want another of your make when I get located. Yours, very respectfully,

OF THE

## UNION PACIFIC

RAILROAD

ARE NOW COMPLETED

As 500 miles of the western portion of the line, begin ning at Sacramento, are also done, but

200 MILES REMAIN

To be Finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about \$26,500 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. Whether subsidies fare given to any other companies or not, the Government will comply with all its contracts with the UnionPacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

### FIRST MORTGAGE BONDS

AT PAR

AND ACCRUED INTEREST.

By its charter, the Company is permitted to issue It own FIRST MORTGAGE BUNDS to the same amount as the Government Bonds, and no mora. These Bonds are a First Mortgage upon the entire road and all its equip-

THEY HAVE THIRTY YEARS TO RUN, AT SIX PER CENT., and both

PRINCIPAL AND INTEREST

### PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent, gold interest bonds of the U.S. (the '81's) will be due in 12 years, and they are worth 112. If they had 30 years to run, they would stand at not less than 195. A perfective safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European invest ment is already considerable, and on the completion of the work will doubtless carry the price to a large pre-

SECURITY OF THE BONDS.

It needs no argument to show that a First Mortgage of \$26,500 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is PERFECTLY SECURE. The entire amount of the mort gage will be about \$30,000,000, and the interest \$1,806,000 per annum in gold. The present currency cost of this interest is less than \$2,500,000 per annum, while the gross earnings for the year 1868, FROM WAY BUSINESS only, on AN AVERAGE OF LESS THAN 700 MILES OF ROAD IN OPERATION, WERE MORE THAN

### FIVE MILLION DOLLARS,

The details of which are as follows: Freight. ..... 2,040,223 19 Express...... 51.423 08 Miscellaneous..... 91,626 27 Government troops...... 104.077 77 freight...... 449,440 83 Contractors' men...... 201,179 09 material..... 968,430 82

This large amount is only an indication of the immense traffic that must go over the through line in a few months when the great tide of Pacific coast travel and trade wil begin. It is estimated that this business must make the earnings of the road from PIFTEEN TO TWENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the present is par and ac crued interest from Jan. 1, in currency.

A NEW PAMPHLET AND MAP WAS ISSUED OUT. lst, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds can be given in an advertisement which will be sent free on application.
