NEW YORK, March 9.—The bill preventing the certification of checks by the banks when the funds are not in the banks still attracts attention in monetary circles, and the refusal of most of the banks to certify checks for the bankers is the occasioning of considerable trouble and annoyance. The rumor current that Mr. Stewart has tween the Erie and the United States had been settled.

The Commercial Advertiser says it is now semi-officially affirmed that the check certification bill was signed by the President, and the banks, acting upon that understanding, are doing an extensive Wall street business, and openly declare that they cannot afford to suspend giving the customers the same accommodation substantially as formerly, and are accordingly resorting to various expedients for evading the letter of the law, hoping to secure the early ropeal. Mr. Schenck introduced a bill to reduce into one act and to amend the laws relating to internal revenue, and explained that it embodied all the modifications and changes made by the Committee of the Whole and by the House at last session, thus making the bill as perfect as possible, and he moved that it be referred to the Committee of the Whole on the State of the Union, and printed.

Mr. Maynard suggested that it be put on its passage at once.
