KEAN AND GROUGE FREDERICK COOKE. "When George Frederick was plying at Liverpool the managers found great difficulty in keeping him sober; but, after repeated transgressions, he solemnly promised not to (flend again during his stay. The Iwitchell (are in the United States Supreme Court. The case of Beorge S. Twitchell, Jr., petitioner. The case of George S. Twitchell, Jr., petitioner. against the Commonwealth of Peunsylvania, came up before the United States Bopreme Court yesterday. Mr. Hubbell, counsel for plaintiff in error, argued his motion for a writ of error to the Court of Oyer and Terminer and general juit dilvery of the city and county of Philadelphia, and the Supreme Court of Pennsylvania for the Eastern District. He said this question involved the life of a citizen of the United States, who came here claim-ing the right and protection afforded by the Con-stitution of the United States, and read the peti-tion to show that the petitioner was tried and summinon of the Danced States, and read the peti-tion to show that the petitioner was tried and convicted on the charge of murdering Mrs. Hill; that since these proceedings application was made to the Supreme Court of Pennsylvania for

This, Mr. Hubbel argues, was repugnant to the fifth article of amendment to the Con-sitution of the United States, namely: "In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the State and district wherein the crime shall have been com-mitted, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be conascertained by iAW, and to be informed of the nature and cause of the accusation; to be con-fronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, sud to have the assistance of counsel

He repeated, that in common law the means by which death was inflicted must be stated in the in-dictment.
