THE SAVING FUSH KURBERY .- No clue has as yet been obtained which would lead to the deyet been obtained which work to be the base testion of the bold and daring, robbers who so successfully made way with nearly all the bonds and sccurities which wore in the safe of the Bane field Saving Fund Society, at the S. W. corner of Twelfth and Chestnut streets. The details of the robbery will be found on the sixth page of to-day's Bullerin. That the thickes are experts is evident from the manner in which the work was done. The robbery has probably been planted for some time, and the movements of the watchman and the officers of the institution had been carefully studied. On the door of the safe are soveral marks which show that a close calculation had been made in regard to the optimitions upon the lock. The door of the safe was bored so that the drill would strike the point of the lever in the lock. When so struck the lock seems to have tumbled apart and than made the opening of the basement of the Academy of Natural Sciences, where it had evidently been thrown. This in-strument is supposed to have been one of those marks who have so successfully com-mitted one of the most daring back robberles tection of the bold and daring, robbers who so mitted one of the most during back robberles ever known in the United States. The detectives are actively at work, and it is to be hoped that they will be able to discover the thieves. The news of the most be denestication considerable consternation among the depositors, and a crowd gathered about the office this morn-ing. The window through which the thieves en-ter d was examined by many persons whose cu-riosity had been excited. Folicemen were sta-tioned about the premises, but there was no dis-order, among any of those who visited the place. No michey was paid out, and the following card has been lesned: "IN" BANEFICIAL SAVINGS: FIND, APRIL 5, F60—In come guence of the recent robbery of \* portion of the abeets of this institution, it is desired expedient by the Board of Margacers not to pay any money to deposit-ors for the present. considerable consternation among the depositore,

FUNERAL OF DR. ROBLEY DUNGLISON -This morning the obsequies of the lamented Dr Dunglieon took place, his residence, in Girard street, being thronged with his numerous friends. The procession moved at 11 o'clock to St. Stephen's Church, in Tenth street. The pall-bearcre were Franklin Peale, Esq., Hou. Edward King, Isaac Lee, Esq., Moncure Robinson, Esq., James S. Biddle, Esq., and George W. Nicharde, Erq. The remains were followed to the church by the family of the deceased, the Faculty of the Jefferson Medical College, the Managers of the Institution for the Bind, and the officers of the Institution for the Bind, and the officers of the Institution for the Bind, and the officers of which the deceased was a member. The church was filled with peo-ple, among whom were many men of cminence in the various professions The coffin was covert d with black cloth, and on a silver plate the inscription: Dunglison took place, his residence, in Girard plate the inscription: "Robler DungLison,

Born January 4th, 1798. Died April 1et, 1869. A beautiful cross of white flowers and many

A beautiful cross of white flowers and many cut flowers were placed upon the remains. The impressive service of the Episcopal Church was read by Rev. Dr. Wm. Rudder, assisted by the Rev. Phillips Brooks, the musical portions of the ritual being beautifully sung by the excellent choir of St. Stephen's. The deceased had ex-pressed a desire that no unusual display, musical or otherwise, should be made at his funeral, a ro-quest which was carefully observed. At the conclusion of the Burial Service, the fa-ingral procession left the church and proceeded to Laurel Hill, where the remains were interred.

SUNDAY SCHOOL ANNIVERSARY .- The exercises which attended the annual anniversary of the Sauday Schools, Trinity Church, located on Catharine street, yesterday, were of an extremely pleasant character. Long before the hour announced for the commencement of the exercises the Church was crowded to its utmost capacity by a large and appreciative audience, among whom we no-

Mr. Walraven buys from first hands, and conse-quently offers great inducements to his custo ar-ers. Persons wishing fire goods at low prices will co well to call and examine his stock.

THE EXPOSITION TO DAY .- If there were any necessity for it, we would say a word by way of inducing all our readers this atternoon to step into Mr. John Wanamaker's New Clothing Estableliment, on Chestnut street, and see the "Exposition."

the "Exposition." But the buildings have been thronged all the morning, and every than that was there is send-ing the other members of his firm, and the public acherally; and for once the necessity of newspa-ter comment is done away with. No one is dis-appointed, for the buildings, the stock of goods, the force of employes, and all the appointments of the establishment, are all that was promised, and more too. The satisfaction expressed on all eldes is foll of enconragement and any who may sides is full of encouragement, and any who may have had doubts of the success of this outerprise may banish them forthwith, for the thing is sure

may banien them forthwhen, is the the de-to go. The ladies manifest great interest in the de-partment of Boys' Ulothing, and ladies and gen-tlemen alike leave the "Exposition," determined to establish themselves as customers at the new Chestnut Street Clothing House.

OITY NOTICES.

N. E. CORNER CHESTNUT AND SEVENTH STBERTS. BINDER'S. Hair Cutting and Shaving artistically done.

THE CURING and SHAVING ACUSCALLY done. (5) THE MYETERY SOLVED. Chemists being unable to discover the ingredients in fragrant Sczonowr, which removes all stains from the teeth, and imparts such a peculiar rosiness to the gums, the jubic are horely informed that it is a pre-paration from the bark of the Quillana Seponaria or S. ap Tree of CP ill, imported for the first time into this constry for this special purpose. Such is the pu-rifying and innocuous effect of this rare botanical agent that ft removes discolorations from the most fragile textile fabrics, without injuring a single thread.
