EDWARD ATRINSON of Boston, will address a Meeting at CONCERT HALL, TUESDAY, May lith; at 8 o'clock P. M., on the Subject of Financial Reform. FREE ADMISSION. Reasonable Men, Men of Common Sense, are invited to attend. my162trp HOW IT'S DONE. A STRONG and massive woodc: 1 tank With croton water fill Up to the notch on upper plank, Now watch the master's will. Into this water Wolcott pours Something that changes all Into PAIR PAIRT and this restores The weak or sick who call. PAIN PAINT is made of water cold, Except THIS COMPOUND-what I told Are facts-can prove them true. "Tis simple water, too And if you drivk a pint of it, 'Tis harmless as the dew; Jump in the tank, lie down or sit, Can never injure you. Can never snjuré 700. Water alone is just as good, If human pores would fill, But oily fleen siways withstood Till Wolcorr changed the rill. What Wolcorr adds we do not know, "Tis doze as quick as thought; He every month to all will show How quick PAIN PAINT is wrought. He changes water into PAINT-This water penetrates Into the fleeh when sick or faint; There is no PAIN that waits. The fields will drink all full so quick, Evaporation starts: No heat or fever long can stick-: From body quickly parts. The smallest infant you can bathe With WOLOOTT'S PAINT all o'er nject it, or your limbs can lave Or wash your eyes when sore. Or wasn your eyes what both both All infarmation is extracts, And this is all its claim; "The done so quick you think ft acts Like magic, for its fame. Now, if plain water only could Reach the absorbent's base, It would be every whit as good As PAIN PAINT for the Case. As PAIN PAINT for the case, The water that exponence, And Painmas the fever out, And Painmust leave; it nover waits; One trial stops all doubt. Please use a little common secure. When Paint you buy or use, For when your Pain is great, immense, Small bottles don't abuse i Small bofties don't source.4 A great big surface sore and lame A plat or quart require, Now don't on Wotoorr lay the blame, Half ounce won't quench much fire. A thimbleful can't quench big flamce, 'T'will fifty, caraches cure; Use mother wit, ye men or dames; The way is plain and sure.

The way is plain and sure. A pint will only covit a V. And holds eight times or more Of dollar bottles; thus, you see. Three dollars saved in store. And you must add as much sgain Of water yot to PAINT. "The double strength; BADUOZ is plain For inidel or sain. Keep these directions in your mind. Then use and understand, For every pain you surely find This gives it its demand. Lawsor claifed what are facts.

l have related what are facts, Philosophy and cause Of PAIN PAINT, and just how it acts: 'Tis based on natural laws.
