OITY NOTIOES. SIGK PEOPLE generally bewail the loss of health, and many replace at Providence and wonder that He permits them to experience so much inconvenience and saffering. When man was created he was God's list and best work; but he violated the laws laid down for his government, and, as a necessary resuit, he must pay the penalty for the infractions of the directions given for us to prevent or avoid many of the "Ills to which the flech is heir to," if we will take the trouble to learn the structures and functions of our bodies and the means of preserving health. We congratulate our cuizens that they are now presented with an opporta-torizens that they are now presented with an opporta-torize of Professor James McClintock, M. D., to be com-menced at Concert Hall on the 17th inst, and which has always been distinguised as a liberalist, and as a recturer equalled by few, excelled by none, and his ex-perience as a physician and surgeon of forty years standing has been as extensive as any man's in this cuity.
