CHINESE MATERIA MEDICA. Vast superiority of our system over that of their apothery stores, one would suppose that the Chiwould follow their example but for their are appearances in this particular deceptive. timidity and a lack of the means of an introduction to our respectable physicians, and but the bill for the dread of larger bills than they might be here are in San Francisco a dozen or more ery profitable. These establishments emloy each, on an average, about four men in a scene between a sort of Man Friday of the South Sea Islands and his master, described and more remedies, gathered from every im aginable source. Every town in the country and scarcely an invoice of goods can go to the should be added to the bill of fare of every trader in the most distant mining settlements, reader of taste. It is a credit to the soil which produces it, and a real blessing in its degree to he railroad laborers, but medicines will occupy the rest of the world. It is now to be found prominent place in it. regularly and promptly at Turner's and other literary caterers. JAPANESE IMMIGRANTS.

be an extensive field for physicians who understand the nature and application of these sup-posed remedies; and this is found to be the case. The Chinese, wherever they go, are fol-Arrival of Three Families in San Fran-cisco—Several More Expected. [From the San Francisco Alta California, May 27.] lowed up pretty closely by men professing to be skilled in the healing art. There is, however a great diversity in the abilities and qualifica Herr Schnell a Prussian gentleman, for ten s of these physicians. Some, without any years past resident in the Northern Principalinedical education or training whatever, but ties of Japan, has arrived in San Francisco with ause nothing better offers, buy, beg, or borthree Japanese families. These families are row a set of medical books, put out a sign, and begin writing prescriptions for all who apply to them; while others have grown gray in the practice of their favorite art, having done scarce anything all their days but to study the diagsons are coming here for permanent settlement. he theories respecting the effects of every vathe theories respecting the effects of every variety of extraneous influence on diseases, as with them 50,000 trees of the Morus alba, three years old. This is the most tender leaf spirits.
Not only have Chinamen the audicity to cast adrift from one doctor and go in dacity to cast adrift from one doctor and go in ber of bamboo plants of the large variety, used large variety, used large variety and the large variety are tracked by the large variety and the large variety are tracked by the large variety and the large variety are tracked by the large variety and the large variety are tracked by the large variety and the large variety are tracked by the large variety are search of another, but (without seeming to ful for a thousand purposes. They are twelve ceived numerous congactulations upon the

they may be under the care of two or more physicians at the same time. Within certain limits such a course is entirely admissible, and in some circumstances neces-Herr Schnell was Interpreting Secretary to sary; for the practice of the healing art in the Prussian Legation, and latterly Minister of Finance to the Northern Principalities at war cialties, and it may happen that a patient may with the Mikado. He is complete master of be afflicted with a complication of diseases. the Japanese language, and was attached to ome external, some internal, so that two or hree or more physicians may need to be apcommand. The defeat of the North has oblige ied to, before, all of the patient's ailments him to seek elsewhere for peace and occupaave béen prescribed for; in which case the have been prescribed for; in which case the greatly afflicted individual may be subjected to will follow him and share his fortunes. Herr the necessity of making himself the receptacle of the stuff administered by several doctors at the same time.

This, however, according to Chinese notions of the internal structure of the body, is a less hazardous experiment than we western people. hazardous experiment than we western people, who allow ourselves to read, and to believe, bring many more industrial families. They bring many more industrial families. They the modern works on physiology and anatomy, would suppose.

There is now before us the medical with families brought up in the highest refinement. They fully comprehend our laws and isages and will conform to them. who, while he lays no claim to the rank of a It should be understood that the Japanese physician, is nevertheless frequently applied to advice. This library consists of only six prompt to repel insult and imposition. They cannot safely be treated as Chinamen often complete works, out of a list of two hundred and seventy-six medical works. In one o are. They come with their families; they bring these we find a catalogue of one thousand and skill and industry to develop our resources twelve medicines, of which there are from Herr Schnell means to buy Government land metals and stone one hundred and thirty-eight not in the valleys, which are unsuited, but in the Grasses and vegetables (including cheaper hill or mountain lands. These gravelly roots, stalks, leaves, flowers, and seeds), three oams are best adapted to the healthiest growt hundred and thirteen kinds. Trees (whether of silkworms and the finer qualities of silk; and

especially is it an axiom,"Hills for the fine teas, bark leaf, flower, fruit or seed), one hundre dales for the coarse." He knew that we were and seventy-seven. From the human body overstocked with common mulberry trees in twenty kinds. From animals, ninety-one kinds. nursery, with very few set out for permanent From fowls and birds, thirty-four kinds. From plantation, so he has brought his own trees. bugs, worms, snakes, shell-fish, turtles, flies, He does not intend to feed worms till his , ninety-nine kinds. Fruits, forty kinds. trees, now three years old, have another full Of the "five grains," thirty-eight kinds. Of the year's growth. The Japanese do not esteem cabbage, turnip and melon families, sixty-two ither eggs or cocoons fed, like ours, on cutkinds. In another work which lies before us ings scarce rooted in the nursery. Three feet there is a list of only four hundred and seventyeight medicines, of the same classes as above specified, but each class much abridged. Even the first, however, is not a complete catalogue as we have been told. The Chinese druggists in San Francisco claim to have upon their shelves from six hundred to a thousand varie- leaves, and thus the worm has always a cleanly We cite a portion of the list of medicines taken from the human body. "Hair-cut fine

taken from the human body. "Hair—cut fine and used in plasters. Curly hair. Woman's milk. Dandruff. Teeth filings. Ears. Exuvia. Farings of finger and toe nails of pregnant women, which nail-parings are reduced to askes by burning. Bone of the forehead, reduced to askes. Beard of the upper lip. Blood. The placenta. The gall; and other things which cannot be written in the Overland.

The sacredness with which human remains are usually kept may start a question in the minds of some as to the manner of procuring certain of the above-named articles. The doubt, however, will be removed when the reader understands that the bodies of felons who are executed, except where friends appear.

We give it approvat. Hert Scimen would not a thing year if he could find them of merchantable quality. But such if the could find them of merchantable quality. TELEGRAPHIC SUMMARY, From our late editions of Saturday GENERAL DULCE sailed for Spain on Saturday.

House I and the Bishop of Havana accompany Dulce to Spain.

An English family was recently murdered in Abussinia.

By the Atlantic Cable.

Brussells, June 5th.—The upper Chamber has confirmed the bill recently passed by the lower. House, to abolish imprisonment for debt.

London, June 5th.—The temperate speech An English family was recently influence of the Abyssinia.

The North German Parliament has adopted the Federal Budget.

A crisis in the French Council of Ministers is reported as imminent.

The Cortes have reduced the direct tax in The Cortes have reduced the direct tax in the London papers of this morning. The Times says:

"For our part, considering the demand of America, and the ready concessions of English and the ready concessions of the Salaman treaty; has elicited the following comments in the London papers of this morning. The Times says:

"For our part, considering the demand of America, and the ready concessions of English and the ready concessions of the Salaman treaty; has elicited the following comments in the London papers of this morning. The Engenie won the first prize in the race. The rejection of the treaty was more a lucky The Eugenie won the first prize in the race of the Royal Thames Yacht Club.

The volunteers in Cuba have resolved to remain peaceful until after the arrival of De Rodas.

The reflection of the treaty was more a lucky clames than the result of anybody engaged in behalf of Great Britain.

The Standard says: "The negotiations for the Alabama treaty failed because America hever intended them to succeed. If England now admits that it is her duty to renew her efforts for a peaceful settlement, it is without hope that our honest desire for such settlement will not be appreclated but by a small section of the American people. In the meantime, and thousands of insurgents in Cuba, have surrendered.

Roway Catholic Prelates are assembling at known, we should fold our hands and limit Roman Catholic Prelates are assembling at Roman Catholic Prelates are as

covered a conspirate, and several arrests have been made.

Simson has been elected President, and Prince Hohenlohe Vice President of the Parliament of the Zollverein.

This Dominican Government, it is reported, has concluded a loan of £40,000 with Hartmont, of London, England.

Dennis Keen, convicted of the murder of his brother-in-law, hanged himself in his cell, at East Cambridge, Mass., yesterday.

Mary Ann Sexton committed suicide, by cutting her throat, in Harrisburg, on Saturday. She leaves nine children.

John P. Bioelow has been appointed the constant of the preserve our national character and credit."

Madrin June 5.—Admiral Topete read Dulce's telegram, announcing his resignation as Captain-General of Cuba, before the Cortes last evening. Great excitement prevailed. Marshal Serrano asked for a suspension of judgment until the particulars in the matter were known. It is rumored that Dulce was recalled on account of his brother-in-law, hanged himself in his cell, at East Cambridge, Mass., yesterday.

Mary Ann Sexton committed suicide, by cutting her throat, in Harrisburg, on Saturday. She leaves nine children.

John P. Bioelow has been appointed

mairy Ann Senton committed suicide, by cutting her throat, in Harrisburg, on Saturday. She leaves nine children.

John P. Bioèlow has been appointed Chief of the Loan Branch of the Treasury Department.

Befork leaving the—Island, General Dulce removed General Lescas for bombarding a camp of women and children, and is ridiculed therefor by the Havana volunteers.

A meront says that the Governors of Cardenas and Colon, Cuba, have been removed by the volunteers, who propose to establish a triumvirate until tranquillity is restored.

The steamers Florida, America and Quaker City are expected to arrive at Hayti soon, to operate against Salnave, in the interest of General Saget.

The Washington Association of Republican Pennsylvanians, resident in that city, have elected delegates to the State Convention, to be held here on the 23d inst.

The Executive Committee of the Society of the Burnside Expedition and Ninth Army Corps have designated July 7 as the time, and Rocky Point, R. 1., as the place, for holding the annual reunion of the society.

On the 8th or 10th of May the Cuban insurgents and Puerto Principe, and captured Nuevitss gents attacked the convoy of a train between Nuevitas and Puerto Principe, and captured forty-three men and officers, including a colodo order.

PORT OF PHILADELPHIA-JUNE

...June ...June ...June

HENRY WINSOR, GEORGE N. ALLEN, MONTHLY COMMITTEE. Spencer M'llyaine, Henry Sloan, Samuel E. Stokes, James Traquair, Ass't Secretary. THE COUNTY FIRE INSURANCE COM-PANY.—Office, No. 110 South Fourth street, below

west Kainsas report additional Indian hostilities. The Indians are rawaging the settlements along the Solomon and Republican rivers, and have driven white settlers from Jewell and Mitchell counties, killing nearly twenty of them.

An Augusta despatch gives a report of the disclosure by a negro of a plot to burn the town of Lexington, Georgia, and massacre its inhabitants. While the Sheriff's posse were arresting negroes implicated, one of them resisted, whereupon they shot him dead.

In the case of James Weaver, a citizen of Texas, convicted of murder by a military commission and sentenced to be hanged, Attorney-General Hoar has given an opinion sustaining the legality of the military Court, and standing that he sees no reason for the President withholding his approval of the finding. The Attorney-General holds that military trials are authorized by the ecconstruction acts of Congress, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to agrees, which has power to declare war and to accelare when wir is ended. The rights of war agreed to the propose of John L. Hodge, M. B. Mahony, John T. Lowis, Wm. S. Graut, Robert W. Leaming, D. Clark Wharton, Lawrence Lowis, Jr., John B. WUCHERER, President.
