some enterprising officials. This is a bit of precious rascality which deserves further inves-tigation. Everybody knew that the Indian Now, this story may not be true. It may be only an ingenious falschood devised to excite Radical Senator wanted a pleasure trip" free of Now, this story may not be true. It may be ave Mr. Ramsey this commission because "a Radical Senator wanted a pleasure trip" free of Parker will do himself honor, and the country

charged with felony, than he is to be trusted with the Presidency of a Bank?

When the rioters in the Susquehanna Railroad war became dangerously violent, Demo-cratic Governor Hoffman of New York threatened to call out, the militia and suppress he disturbance by force. The Democratic Journal of Commerce yesterday demanded that the unruly coal miners in this State should be kept in order by soldiery, and declared that "the whole military force of the United States could be relied on for that purpose." So it appears, after all, that the Democracy have not such a horror of "military interference with the civil power," and of "military despotism" as we have been led to believe by the howling of their organs against the Congressional policy in the Southern States.

----We are sorry to see that the Washington Monument Association have cleared away time of its erection, has been left to be a perpetual eve-sore to all who visit and admire this otherwise beautiful piece of workmanship and A First-Class Residence art. The worst of it is, that the workingdrawings of the pedestal are correct and there was therefore no excuse for this awkward blunder. Why the Association settled with

Sectors, waster internation into the market than hias been witnessed for some time past. Central opened at 210; rose to 213; from which it fell to 2112; and tinally rallied to 212; Hudson River opened at 187; advanced to 190, fell to 187; and rose to 189; Harlem opened at 165, rose to 166; and declined to 165. The balance of the market, was firm, and, on the whole, a little better. The chief activity in Western shares was in Northwestern, Rock Island and Michigan Southern. The miscel-and advanced to 83]. Adams Express sold from 59] to 58].

from 591 to 581. A Full-Size Flying-Machine. TELEGRAFH.]-LUG. 12-Arrived, ships Midnight, from Boston, and Uccan Rover, cured, ships Sharpshoeter, for sacks of wheat. Sailed, ship Rederose s of wheat. Sailed, ship Rederose ancks of wheat. Lizzle Williams, is of what. Suidd, ship Redcoss of construct an improved Avitor of large size. The opinion of the engineers of the company was manimous as to success of far, and the facibility and success of the projected flying-ship. It will be about 160 feet in length, 20 to 40 feet in flaineter of the gasometer, with propellers are shaped like a steamship's, with two blades; each, very light. They will be diven by a steam engine of five horse-power, weighing, with boller, connections and water, 430 pounds. The planes on each side for floating the machine will be about 20 feet wide at the centre of the machine, and made in sections; so they can be depressed or elevated at pleasure with the rudder, or tail. The made in sections, so that in the event of accident to rule section the remainer will be made in sections, so that in the event of accident to rule section the remainer will be sufficient for all practical purposes; indeed, it is settions?

made in sections, so that in the event of acci-dent to one section the remainder will be suf-ficient for all practical purposes; indeed, it is claimed that the ship can fly through the air vith such speed that the sustaining power of the planes alone will be sufficient to maintain power of the planes alone will be sufficient to maintain the Avitor in mid-air. The gasometer will be made, probably, of thin muslin or silk, satu-inted with gutta-percha. It is to carry four persons, and will be ready for trial in 60 to 90. days. The result of this experiment will be looked for with great interest all over the country.—San Francisco Bulletin.
