[Special Despatch to the Phila, Evening Bulletn.] WASHINGTON, August 14.—The Southern Washington, August 14.—The Southern Democratic papers received this afternoon nearly all have very bitter articles against President Grant for endorsing the Radical Republicans of Mississippi. Those in Virginia abound in sentiments which indicate apprehensions that President Grant will repudiate the Walker wing of the Republican party of that State. Uncasiness is felt among the Conservatives at the announcement that President Grant will support General Canby in exacting the test oath from the members-elect of the Virginia Legislature, and there are signs of yielding to the demands of the Radical Republicans in cting a compromise.
